

# Scan for Viruses with Sophos Anti-Virus Macintosh 10.4

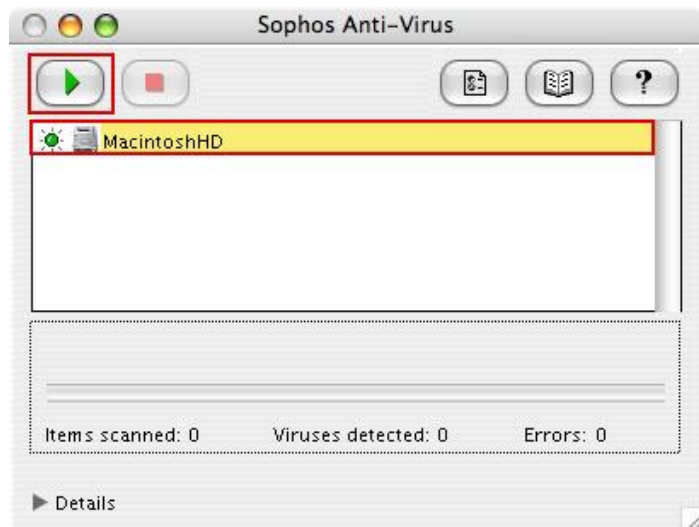

8/28/2007

## To scan your computer for viruses:

1. On the menu bar, go to **Sophos**  
> **Open Sophos Anti-Virus**

2. In the Sophos Anti-Virus window, select your  
**hard drive**

3. Click the **green arrow**

A Sophos Anti-Virus log  
will appear on your  
desktop. The scan may  
take 30 to 90 minutes.

4. When the scan is done, click  
**Sophos Anti-Virus** > **Quit  
Sophos Anti-Virus**
