TEACHING FELLOWS

HWS Center for Teaching & Learning

What Teaching Fellows do:

- ❖ Act as learning facilitators in a collaborative atmosphere.
- ❖ Help their peers adapt to a subject's discourse.
- ❖ Offer support for multiple course levels.
- ❖ Promote academic interaction between students and faculty.
- ❖ Assist students in developing the skills to solve problems on their own; they will not provide answers to graded assignments.

Stop by to work on problem sets and homework assignments, go over questions from your textbook, and review and clarify material for class.

Physics Teaching Fellows

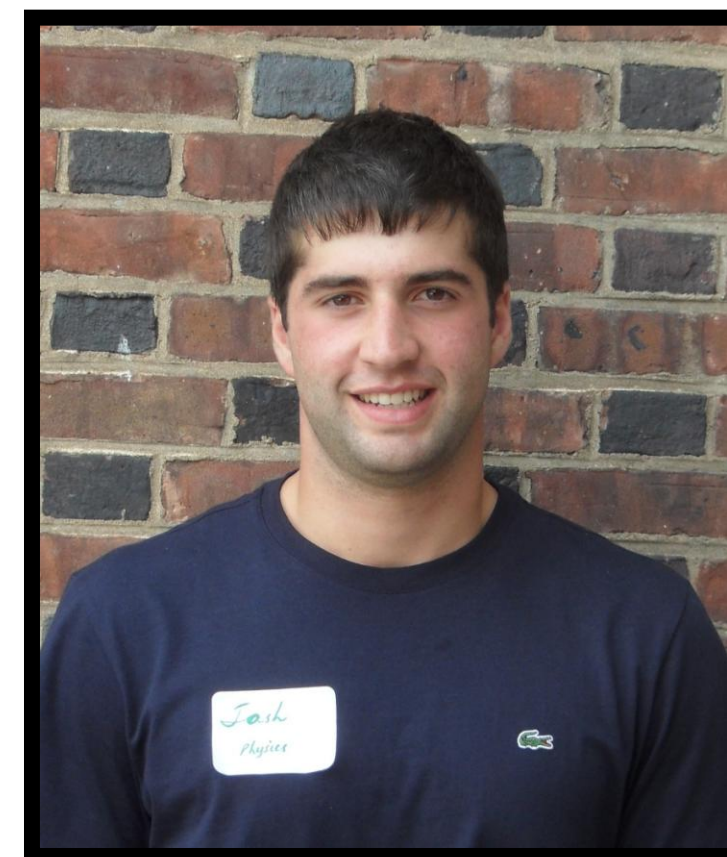

Andrew Coogan ('12)

Julie Hembeck ('12)

Marcela Melara ('12)

Joshua Moss ('14)
