

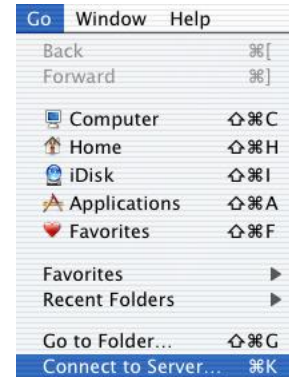

Mapping Network Drives (M, N and I) Mac OS 10.4

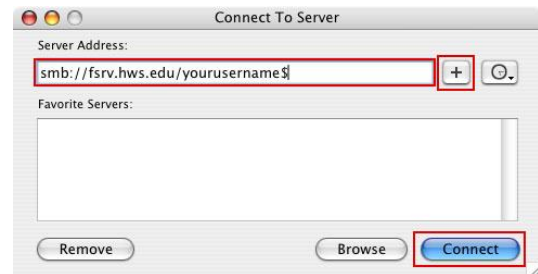

1/9/2007

To map your HWS network drives:

1. Click on the **desktop**
2. On the main menu, click **Go > Connect to Server**

3. In the Connect to Server dialog box, type in the **Server Address** for the drive you want:
 - M: drive is **smb://fsrv.hws.edu/yourusername\$**
 - N: drive is **smb://fsrv.hws.edu/pccommon**
 - I: drive is **smb://fsrv.hws.edu/netcommon**

4. Click the **plus sign** to add the address to your favorites
5. Click **Connect**
6. When prompted to enter your domain, username and password, the domain is **HWSMICRO**, username is your **HWS username**, and password is your **HWS password**
7. Click **OK**

If you have any questions using these directions or to provide feedback, please e-mail helpdesk@hws.edu or call ext. 4357.
