GREEK RECOGNITION AND CHAPTER ACCREDITATION

Being a Recognized Greek Chapter

Hobart and William Smith Colleges seeks to recognize and support Fraternal organizations whose purpose and practices are consistent with those of the Colleges. Through this support, the Colleges acknowledges the value of Fraternal life and the benefits of participation in a Greek-letter organization. In instances where a chapter or its members operate in a manner that is found to be contrary to the mission of the Colleges and its students, Hobart and William Smith reserves the right to revoke or suspend recognition of the chapter, and to expel the chapter from the Colleges.

Terms of Recognition

Recognition is the formal process by which Hobart and William Smith Colleges agree that a Fraternal Organization may function on the campus as any other recognized student organization, by enrolling members and by identifying its chapter with the Colleges. Recognition of a student organization does not imply the Colleges’ sponsorship of or responsibility for the activities of the organization, nor does recognition authorize the organization to act on behalf of the Colleges.

The Recognition Process

In order to be recognized as a Fraternal Organization at Hobart and William Smith Colleges, each chapter must register annually with the Student Activities Office beginning on October 1, 2010. Each chapter must submit the following documents in order to be recognized:

1. A current constitution and bylaws.
2. A completed registration form available in the Student Activities Office.
3. An updated membership roster of at least four HWS undergraduate members. The overall grade point average for the chapter must be at least 2.5.
4. A certificate of commercial general liability insurance (with no host, liquor, or hazing liability exclusions) to the College’s satisfaction in the amount of $1,000,000 per occurrence, $2,000,000 aggregate, naming the Colleges of Seneca as an additional insured, using the following language in the certificate: “The Colleges of the Seneca, its trustees, officers, employees, and volunteers, are hereby declared to be an additional insured under the terms of this policy. This insurance will not be canceled, non-renewed or modified without thirty (30) days written notice to the Vice President for Administrative Services.” The Colleges may modify this requirement under certain circumstances.
5. A new member education program that is approved by its respective national association and submitted prior to membership intake. The chapter must conduct its new member program in accordance with the letter and spirit of HWS policy, inter/national organizations’ policies, and the New York State laws prohibiting hazing. No new member program may last more than seven (7) weeks and must conclude no later than three (3) weeks before the final examination process begins. Students who participate in recruitment processes must be in good standing both academically and socially, be at least of sophomore standing and have a cumulative GPA of at least 2.5. Bid rosters and new member initiation rosters must be completed and submitted by the requested times.
6. New member anti-hazing contracts must be signed within 24 hours of accepting a membership bid or offer and submitted to the Student Activities Office within 48 hours of signing. In addition, all new members are required to attend an HWS sponsored anti-hazing program during the new member education period.
The Recognition Process (cont.)

7. Names, addresses and telephone numbers of at least 3 alumni advisory board members.
8. For chapters with housing facilities, completed housing rosters and dining information submitted to Residential Education and the Student Activities Office by the first Friday of each semester.
9. Develop an annual Chapter Development Plan that outlines the chapter’s specific purpose and goals for the current year and submit it to the Director of Student Activities beginning January 27th of each Spring semester. The Chapter Development Plan must include information on how the chapter will work to attain the purposes and goals of the organization in terms of the Chapter Accreditation Program.

Chapters Must Agree to the following standards:

1. Maintain a HWS Faculty/Staff Advisor and at a minimum, meet monthly with this advisor.
2. During all school closings, including fall, holiday, spring, and summer breaks, each fraternity, both HWS-owned and Non-HWS-owned must leave its respective house and surrounding landscaping, if applicable, clean, orderly, and meeting all fire, safety, and health codes and standards.
3. An action plan detailing the chapter's corrections due to any major violations cited on the fire, health, and safety inspection report will be submitted to the Director of Student Activities within two weeks of citation for review.
4. Comply with the College’s Event Request Process in order to have functions at their respective houses. Party areas of chapter houses, both HWS-owned and Non-HWS-owned, must be restored to original, normal use by 2:00PM on the day the social activity concludes.
5. Chapter president must attend bi-weekly meetings with the Student Activities Office.
6. Each chapter must host at least one alumni weekend per accreditation year. Schedule of events and attendance list must be submitted at the requested times.
7. Each chapter must send out an alumni newsletter twice per accreditation year. A copy of each newsletter and list of alumni to whom the newsletters were sent must be submitted to the Student Activities Office.

Fire Safety Expectations

Each chapter will comply with the following minimum fire safety requirements. This list is provided for informational purposes only and is not intended to supersede the requirements set forth by the Colleges.

1. Entry to the chapter house will be maintained on the HWS key system.
2. Fire extinguishers and automatic fire extinguishing systems must be accessible and checked annually (or after use) to ensure they are in working order as required by NY State Fire inspectors.
3. Fire escapes and stair towers must be kept free of obstruction and litter and may not be used as storage areas.
4. Combustibles may not be stored near the furnace.
5. Fire doors must be kept closed at all times, be maintained in working order and be accessible.
6. All exit doors and emergency hardware must be maintained in working order.
7. All exits must be properly marked and exit lights kept in working order.
8. Emergency lights must be provided and maintained in working order.
9. Fire alarms must be maintained in working order and will be checked on a regular basis by the Colleges.

Compliance and Evaluation

This document outlines the minimum standards that must be met by each fraternity chapter to maintain recognition by the Colleges. Because the Colleges are interested in the total experience of men who affiliate with Greek-letter organizations, we conduct an annual evaluation. This includes a review of their Development Plan, an Accreditation review and the Chapter President’s Report to monitor the quality and nature of the experience. The purpose of this process is to assess if each fraternity is in compliance with the mission of the Colleges and the Fraternal Organizations they represent.

There are three phases to the Council on Fraternal Life evaluation process:

1) **Chapter Development Plan**: The Chapter Development plan is developed by the President of the Chapter and submitted to the Director of Student Activities starting January 27th of each Spring term. The Plan should outline the action steps that Chapter will take over the next year to meet the Chapter Accreditation Program requirements, to be a recognized Chapter, and to improve overall as a chapter. The plan will be reviewed periodically throughout the year with the President by the Director of Student Activities.

2) **Chapter President’s Report**: The President’s Report is submitted twice per accreditation year by May 11th and September 30th. The President’s report is a narrative reflecting on the Chapter’s Development Plan, and revising the plan if need be. This will aid the President in reflecting on the past, the accomplishments and challenges of the Chapter, and recommendations for the future.

3) **Chapter Accreditation Program**: An Accreditation report is due by the December 10th each year detailing how the chapter met (or exceeded) the Accreditation requirements.

In addition, each fraternity will be required to meet monthly with their Chapter Advisor to reflect upon their progress and include reflections from these meetings in their monthly reports.

Any Fraternal Organization that does not meet the minimal standards set forth above in this document and/or meet the minimum requirements set forth in the Chapter Accreditation Program will meet with The Council on Fraternal Life for review. The Council will make determinations on appropriate sanctions against the Chapter for not meeting the minimal standards which can include, but are not limited to: educational sanctions, conditional recognition, loss of recognition, probation, or suspension.

In order to appeal their sanction, the chapter must submit the following: a written, detailed appeal letter clearly addressing the concerns along with the chapter evaluation that must be submitted no later than 10 days after receiving the decision. This appeal will be reviewed by the Dean of Hobart College.

Chapter Accreditation Program

I. **Rationale for an Accreditation Model**

Fraternities were created with the strong belief that close association with fellow college men will aid in the building of friendship and the promotion of excellence in academic, community and social life. The fraternity men at Hobart College today are proud to still uphold these beliefs and as a testament to this, an accreditation model should be created such that the fraternity men are willing to recognize the true meaning behind the fraternity system as well as promote and help to further benefit the social and academic well-being of the Hobart and William Smith Colleges community. This accreditation model is also supported by the following assumptions:

A. Fraternities are an integral process of the educational environment at Hobart and William Smith Colleges and are expected to support the values held by the Colleges.
B. The Colleges recognize the benefits provided by the fraternal organizations that exist outside of the classroom.
C. Mutual responsibility is necessary between the Colleges and the fraternities; thus fraternities, by way of an accreditation model, are held accountable to the Colleges.

II. **The Accreditation Areas of Evaluation**

The accreditation process shall cover four specific categories, and each category shall have a minimum value of points that must be achieved. A fraternity can and should strive to meet more than the minimum point requirements.

Total 550 Points

*Point Allocation*

Points for activities shall be determined by the model itself based on documentation provided by the fraternity to the Director of Student Activities throughout the year. Specific documentation forms shall be located in the Student Activities Office and must be filled out and returned to Student Activities on the last business day of each month. The Director of Student Activities will then approve the points and inform the College that the fraternity has completed its accreditation process. The purpose of the Director of Student Activities approving the point evaluation of the fraternities are:

a) To provide consistency in the accreditation process;
b) To simplify the process;
c) To provide a well-informed viewpoint from interaction with the fraternity.
III. The Evaluation Period

The evaluation will cover a calendar year to coincide with the fraternity President’s term of office. Accreditation shall take place the week before final exams of the Fall term. The accreditation process will evaluate a chapter’s progress in the series of categories listed under “Accreditation Areas of Evaluation” on the previous page. A chapter may earn one of four designations during the accreditation program:

- **Level 4**: The fraternity has exceeded the minimum point value totals in all categories.
- **Level 3**: The fraternity has achieved the minimum point value totals in all categories.
- **Level 2**: The fraternity has failed to meet the minimum point values in one specific category but has achieved the overall minimum point value totals.
- **Level 1**: The fraternity has failed to meet the overall minimum point value total in more than one category.

As part of the evaluation process, a meeting shall be held within the first two weeks of the Spring term at which the president of each fraternity shall meet with the Director of Student Activities as a means of becoming familiar with the accreditation process.

IV. Failing to Meet Minimum Fraternity Standards

Fraternities that earn designations of Level 1 or Level 2 during the annual accreditation review, which takes place at the end of the fall semester, will be placed on immediate “conditional recognition” status for the following year.

- **Conditional Recognition Status**: In the case of a fraternity falling short of meeting the minimum point standards, the fraternity shall be responsible for additional requirements to complete for the following recognition year. These “make up” requirements will be in addition to normal annual point requirements. If the fraternity fails to meet minimum and additional point standards for two consecutive years, they will be placed on a “suspension status” during the subsequent year.

- **Suspension Status**: While on suspension, the fraternity shall/may not:

  1. participate in new member recruitment.
  2. host social events involving alcohol.
  3. participate in Greek Week.
  4. have voting privileges at Inter-fraternity Council meetings.

- **Review**: Furthermore, the fraternity will meet with the Council on Fraternal Life and only then can any of the above limitations be lifted. Starting in the final week of November, the fraternity must participate in the accreditation process. If the fraternity fails to meet the standards at this time, the chapter will close for a period not to exceed 3 years.
V. Appeals

A fraternity may appeal their accreditation review rating directly to the Council on Fraternal Life. Appeals must be submitted within ten (10) days of the date of the accreditation review. During the appeal period, the accreditation rating received during the review will stand and that fraternity will be under sanctions of that rating until the Council concludes the appeal. After review, the Council may modify accreditation ratings if there is evidence that there is new information or documentation that was not available at the time of the accreditation review, or if the Council believes that a significant error was made in the review process.

VI. Execution of the Model

By enacting this system, we as a fraternity system are attempting to challenge one another to strive for excellence. In doing so we hope that each organization will find itself reaching new heights they may not have been able to achieve on their own. As is shown in the document above, there are minimum point standards for each specific category. To pass accreditation, 505 points from these sections must be achieved.

Unless otherwise noted, 20% attendance is required to receive credit for all external HWS sponsored activities including but not limited to those noted below. Eighty (80%) attendance will be required for internal chapter-sponsored activities. This does not include fraternity members who are studying abroad or are not enrolled in classes at Hobart College during the time.

Self Directed

Each Chapter will be responsible for an additional 100 points to earn based upon their own goals, planning, values, etc. The Chapter can apply those 100 points using one of the current accreditation categories or design their own educational experience. The Chapter must first put together a plan and have it approved by the Council on Fraternal Life before proceeding with their self directed education. The Chapter can at anytime change the self directed education plan with consultation and approval from the Council. This year we have added Wellness and Legacy as sub-categories. Wellness is participation in co-curricular activities such as intramural sports and greening, Legacy is related to alumni correspondence and maintaining traditions.
VII. Rewards for Various Levels of Achievement

Fraternities that acquire the annual minimum point totals will receive various awards, benefits and services from the Colleges (see section below). Fraternities failing to meet annual minimum totals shall not be granted such privileges. Instead fraternities with Level 1 and 2 ratings must seek permission from the Council on Fraternal life pertaining to any of the following Level 3 privileges, as well as eligibility for awards.

Fraternities with a Level 3 Rating (minimal standards met)

- Permission to use the College’s facilities for chapter social, cultural, and educational programs.
- Group participation in athletic, social and other group activities sponsored by the Colleges.
- Services to facilitate communication with alumni.
- Permission to host events where alcohol is served.

Fraternities with a Level 4 Rating (minimal standards exceeded)

- All of the privileges of a Level 3 rating.
- Eligible for the Presidents cup award

VIII. The President’s Cup Award

Only Fraternities achieving level 4 status will be eligible for the President’s Cup Award. Level 4 Fraternities will be announced in the Hobart Daily Update website. The top three fraternities shall be presented monetary awards (see below). Along with monetary awards, the winning fraternity shall also receive a plaque to be displayed in the Student Activities Office honoring their achievement. Monetary awards shall be distributed as follows:

- A total of $1000 shall be awarded to the winning fraternity.
- Community Service/ Philanthropic Award— receives $500
- Academic Achievement Award receives $500 (must exceed all male average)
- Outstanding Greek Man Award— Dean Butler Legacy— this awarded to the young man who best exemplifies the well-rounded Greek man who represents the core-values of his own fraternity and is a positive reflection of the whole Greek system. (receives a plaque or trophy, but no monetary award).

Please note: Point accumulations for Spring ‘10 and Fall ‘10 determine Spring ‘11 awards as points are based on calendar year not academic year and matches officer transition. Most organizations appoint new leadership between December and through March for the following year.
