Mac Instructions for Connecting to HWS-Private

To connect a Macintosh computer:

1. Connect to HWS-Private

2. Enter your HWS username and password

3. At the prompt, accept the wireless.hws.edu security certificate

4. When you accept the certificate, you will be prompted for your computer's username and password

   If this is an HWS machine, it will be the same as your HWS credentials. If this is a personal machine, it will be your personal username and password that you use to log on to the computer.

   Your computer is now configured.

   If you require assistance with any of these steps, please contact the Help Desk at (315) 781-4357.
