Why become an Honorary Board Member?

The Center for Community Engagement and Service-Learning seeks to provide **upper-class** (sophomores, juniors, and seniors) HWS students with an opportunity to learn and apply practical leadership skills within the context of a non-profit executive board. The student would serve as a regular member of the board, with all duties implied, but without the financial commitment or voting privileges (unless organization chooses to allow both voice and vote). Throughout the experience, the student would acquire information about the issue the non-profit addresses and existing outreach efforts. Additionally, in this specific capacity, they'd be able to serve as a liaison between campus and the community
