Multi-Designated Courses

There are limited number of instances in the Schedule of Courses in which classes fall into two unique categories: (1) Within Subject -- classes with multi-level course designations (eg. ANTH 323/423) and (2) Cross Subject - classes which have multiple designations but the same course content (eg. ARCH 351/ENV 351). These classes are viewed by the Colleges as "class equivalents" and students are only permitted to take one of the equivalents for credit toward their degree. Students should also be aware that for the within subject classes in category (1) there will be students that are taking the course at different levels and this will include differences in assignments, etc.

Multi-Designated Courses

There are limited number of instances in the Schedule of Courses in which classes fall into two unique categories: (1) Within Subject -- classes with multi-level course designations (eg. ANTH 323/423) and (2) Cross Subject - classes which have multiple designations but the same course content (eg. ARCH 351/ENV 351). These classes are viewed by the Colleges as "class equivalents" and students are only permitted to take one of the equivalents for credit toward their degree. Students should also be aware that for the within subject classes in category (1) there will be students that are taking the course at different levels and this will include differences in assignments, etc.
