The Road So Far...

Beyond HWS
This semester, Faculty and Staff have been researching information on best practices and figuring out ways they could be implemented here at HWS. Also, board members from the Center for the Finger Lakes – Geneva’s LGBTQ Resource Center have been working closely with the group on opportunities for more training and resources as well as improving connections to the community.

Student Outreach
The LGBTQ & Allies group will be meeting on November 20 with the Pride Alliance to discuss ways in which Faculty and Administrators could best support students at HWS as well as updating them on work that is currently being done.

Increasing Visibility
The LGBTQ & Allies group has begun compiling a list of existing resources for LGBT students, faculty and staff on campus. Once completed this list will be shared with the Office of Communications in order to formalize a section on the HWS website that anyone looking for information can visit.

Fall Training
There will be an Allies training for all those interested in early December. Watch out for emails with more date-time specifics!

Spring 2014
There will be training opportunities for students who wish to be trained as Allies coming this Spring as well as additional opportunities to attend conferences at Rutgers University and Hamilton College. More information soon to come!

If you are interested in joining the LGBTQ & Allies Group, email lgbtq&a@hws.edu.
Membership List

Lesley Adams, Religious Life
Nan Arens, Geoscience Department
Geoffrey Babbitt, English and Comparative Literature
Eugen Baer, Hobart Deans
Eric Barnes, Philosophy Department
