

GEOSCIENCE

TEACHING FELLOWS

HWS Center for Teaching and Learning

Geoscience Teaching Fellows are here to help!

What do Teaching Fellows do?

- Help peers adapt to a subject's discourse.
- Offer support for multiple course levels.
- Promote academic interaction between students and faculty.
 - Act as learning facilitators in a collaborative atmosphere.
 - Provide support for **ENV 110- Energy** and **ENV 120**
 - Talk with students about geoscience concepts and ideas.
- Assist students with labs, problem sets, and study strategies.
 - Help students articulate ideas and pose questions.

Come enjoy some popcorn and snacks while learning useful Geo concepts!

Who is the GEOSCIENCE Teaching Fellow?

Patrick Gunn '13

Fall 2011 Weekly Schedule (Lansing 105)
