

# Job & Internship Opportunities in the Environmental Field

Organization	Job/Internship Description	Deadline
<b>Environment Advocacy/Policy</b>		
<p><b>Alliance for Climate Protection</b></p> <p><i>All Years</i></p> <p><u>Location:</u> Washington DC</p>	<p><b><i>Online Outreach Organizer</i></b></p> <p>Primary responsibility will be fostering and maintaining relationships with key organizations, both environmental and others outside groups who have a shared mutual interest; proactively reaching out to groups and coalitions (religious, business, students, hunters, etc.) to educate and cultivate potential opportunities to collaborate on projects or initiatives that will help promote and amplify the Alliance's mission. Strong appreciation and understanding of campaigns and field related activities; possessing the ability to develop and deploy "micro campaigns" online that compliment ongoing efforts currently being undertaken by the Alliance both online and offline; possess the ability to recruit, educate and persuade outside individuals and organizations to join these initiatives as part of the overall campaign; have a strong understanding of field activities, online tools and how to incorporate them into online campaigns and activities with an offline capacity that ultimately compliments each other. <a href="mailto:aleza.remis@climateprotect.org">aleza.remis@climateprotect.org</a> <a href="http://www.climateprotect.org">http://www.climateprotect.org</a></p>	
<p><b>Friends of the Earth</b></p> <p><i>Graduates</i></p> <p><u>Location:</u> DC</p>	<p><b><i>Federal Dirty Fuels Campaigner</i></b></p> <p>Friends of the Earth U.S. and our network of grassroots groups in 77 countries fight to create a more healthy, just world. We're hard-hitting, progressive environmental advocates that pull no punches and speak sometimes uncomfortable truth to power. Our current campaigns focus on clean energy and solutions to global warming, protecting people from toxic and new, potentially harmful technologies and promoting smarter, low-pollution transportation alternatives. We are seeking to hire a talented and dedicated individual to augment our efforts to stop the use of dirty fuels such as oil shale, tar sands, biofuels and liquid coal. <a href="http://www.foe.org/federal-dirty-fuels-campaigner">http://www.foe.org/federal-dirty-fuels-campaigner</a></p>	Until Filled
<p><b>Atlantic States Legal Foundation</b></p> <p><i>Junior, Senior</i></p> <p><u>Location:</u> Syracuse <u>Hours:</u> Flexible</p>	<p><b><i>Environmental Support Intern (unpaid)</i></b></p> <p>Atlantic States Legal Foundation (ASLF) was established in 1982 to provide affordable legal, technical and organizational assistance to individuals, community groups, and other Non-Governmental Organizations (NGOs), as a way to effectively remediate threats to the natural environment. Our purpose is to protect and restore the quality of the natural and human environment. Perform a variety of tasks, including data entry, correspondence, filing, research, etc. Interns will be expected to organize public education events, keep the library in order, create a proper mailing list for sending and distributing materials, and contribute in the production of newsletters and fact sheets. Students are expected to work for at least three hour blocks of time and can put in up to 15 hours per week. Must have interest in environmental problems and solutions, self-motivated, organized and dependable, Windows experience necessary. Please email a cover letter, resume, sample of writing (such as a paper about environment), &amp; available days/times to Patrick Sullivan at <a href="mailto:patrick.sullivan@aslf.org">patrick.sullivan@aslf.org</a>. <a href="http://www.aslf.org">http://www.aslf.org</a></p>	Until Filled  Fall or Spring Internship

<p><b>Atlantic States Legal Foundation</b></p> <p><i>Junior, Senior</i></p> <p><u>Location:</u> Syracuse <u>Hours:</u> Flexible</p>	<p><b><i>Project Support Intern (unpaid)</i></b></p> <p>Atlantic States Legal Foundation (ASLF) was established in 1982 to provide affordable legal, technical and organizational assistance to individuals, community groups, and other Non-Governmental Organizations (NGOs), as a way to effectively remediate threats to the natural environment. Our purpose is to protect and restore the quality of the natural and human environment. This position will involve working with both our “green infrastructure” and “deconstruction” projects creating educational materials and events for local residents and businesses, and working with the local community to build consensus about the advantages of these projects to both the local workforce and property owners. Please email a cover letter, resume, sample of writing (such as a paper about environment), &amp; available days/times to Patrick Sullivan at <a href="mailto:patrick.sullivan@aslf.org">patrick.sullivan@aslf.org</a>. <a href="http://www.aslf.org">http://www.aslf.org</a></p>	
<p><b>U.S. Environmental Protection Agency</b></p> <p><i>Sophomores, Juniors</i></p> <p>Summer Fellowship</p>	<p><b><i>National Network for Environmental Management Studies (NNEMS) Fellowship</i></b></p> <p>Students who are awarded NNEMS fellowships are offered a unique opportunity to gain research and training experience directly linked to their undergraduate or graduate studies. NNEMS fellows conduct research projects to augment their academic studies, which EPA supports with financial assistance. The NNEMS program is managed by the Environmental Education Division within EPA's Office of Children's Health Protection and Environmental Education. The purpose of the NNEMS program is to: Provide students with practical research opportunities and experiences in EPA's program and regional offices and in its laboratories ; Increase public awareness of and involvement in environmental issues ; Encourage qualified individuals to pursue environmental careers; Help defray the costs associated with the pursuit of academic programs related to the field of environmental protection, such as pollution control, science, engineering, technology, social science, and specialty areas. See Brandi at Career Services for more information <a href="http://www.epa.gov/enviroed/students.html">http://www.epa.gov/enviroed/students.html</a></p>
