

## Mabel Farnum and CGE Travel Grants

The CGE has two small travel assistance funds available to students accepted to participate in HWS study abroad programs. The Mabel Farnum Travel Grant is for William Smith Students while the CGE Travel Grant is available to Hobart students.

The grants are for partial air travel support to and from the program site. The amounts are very small (normally not more than a few hundred dollars) but can be helpful in assisting program participants meet travel costs. The overall amount of money available is limited and we will only be able to assist a few students. **The grants will be awarded strictly on the basis of unmet need as defined by the Financial Aid Office.**

We will email all students an application form for these grants in the semester before their departure (normally in September for spring programs and in February for fall programs).
