STATEMENT OF INTENT

Hobart and William Smith Colleges are committed to fostering a welcoming, safe, non-discriminatory and harassment-free educational, living, and working environment for all members of the HWS community. The Colleges do not discriminate on the basis of sex in any of their education or employment programs or activities. This Policy prohibits specific forms of behavior that violate Title IX of the Education Amendments of 1972 (“Title IX”), Title VII of the Civil Rights Act of 1964 (“Title VII”), New York’s Enough is Enough law, and the New York State Human Rights Law. This Policy complies with these laws as well as requirements under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”), as amended by the Violence Against Women Reauthorization Act of 2013 (“VAWA”). The Colleges also comply with all federal and state civil rights laws banning discrimination in private institutions of higher education. The protections of this policy apply without regard to race, color, sex, pregnancy, religion, creed, national origin, familial status, disability, age, marital status, sexual orientation, gender identity, gender expression, veteran status, military status, predisposing genetic characteristics, domestic violence victim status, criminal conviction or any other protected category under applicable local, state, or federal law.

The Colleges specifically prohibit Sexual or Gender-Based Harassment, Sexual Assault, Sexual Exploitation, Intimate Partner Violence, Physical Assault, Stalking, and Retaliation. These forms of behavior are referred to in this Policy and accompanying Procedures interchangeably as Prohibited Conduct or Sexual Misconduct. Sexual Misconduct is unlawful and unacceptable in the HWS community and the Colleges will not tolerate such behavior.

The Colleges respond promptly and equitably to reports of Sexual Misconduct to eliminate Prohibited Conduct, prevent its recurrence and address its effects. The Colleges conduct ongoing prevention, awareness, and training programs for students and employees and take disciplinary action against students, faculty and staff found to be in violation of this Policy. Disciplinary action for violations of this Policy may include expulsion of a student or termination of a faculty or staff member.

The Colleges require all members of the HWS community to conduct themselves in a manner that does not infringe upon the rights of others. The Colleges will not tolerate Sexual Misconduct. The Colleges expect all members of our community to foster a safe, welcoming, and respectful environment on campus. The Colleges
strongly encourage HWS community members to take reasonable and prudent actions to prevent or stop an act of Prohibited Conduct to which an individual is a bystander. Taking action may include direct intervention when safe to do so, enlisting the assistance of friends, contacting law enforcement or seeking assistance from a person in authority. The Colleges will support all HWS community members who choose to engage as an active bystander and protect all members of the community from retaliation for any reports made under this Policy.

I. SCOPE OF POLICY

This Policy applies to all HWS community members, including students; faculty; staff; and third parties, such as volunteers, independent contractors, visitors, and any individuals regularly or temporarily employed, studying, living, visiting, conducting business, or having any official capacity at the Colleges (“Third Parties”). This Policy applies to acts of Prohibited Conduct committed by or against students, faculty, staff, or Third Parties when the conduct:

- occurs on the Colleges’ campus or other property owned or controlled by the Colleges;
- occurs in the context of an HWS employment or education program or activity, including HWS-sponsored global education, athletic activities, or internship programs;
- occurs off-campus or outside of an HWS program or activity, but has continuing adverse effects on or creates a hostile environment for HWS community members while on the HWS campus or other property owned or controlled by the Colleges or in an employment or education program or activity of the Colleges; or
- otherwise has a reasonable connection to the Colleges.

This Policy refers to both reports and complaints. Report is used to indicate the process of giving a verbal or written account of Prohibited Conduct to a responsible employee of the Colleges (e.g., “a student reported or made a report to a faculty member that a sexual assault occurred at an off-campus party Friday night.”) Complaint is used where the Colleges seeks Formal or Informal Resolution under this Policy.

II. STUDENT BILL OF RIGHTS

All Hobart and William Smith students have the right to:

- Make a report (or decline to report) to local law enforcement and/or state police;
- Have disclosures of Sexual Assault, Intimate Partner Violence, Stalking and all other forms Prohibited Conduct treated seriously;
- Make a decision about whether or not to disclose a crime or violation and participate in the complaint

1 New York State law requires colleges and universities to adopt and make part of this Policy the Student Bill of Rights.
resolution process and/or criminal justice process free from pressure by the institution;

- Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
- Be treated with dignity and to receive from the Colleges courteous, fair, and respectful health care and counseling services, where available;
- Be free from any suggestion that the Complainant is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
- Describe the incident to as few HWS representatives as practicable and not be required to unnecessarily repeat a description of the incident;
- Be protected from retaliation by the Colleges, any student, the Respondent, and/or their friends, family and acquaintances within the jurisdiction of the HWS;
- Access to at least one level of appeal of a determination;
- Be accompanied by an advisor of choice who may assist and advise a Complainant or a Respondent during any meetings and hearings under this Policy and procedures; and
- Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or complaint resolution process of the Colleges.

III. APPLICABLE PROCEDURES

A “Complainant” is the individual who reports or is reported as having experienced Prohibited Conduct. A “Respondent” is the individual accused of having violated this Policy. This Policy sets forth the provisions applicable to all community members, including how the Colleges will handle the initial assessment of reports of Prohibited Conduct. If Formal or Informal Resolution is required, the report will be considered a Complaint. The specific procedures used to resolve a Complaint will depend upon the nature of the relationship of the Respondent to the Colleges:

- Where the Respondent is a student, the Colleges will resolve Complaints by the procedures outlined in the Procedures for Resolving a Sexual Misconduct Complaint Against a Student, set out in Appendix A to this Policy.
- Where the Respondent is a faculty member, the Colleges will resolve Complaints by retaining an outside investigator to investigate the matter, substantially in the same manner set out in the Procedures for Resolving a Sexual Misconduct Complaint Against a Student, excepting that the investigator will make credibility determinations, observations of demeanor, and recommended findings. The Provost will then either accept or reject the recommended finding of the investigator and propose an appropriate sanction.

---

2 The Colleges recognize that individual Complainants may also choose to self-identify as a victim or survivor.
If the faculty member does not accept the Provost’s recommendations, then the faculty member may file a grievance under the procedures set out in the Faculty Bylaws and Procedures. Any procedures relating to termination of a tenured faculty member will be subject to the Faculty Bylaws and Procedures.

- Where the Respondent is a staff member, the Colleges will resolve Complaints by retaining an outside investigator to investigate the matter, substantially in the same manner set out in the Procedures for Resolving a Sexual Misconduct Complaint Against a Student, excepting that the investigator will make credibility determinations, observations of demeanor, and recommended findings. The investigator will submit an investigation report to the Director of Human Resources who will accept or reject the recommended finding and determine the appropriate sanction. The Director of Human Resources will consult with the Respondent’s supervisor for resolution, including imposition of any sanction(s).

- Where the Respondent is third party, the Title IX Coordinator will determine the appropriate manner of resolution to ensure a prompt and equitable process and provide for the safety and well-being of the Complainant and the broader campus community. When a report involves students or employees from HWS and another institution, the institutions may work collaboratively to address Sexual Misconduct provided that such collaboration complies with the Family Educational Rights and Privacy Act codified at 20 U.S.C 123g; 34 C.F.R Part 99 and other applicable federal and state laws.

The Colleges’ Procedures provide prompt and equitable responses to all reports of Prohibited Conduct and outline specific timeframes for major stages of the process. The Procedures provide all parties notice and an opportunity to present witnesses and evidence and the opportunity to view all information that will be used to determine whether a violation of this Policy has occurred. The Colleges apply the preponderance of the evidence standard to determine whether a violation occurred. The preponderance of the evidence means that it is more likely than not that a Policy violation occurred.

In any Complaint involving Sexual Misconduct, the Complainant and the Respondent will have the opportunity to review any documents that will be considered in the context of the proceeding, and both a Complainant and Respondent may be accompanied to any meeting by an advisor of choice.

IV. TITLE IX AND THE TITLE IX COORDINATOR

Title IX is a federal civil rights law that prohibits colleges and universities that receive Federal financial assistance from discriminating on the basis of sex in education programs and activities. Sexual harassment, which includes acts of Sexual Assault, is a form of sex discrimination prohibited by Title IX. Title IX provides:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. §1681, et seq.

Sexual harassment is also prohibited under Title VII of the Civil Rights Act of 1964, the New York State Human Rights Law, and other applicable statutes.
The Colleges have designated a Title IX Coordinator to coordinate compliance with Title IX. The Title IX Coordinator ensures training and education of the HWS community members, oversees all Title IX reports and coordinates the Colleges’ response to all reports. The Title IX Coordinator is available to meet with any community member as needed to discuss available resources, options and supports.

Any inquiries or concerns about the Colleges’ application of Title IX may be addressed to the Title IX Coordinator. The Title IX Coordinator is available in person or by phone or email during regular business hours:

V. PROHIBITED CONDUCT

This Policy prohibits specifically defined forms of behavior: Sexual or Gender-based Harassment, Sexual Assault, Sexual Exploitation, Intimate Partner Violence, Physical Assault, Stalking, and Retaliation. Prohibited Conduct is determined without regard to the sex, gender, sexual orientation and/or gender identity/expression of the Complainant or the Respondent.

This section also includes definitions and a discussion of key terms, including Affirmative Consent and Incapacitation. The concept of Affirmative Consent is integral to the definition of Sexual Assault, expectations of the HWS community, and guidance for those who are involved in the implementation of the procedures, including the assessment, investigation and adjudication of Prohibited Conduct.

A. Sexual or Gender Based Harassment

Sexual Harassment

Sexual Harassment is any unwelcome sexual advance, request for sexual favors, or other unwelcome conduct of a sexual nature whether verbal, non-verbal, graphic, physical or other, when conditions (1) and/or (2), below, are present:

Gender-Based Harassment

Gender-Based Harassment is any act of aggression, intimidation, or hostility, whether verbal, non-verbal, graphic, physical, or otherwise, even if the act does not involve conduct of a sexual nature, when the acts are based on the sex, gender, sexual orientation, gender identity or gender expression and conditions (1) and/or (2), below, are present:
submission to or rejection of such conduct is made, either explicitly or implicitly, a term or condition of an individual’s employment, academic standing or participation in any HWS program and/or activity or used as the basis for decisions affecting the individual (quid pro quo harassment);

such conduct creates a hostile environment. A hostile environment exists when the conduct is sufficiently severe, pervasive or persistent that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the Colleges’ education or employment programs and/or activities. The conduct must be deemed severe, pervasive or persistent under both a subjective and objective standard.

The determination of whether an environment is “hostile” must be based on the totality of known circumstances, including:

- the frequency, nature and severity of the conduct;
- whether the conduct was physically threatening;
- the effect of the conduct on the Complainant’s mental and/or emotional state;
- whether the conduct was directed at more than one person;
- whether the conduct arose in the context of other discriminatory conduct;
- whether the speech or conduct unreasonably interfered with the Complainant’s educational or work opportunities or performance (including study abroad), HWS-controlled living environment, work opportunities, or performance; and
- whether the conduct implicates concerns related to academic freedom or freedom of speech.

A hostile environment can be created by persistent or pervasive conduct or, if sufficiently severe, by a single incident. The more severe the conduct, the less need there is to show a repetitive series of incidents to create a hostile environment, particularly if the harassment is physical.

**B. Sexual Assault**

Sexual Assault is having or attempting to have *sexual intercourse* or *sexual contact* with another individual without Affirmative Consent.

*Sexual intercourse* is any vaginal or anal penetration, however slight, with any object or by a penis, tongue, finger or other body part performed by an individual upon another individual. Sexual intercourse also includes any contact, however slight, between the mouth of one individual and the genitalia of another individual.

*Sexual contact* is any intentional sexual touching however slight, of the breasts, buttocks, groin, or genitals, whether clothed or unclothed, with any object or body part performed by an individual upon
another individual. *Sexual contact* includes making an individual touch another individual with or on the breasts, buttocks, groin or genitals.

**1. Affirmative Consent**

Affirmative Consent is a knowing, voluntary and mutual decision among participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, gender, sexual orientation, gender identity, or gender expression.

Affirmative Consent cannot be obtained through force, including physical force, threats, intimidation, or coercion. Threats are words or actions that would compel a reasonable person to engage in unwanted sexual activity against their will. Intimidation is an implied threat that menaces or causes reasonable fear in another individual. Coercion is the improper use of pressure to compel another individual to initiate or continue sexual activity against that individual’s will. When a person makes clear a decision not to participate in a particular form of Sexual Contact or Sexual Intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion existed, the Colleges will consider: (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.

Affirmative Consent cannot be obtained by taking advantage of the incapacitation of another individual where the person initiating sexual activity knew or reasonably should have known that the other was incapacitated. Incapacitation is a state where an individual cannot make an informed and rational decision to engage in sexual activity. An individual is incapacitated if the individual lacks conscious knowledge of the nature of the act or is physically helpless, asleep, unconscious, or otherwise unaware that sexual activity is occurring. An individual may be incapacitated as a result of the consumption of alcohol or other drugs or due to a temporary or permanent physical or mental health condition.

In evaluating Affirmative Consent in cases of alleged incapacitation, the Colleges ask two questions: (1) Did the person initiating sexual activity know that the other party was incapacitated? And if not, (2) should a sober, reasonable person in the same situation have known that the other party was incapacitated? If the answer to either of these questions is “yes,” Affirmative Consent was absent.

Consent is required to be obtained regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.

**2. Evaluating Affirmative Consent and Incapacitation**

An individual who is under the influence of alcohol and/or other drugs may be incapacitated, and therefore unable to consent. Consumption of alcohol or other drugs alone is insufficient to establish incapacitation. Incapacitation is a state beyond drunkenness or intoxication. The impact of alcohol and drugs varies from person to person, and evaluating incapacitation requires an assessment of how the consumption of alcohol and/or other drugs impacts an individual’s:
• decision-making ability;
• awareness of consequences;
• ability to make informed judgments; and
• capacity to appreciate the nature and the quality of the act.

Common and obvious warning signs can show that a person may be incapacitated or approaching incapacitation. Although every individual may manifest signs of incapacitation differently, typical signs include slurred or incomprehensible speech, unsteady gait, combative ness, emotional volatility, vomiting, or incontinence. A person who is incapacitated may not be able to understand some or all of the following questions: “Do you know where you are?” “Do you know how you got here?” “Do you know what is happening?” “Do you know whom you are with?”

In general, sexual contact while under the influence of alcohol or other drugs poses a risk to all parties. Alcohol and drugs impair a person’s decision-making capacity, ability to communicate clearly, awareness of the consequences, and ability to make informed judgments. Individuals engaging in sexual activity should continually evaluate Consent throughout the encounter. An individual who does not initially appear to be incapacitated may become incapacitated as the effects of alcohol or other drugs increase. If there is any doubt as to the level or extent of the other individual’s intoxication or impairment, the prudent course of action is to forgo or cease any sexual contact or activity. **Being impaired by alcohol or other drugs is not a defense to a violation of this Policy.**

### 3. Guidance on Affirmative Consent

A person who wants to engage in a specific sexual activity is responsible for obtaining Affirmative Consent for that activity. Silence and/or passivity do not constitute Consent. Lack of resistance does not constitute Consent. Consent is active, not passive. The Colleges offer the following guidance on Affirmative Consent:

• All parties must demonstrate a clear and mutual understanding of the nature and scope of the act to which they are consenting and a willingness to do the same thing, at the same time, in the same way.

• Consent may be withdrawn by any party at any time. An individual who seeks to withdraw Affirmative Consent must communicate, through clear words or actions, a decision to cease the sexual activity. Once consent is withdrawn, the sexual activity must cease immediately and all parties must obtain mutually expressed or clearly stated consent before continuing further sexual activity.

• Consent to one form of sexual activity does not, by itself, constitute Consent to another form of sexual activity. Consent to sexual activity on one occasion does not constitute consent to sexual activity on other occasions. Consent to sexual activity with one person does not constitute consent to sexual activity with any other person. Each participant in a sexual encounter must consent to each form of sexual activity with each participant.

• Each party must consent to each instance of sexual contact each time. Prior consensual sexual activity does not, by itself, constitute consent to future sexual activity. In cases of prior relationships between the parties, the manner and nature of prior communications between the parties and the context of the relationship may have a bearing on the presence of Affirmative Consent.
In New York, an individual less than 17 years old is incapable of giving consent.

Relying solely on non-verbal communication before or during sexual activity can lead to misunderstanding and may result in a violation of this Policy. Participants are encouraged to talk with one another before engaging in sexual activity. If confusion or ambiguity arises during sexual activity, participants are encouraged to stop and clarify a mutual willingness to continue that activity.

C. Sexual Exploitation

Sexual Exploitation is purposely or knowingly:

- Observing or allowing third parties to observe an individual’s genitalia, groin, breasts or buttocks or private sexual activity without the knowledge and consent of the participants, including through a hidden location or through electronic means in a place where there is a reasonable expectation of privacy;
- Recording or photographing an individual’s genitalia, groin, breasts or buttocks or private sexual activity without consent;
- Disseminating recordings or photographs of an individual’s genitalia, groin, breasts or buttocks or private sexual activity without consent;
- Exposing genitals or inducing another to expose their own genitals without Affirmative Consent;
- Exposing another individual to a sexually transmitted infections without the other’s knowledge;
- Causing incapacitation of another individual through alcohol, drugs, or any other means, for the purpose of compromising that individual’s ability to consent to sexual activity; or
- Assisting or otherwise facilitating any act of Prohibited Conduct.

D. Intimate Partner Violence

Intimate Partner Violence includes any act of violence or threatened act of violence against a person who is, or has been involved in, a relationship of a sexual, dating, domestic, or other intimate nature with the Respondent. Intimate Partner Violence is not a distinct form of Prohibited Conduct. Intimate Partner Violence can encompass a broad range of behavior and may include Sexual or Gender-Based Harassment, Sexual Assault, Sexual Exploitation, Physical Assault, Stalking, and Retaliation.

The Colleges will evaluate the existence of the relationship based upon the Complainant’s statement and taking into consideration the length of the relationship, the type of relationship, and the frequency of interaction between the individuals involved in the relationship.

E. Physical Assault

Physical Assault is threatening or causing physical harm or engaging in other conduct that threatens or endangers the health or safety of any person. The Colleges will address Physical Assault under this Policy when
it occurs in the context of Intimate Partner Violence or is based upon the sex, gender, sexual orientation and/or gender identity or expression of the Complainant.

F. Stalking

Stalking occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear for the person’s safety or safety of others or to suffer substantial emotional distress.

- **Course of conduct** means two or more acts, including but not limited to, acts in which an individual directly, indirectly or through third parties, by any action, method, device or means follows, monitors, observes, surveils, threatens or communicates to or about another individual, or interferes with another individual’s property.

- **Substantial emotional distress** means significant mental suffering or anguish.

- **Reasonable person** means a reasonable person under similar circumstances and with similarities to the victim.

Stalking includes cyber-stalking, a particular form of stalking in which an individual uses electronic media such as the internet, social networks, blogs, cell phones, texts or other similar devices or forms of contact.

G. Retaliation

Retaliation is any adverse action taken against an individual because they were involved in the reporting, investigation or resolution of a report of Prohibited Conduct. Retaliation includes threats, intimidation, harassment, coercion, violence or any other conduct that would discourage a reasonable person from engaging in activity protected under this Policy.

Retaliation may occur even where there is a finding of “not responsible” under this Policy. Good faith actions lawfully pursued in response to a report of Prohibited Conduct are not Retaliation. Retaliation should be promptly reported to the Title IX Coordinator and will be investigated and resolved under this Policy and Procedures.

VI. AMNESTY, OBLIGATION TO PROVIDE TRUTHFUL INFORMATION AND GROUP INFRACTIONS

A. Amnesty

The health and safety of every HWS student is of utmost importance. The Colleges recognize that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that Prohibited Conduct occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct or the conduct of others. The Colleges strongly encourage students to immediately report Prohibited Conduct to the Colleges or law enforcement. A bystander acting in good faith or a Complainant acting in good faith that discloses any incident of Prohibited Conduct to the
Colleges or law enforcement will not be subject to disciplinary action under the HWS Community Standards for violations of alcohol and/or drug use policies based on ingestion occurring at or near the time of the reported Prohibited Conduct.

Other individuals present will also not be subject to disciplinary action under the HWS Community Standards for violations of alcohol and/or drug use policies based on ingestion occurring at or near the time of the reported Prohibited Conduct.

B. Obligation to Provide Truthful Information

All HWS community members are expected to cooperate fully and provide truthful information in any report or proceeding under this Policy. Providing false or misleading information in bad faith or with a view to personal gain or intentional harm to another in connection with an incident of Prohibited Conduct is prohibited and subject to disciplinary sanctions under the Colleges’ Community Standards and disciplinary action under the appropriate employee disciplinary policy. This provision does not apply to reports made or information provided in good faith, even if the report is not later substantiated.

C. Group Infractions

When members of a student group, organization, team, or individuals act collusively in violation of the Sexual Misconduct Policy, they may be charged as a group and/or as individuals, and a hearing may proceed against the group as joint respondents or against one or more involved individuals, or both, as appropriate, given available information and the circumstances.

VII. PRIVACY, CONFIDENTIALITY AND EMPLOYEE REPORTING RESPONSIBILITIES

The Colleges are committed to protecting the privacy of all individuals involved in the resolution of a report of Prohibited Conduct. HWS employees who are involved in the Colleges’ Title IX response, including the Title IX Coordinator, investigators, and adjudicators, receive specific training about safeguarding private information. Throughout the reporting, investigation and resolution of a complaint, including the implementation of remedial and protective measures, the Colleges will make reasonable efforts to protect the privacy interests of all involved individuals in accordance with federal and state law while also conducting a thorough review and response to eliminate, prevent and address Sexual Misconduct.

HWS Employees are designated as either a Responsible Employee or a Confidential Employee. Responsible Employees have reporting obligations under this Policy, but will maintain the privacy of an individual’s information. Confidential Employees do not have a reporting obligation under Title IX and will keep information confidential (except as required or permitted to by law). In understanding the difference between speaking to a Responsible Employee or Confidential Employee, it may be helpful to understand the difference between privacy and confidentiality, as they each have distinct meanings under this Policy.

A. Privacy

Privacy means that information related to a report of Sexual Misconduct will only be shared with a
limited circle of HWS employees who “need to know” in order to assist in the active review, investigation and resolution of the complaint and implementation of remedial and protective measures.

B. Confidentiality

Certain campus and community professionals, including mental health providers, ordained clergy, rape crisis counselors, and health care providers, are legally required to keep information shared by an individual confidential and cannot reveal information to a third party. On campus, Confidential Employees are generally prohibited from sharing information unless there is written consent, imminent threat of harm to self or others, or reasonable suspicion of abuse of a minor (someone under the age of 18).

C. Confidential Employees

A Confidential Employee is licensed medical, clinical or mental health professional, or ordained clergy or staff member in the offices of a licensed medical, clinical or mental health professional, or ordained clergy. A Confidential Employee will not make a report to the Colleges unless there is written consent to do so from the patient/client, there is the risk of imminent threat of harm to self or others, or there is reasonable suspicion of abuse of a minor (someone under the age of 18). HWS Confidential Employees are:

- All employees in the Counseling Center
- All employees in the Office for Spiritual Engagement;
- All employees in Hubbs Health Center; and
- Any other professional with a legally recognized privilege.

Consistent with the Clery Act, any data collected from Confidential Employees about the disclosures of Prohibited Conduct will be done in an aggregate manner and in a way that does not reveal personally identifying information of the parties to include in annual crime statistics, address any systemic concerns, and inform training and education programs.

D. Responsible Employees

Unless designated as an HWS Confidential Employee, all HWS employees are Responsible Employees and are required to make an immediate report to the Title IX Coordinator upon receiving information about an incident of Prohibited Conduct. Responsible Employees include Resident Assistants, Teaching Assistants, and all other student employees, when disclosures are made to any of them in their capacities as employees. Responsible Employees will keep information private, but cannot maintain confidentiality. Responsible Employees are required to share all known details about an incident with the Title IX Coordinator, including dates, times, locations, names of involved individuals and the nature of the incident. HWS offices and employees who cannot guarantee confidentiality will maintain privacy to the greatest extent possible.

E. Public Awareness Events

Responsible Employees are generally not required to report information reported during public awareness
events. Public awareness events including candlelight vigils such as Take Back the Night or other public events or forums at which individuals disclose experiences of sexual violence or other forms of Prohibited Conduct are not considered notice to the school for the purpose of triggering an individual investigation unless initiated by the Complainant. The Colleges may use any information provided at such events to review policy, inform ongoing education and prevention efforts, and assess climate to learn more about the prevalence of Sexual Misconduct at the Colleges.

F. Clery Act Reporting

Under the Clery Act, the Colleges are required to issue timely warnings to the HWS community where certain reported crimes (including some forms of Sexual Misconduct) pose a serious or continuing threat to the Colleges’ community. The Clery Act also requires the Colleges to maintain, make available to the public, and provide to the United States Department of Education statistics about certain reported crimes in a daily crime log and annual security report. Timely warnings and the Colleges’ crime statistics do not include personally identifying information of Complainants.

VIII. HWS AND COMMUNITY RESOURCES

The Colleges offer a wide range of resources to provide support and guidance from initial contact through report, investigation and resolution of Prohibited Conduct. The Colleges will offer reasonable and appropriate measures to Complainants and Respondents and facilitate the continued access to HWS education or employment programs and activities.

A. Emergency Resources

Confidential Medical Assistance: An individual who experiences Sexual Assault, Intimate Partner Violence, or any other form of violence is strongly encouraged to seek immediate medical attention at F.F. Thompson Hospital:

**F.F. Thompson Hospital**
350 Parrish Street
Canandaigua, N.Y. 14424
(585) 396-6000

F.F. Thompson Hospital is the closest hospital in the Geneva area where an individual can receive a forensic sexual assault examination by a Sexual Assault Nurse Examiner (also known as “SANE Nurse”). SANE Nurses can assess injuries related to physical trauma; evaluate for sexually-transmitted infections and possible pregnancy; provide medical care (including medications to prevent infections and pregnancy); and can, generally within the first 96 hours after a sexual assault, administer a “forensic exam.” During the forensic exam, the SANE Nurse documents and collects evidence of sexual contact and/or physical trauma (including injuries to the body and genitals), trace evidence, biological fluids, and identifiable DNA. When there is reason to believe that an assault may have been facilitated by the use of drugs or alcohol, the forensic exam may also include the collection of urine and blood samples for toxicology testing. **Individuals are not required to report an incident to law enforcement or the Colleges in order to receive medical attention or a forensic exam.** Individuals may have a
support person of their choosing present throughout the forensic exam. In addition, advocates from Safe Harbors of the Finger Lakes, a local rape crisis center, are available to accompany and offer support to patients seeking a forensic exam. Transportation to F.F. Thompson can be arranged by contacting Campus Safety. It is not necessary to give your name or make a report in order to obtain transportation assistance.

Individuals are encouraged to seek follow-up care to address any ongoing medical concerns, including those related to sexually-transmitted infections and pregnancy, regardless of whether a forensic exam is obtained after a sexual assault. Follow-up care is available at F.F. Thompson Hospital, Hubbs Health Center, Geneva General Hospital or through any appropriate health care provider outside of the Colleges.

**Law Enforcement**: Law enforcement has unique legal authority to seek and execute search warrants, to collect forensic evidence that may have been left at the scene or at other relevant locations, to issue subpoenas to compel testimony or other evidence, and to make an arrest when supported by probable cause to believe a crime has been committed.

Local Law enforcement can be reached by contacting the Geneva Police Department (or one of contacts listed below). Call the Geneva Police Department directly for an immediate response.

Monday – Friday 9 a.m. – 5 p.m.

Any individual who has experienced Prohibited Conduct may speak with a counselor in the Counseling Center at any time. During the academic year, an on-call counselor is available 24 hours a day, 7 days a week. Students can also access the on-call counselor by contacting their Resident Assistant or Area Coordinator or by calling Campus Safety. During an after-hours mental health emergency, call Campus Safety at (315) 781-3333 to reach the counselor on call. Campus Safety will not require an individual to disclose their name to be connected to the counselor on call.

C. Remedial and Protective Measures

The Title IX Coordinator can provide Complainants and Respondents with information, support, and assistance and can arrange for a broad range of remedial and protective measures. Remedial measures are designed to address a Complainant's safety, well-being and continued access to educational, employment or program opportunities. Protective measures involve action against a Respondent. Remedial and protective measures, which may be temporary or permanent, may include no-contact directives, housing modifications, academic modifications and support, work schedule modifications, interim suspension, suspension from employment, and leave (with or without pay). Remedial and protective measures are available regardless of whether a Complainant pursues criminal or HWS disciplinary action. The Title IX Coordinator will assist individuals in determining whether certain forms of support, remedial and/or protective measures may be beneficial and appropriate.

The Title IX Coordinator also will promptly inform the Respondent of any action(s) (including any interim protective measures) that will directly impact the Respondent, and provide an opportunity for the Respondent to respond to such action(s). The Title IX Coordinator retains the discretion to impose and/or modify any interim protective measures based on all available information. Interim protective measures will remain in effect, unless new circumstances arise which warrant reconsideration of the protective measures. A Complainant or Respondent may challenge interim protective measures or other actions, or failure to impose interim protective measures or take other actions, by contacting the Title IX Coordinator.

(315) 781-3922  
titleix@hws.edu

The availability of remedial and protective measures will be determined by the specific circumstances of each case. The Title IX Coordinator will consider a number of factors in determining which measures to take, including the needs and requests of the individuals seeking remedial and/or protective measures; the severity or pervasiveness of the reported Prohibited Conduct; any continuing effects on the Complainant; whether the Complainant and the Respondent share the same residence hall, dining hall, academic course(s), job location; and whether other judicial measures have been taken to protect the Complainant (e.g., Protective Orders). When implementing such measures, the Colleges will seek to minimize the burden on the individual seeking the measures while considering fairness to the Respondent.

Protective and remedial measures may be temporary or permanent and may be modified by the Colleges as circumstances change. Such measures include:

- Arranging a meeting with law enforcement to discuss or report Prohibited Conduct and/or safety planning;
• Imposition of a No-Contact Order against an HWS community member;
• Assistance seeking a civil Order of Protection\(^4\) The Title IX Coordinator can arrange and/or attend a meeting with local law enforcement, who can explain the process for seeking an Order of Protection and can escort individuals to the appropriate office in order to initiate a petition seeking an Order of Protection;
• Arranging access to counseling services and assistance in setting up initial appointments;
• Arranging access to medical services and assistance in setting up initial appointments;
• Assistance in seeking academic assistance, including modified class schedules (including transfer to another section), permission to withdraw from and/or retake a class or attend a class via alternative means (e.g., independent study), extension of assignment deadlines, and voluntary leaves of absence;
• Assistance in modifying HWS housing arrangements, including immediate temporary relocation to safe spaces and/or permanent reassignment of HWS-owned housing;
• Assistance in modifying HWS employment arrangements, including changes in work schedules, job assignments, work locations and/or assigned parking;
• Imposing an interim suspension and/or leave, with or without pay, on the Respondent; and
• Any other measures that may be arranged by the Colleges (to the extent reasonably available) to ensure the safety and well-being of an individual who has been affected by Prohibited Conduct.

In some cases, students may choose to seek a leave of absence or a reduced course load; these actions may, in turn, impact matters such as a student’s immigration, visa and/or financial aid status. In such cases, the Title IX Coordinator assists the student in coordination with the Director of International Student Affairs, the Hobart or William Smith Deans or other appropriate resources.

The Title IX Coordinator will ensure individuals receive written notification of all their rights and options, regardless of whether the individuals chooses to pursue disciplinary action under the Policy or make a report to law enforcement.

IX. REPORTING OPTIONS

There are multiple channels for reporting Prohibited Conduct. Individuals may report Prohibited Conduct to law enforcement, to the Colleges, to both or to neither. These reporting options are not exclusive. Complainants may simultaneously pursue criminal and HWS disciplinary action. The Colleges will support Complainants in understanding and assessing their reporting options.

\(^4\) In New York, an order of protection is issued by the court to limit the behavior of someone who harms or threatens to harm another person. It is used to address various types of safety issues, including, but not limited to situations involving domestic violence. Family Courts, criminal courts, and Supreme Courts can all issue orders of protection.
A. Preservation of Evidence

The Colleges recognize that making the decision to report Prohibited Conduct often takes time. Nevertheless, pending the decision to report, individuals are strongly encouraged to take immediate steps to preserve all evidence that might support a future report of Prohibited Conduct, an Order of Protection, or an investigation by law enforcement, by the Colleges, or both. Such evidence may include:

- A forensic sexual assault examination conducted by a SANE nurse (as soon as possible but generally required to be within 96 hours of the incident);
- Photographs of injuries, property damage, or the location of the incident;
- Any clothing, sheets or other materials (items containing bodily fluids should be stored in cardboard boxes or paper bags, not plastic bags);
- Electronic exchanges (e.g., text messages, emails, and Facebook, Instagram, Snapchat or other social media posts, to the extent that they can be captured or preserved);
- Photographs (including photographs stored on smartphones and other devices); and
- Voice-mail messages and other physical, documentary and/or electronic data that might be helpful or relevant in an investigation.

Evidence may be lost by the changing of clothes, bathing, brushing teeth, eating and drinking. If possible avoid these actions prior to the forensic sexual assault examination. Electronic and photographic evidence may be lost through the upgrade or replacement of equipment (including smartphones), software and/or accounts or due to the passage of time.

B. Reporting to Law Enforcement

Individuals have the right to notify law enforcement or decline to notify law enforcement. Individuals may contact law enforcement directly (resources above). In keeping with its commitment to taking all appropriate steps to eliminate, prevent, and remedy all Prohibited Conduct, the Colleges encourage complainants to report Prohibited Conduct immediately to local law enforcement. Individuals may seek assistance in notifying law enforcement from the Title IX Coordinator or Campus Safety. The Title IX Coordinator can assist in setting up an initial meeting with law enforcement and can accompany individuals to that meeting. In instances that involve an immediate threat to health or safety, the Colleges may independently notify law enforcement.

C. Reporting to the Colleges

The Colleges encourage individuals who have experienced, have knowledge of, or have witnessed Prohibited Conduct to make a report to the Colleges. Under Title IX, once an institution has notice of an act of Prohibited Conduct, it is required to (1) take immediate and appropriate steps to investigate or otherwise determine what occurred; and (2) take prompt and effective action to end any misconduct that occurred; remedy its effects; and prevent its recurrence. The Colleges will seek to honor the Complainant’s request(s) for anonymity, that an investigation not be pursued and/or that no disciplinary action be taken if it is possible to do so while also protecting the safety and well-being of the Complainant and the HWS community See below D.
Making a Report to the Colleges does not require participation in any subsequent HWS proceedings, nor is a report required in order for an individual to receive support or remedial measures.

Although there is no time limit for reporting Prohibited Conduct to the Colleges, the Colleges’ ability to respond may diminish over time, as evidence may erode, memories may fade, and Respondents may no longer be affiliated with the Colleges. If the Respondent is no longer a member of the HWS community, the Colleges will provide appropriate remedial measures, assist the Complainant in identifying external reporting options, and take other reasonable steps to respond under Title IX.

Individuals are encouraged to make a direct report of Prohibited Conduct by contacting the Title IX Coordinator:

D. Anonymous Reporting

Any individual may make an anonymous report concerning an act of Prohibited Conduct, including through the Colleges’ online Bias Incident Reporting System. Any individual may report with or without disclosing a name, identifying involved persons, or requesting any action. Anonymous reports will go to the Title IX Coordinator and Campus Safety for review and appropriate response and action. The Title IX Coordinator is available to answer questions about reporting and procedural options at any time. Individuals may call the Title IX Coordinator to discuss options without identifying themselves or reporting any details about an incident, such as dates, times, locations, names of involved individuals and the nature of the incident.

X. COLLEGES’ INITIAL RESPONSE TO ALL REPORTS OF PROHIBITED CONDUCT

A. Intake Assessment

Upon receipt of a report of Prohibited Conduct, the Title IX Coordinator will make an initial assessment of the reported information and respond to any immediate safety or well-being concerns raised by the report. In this intake assessment, the Title IX Coordinator will:

- Assess the Complainant’s safety and well-being and offer immediate support and assistance;
- Inform the Complainant of the right to seek medical treatment, and explain the importance of obtaining and preserving forensic and other evidence;
• Inform the Complainant of the right to contact law enforcement, decline to contact law enforcement, and/or seek a protective order;
• Inform the Complainant about HWS and community resources, the right to seek appropriate and available remedial and protective measures, and how to request those resources and measures;
• Inform the Complainant of the right to seek Informal Resolution (where available) or Formal Resolution; ascertain the Complainant’s expressed preference for manner of resolution (Informal Resolution, Formal Resolution, or neither); and discuss with the Complainant any concerns or barriers to participating in any HWS investigation and resolution;
• Explain the Colleges’ prohibition against Retaliation and that the Colleges will take prompt action in response to any act of Retaliation;
• Assess the nature and circumstances of the report, including whether it provides the names and/or any other information that personally identifies the Complainant, the Respondent, any witness, and/or any other third party with knowledge of the reported incident;
• Ascertain the ages of the Complainant and the Respondent, if known, and, if either of the parties is a minor (under 18), contact the appropriate child protective service agency;
• Coordinate with appropriate HWS officials to determine whether the report triggers any Clery Act reporting requirements, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations; and
• Ensure that the Complainant receives a written explanation of all available resources and options and is offered the opportunity to meet to discuss those resources and options.

B. Determination of Colleges’ Response Following Intake Assessment

Following the Intake Assessment, the Title IX Coordinator will promptly evaluate every report of Prohibited Conduct and review new information as it becomes available. The Title IX Coordinator will review all known information about the reported incident of Prohibited Conduct. Such information includes, if known, the names and/or any other information that personally identifies the Complainant, the Respondent, any witnesses, and/or any other third parties with knowledge of the reported incident. The Title IX Coordinator may consult with members of the HWS community, including the Director of Campus Safety, Vice President for Student Affairs, Vice President for Human Resources and/or Provost.

The Title IX Coordinator will determine whether the reported information and any other available information provides a reasonable basis for concluding that there is a threat to the safety or well-being of the Complainant or to the HWS community. The Title IX Coordinator will make this determination based upon a review of the totality of the known circumstances, and will be guided by a consideration of the following safety factors:

• Whether the Respondent has prior history, is the subject of prior reports and/or complaints related to any form of Prohibited Conduct, or has any history of violent behavior;
• Whether the Respondent has a history of failing to comply with any HWS no-contact orders, other
HWS protective measures, and/or any judicial protective order;

- Whether the report is an escalation in Prohibited Conduct by the Respondent;
- Whether the Respondent has threatened to commit violence or any form of Prohibited Conduct;
- Whether the Prohibited Conduct involved multiple Respondents;
- Whether the Prohibited Conduct involved physical violence or use of a weapon;
- Whether the report or other available information reveals a pattern of Prohibited Conduct;
- Whether the Prohibited Conduct was facilitated through the use of “date-rape” or similar drugs or intoxicants;
- Whether the Prohibited Conduct occurred while the Complainant was unconscious, physically helpless or unaware that the Prohibited Conduct was occurring;
- Whether the Complainant is (or was at the time of the Prohibited Conduct) a minor (under 18); and/or
- Whether any other aggravating circumstances or signs of predatory behavior are present.

Upon completion of the safety and well-being assessment, the Title IX Coordinator will determine the course of action, which may include but is not limited to Formal Resolution and/or Informal Resolution (if available).

Where the Complainant requests that personally-identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no further action be taken, the Title IX Coordinator will seek to honor the preferences of the Complainant wherever possible taking into consideration the safety factors listed above and its legal obligations. In all cases, the initial report, Intake Assessment, and the determinations of the Title IX Coordinator will be documented and retained by the Colleges in accordance with applicable law.

C. Where the Complainant Wishes to Pursue Formal or Informal Resolution

In every case in which the Complainant reports Prohibited Conduct and requests an investigation and disciplinary action, the Title IX Coordinator will promptly initiate Formal Resolution if, taking all known information as true, the report would constitute a violation of the Policy.

D. Where the Complainant Requests Anonymity, that an Investigation not be Pursued, that a Complaint be Withdrawn and/or that No Disciplinary Action Be Taken

A Complainant may request that personally-identifying information not be shared with the Respondent, that no investigation be pursued, that a complaint be withdrawn, and/or that no disciplinary action be taken.

The Title IX Coordinator will consider the following factors in evaluating such request(s): (1) the totality of the known circumstances; (2) the presence of any safety factors; (3) the potential impact of such action(s) on the Complainant; (4) fairness to the Respondent (5) any evidence showing that the Respondent made statements of admission or otherwise accepted responsibility for the Prohibited Conduct; (6) the existence of any independent information or evidence regarding the Prohibited Conduct; and (7) any other available and relevant information. The Colleges will seek to honor the Complainant’s request(s) if it is possible to do so while also protecting the
safety and well-being of the Complainant and the HWS community.

1. **Determination that a Complainant’s Request(s) Can be Honored**

   Where the Title IX Coordinator determines that a Complainant’s request(s) (that personally-identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no disciplinary action be taken) can be honored, the Colleges may nevertheless take other appropriate steps designed to eliminate the reported conduct, prevent its recurrence, and remedy its effects on the Complainant and the HWS community. Those steps may include offering appropriate remedial measures to the Complainant, providing targeted training or prevention programs, and/or providing or imposing other remedies tailored to the circumstances as a form of Informal Resolution.

   At any time, the Complainant may choose to pursue Informal Resolution (if available) or Formal Resolution under the Procedures applicable to the nature of the complaint. The Title IX Coordinator also may request that a report be re-opened and pursued under these Procedures if any new or additional information becomes available.

2. **Determination that a Complainant’s Request(s) Cannot be Honored**

   Where the Title IX Coordinator has determined that a Complainant’s request(s) (that personally-identifying information not be shared with the Respondent, that no investigation be pursued, that a complaint previously filed be withdrawn, and/or that no disciplinary action be taken) cannot be honored (i.e., because honoring the Complainant’s request(s) would impede the Colleges’ ability to ensure the safety and well-being of the Complainant and other members of the HWS community), the Title IX Coordinator will first notify the Complainant when reasonably possible to do so. The Title IX Coordinator will take appropriate actions on behalf of the Colleges, which may include, without limitation, (i) imposing a no-contact order or requesting that the Colleges impose an Interim Suspension or Leave on the Respondent; (ii) initiating an investigation and Formal Resolution; and/or (iii) arranging, imposing, or extending any other appropriate remedial and/or protective measures.

   Where the Title IX Coordinator has determined that the Colleges must proceed with an investigation despite a Complainant’s request to the contrary, the Title IX Coordinator will make reasonable efforts to protect the privacy of the Complainant. However, the Colleges’ investigation will involve speaking with the Respondent and others who may have relevant information, in which case the Complainant’s identity may have to be disclosed. In such cases, the Title IX Coordinator will notify the Complainant that the Colleges intend to proceed with an investigation, but that the Complainant is not required to participate in the investigation or in any other actions undertaken by the Colleges. In such cases, the Colleges will serve as the Complainant in seeking disciplinary action against a Respondent.

   Where a Complainant declines to participate in an investigation, the Colleges’ ability to meaningfully investigate and respond to a report may be limited. In such cases, the Title IX Coordinator may pursue the report if it is possible to do so without the Complainant’s participation in the investigation or resolution (e.g., where there is other relevant evidence of the Prohibited Conduct, such as recordings from security cameras, corroborating reports from other witnesses, physical evidence, or any evidence showing that the Respondent made
statements of admission or otherwise accepted responsibility for the Prohibited Conduct). In the absence of such other evidence, however, the Colleges will only be able to respond to the report in limited and general ways (i.e., through the provision of remedial measures, targeted training or prevention programs, or other remedies tailored to the circumstances).

When a decision is reached that impacts a Respondent (including the imposition of interim protective measures), the Title IX Coordinator will ensure that the Respondent is notified, receives a written explanation of all available resources and options, and is offered the opportunity to meet to discuss those resources and options.

E. **Considerations and Rights Associated with Reports of Sexual Misconduct**

1. **Advisors.**

Each party has the right to choose and consult with an Advisor of their choice. The Advisor may be any person, including an attorney, who is not otherwise a party or witness involved in the investigation or adjudication. The parties may be accompanied by their respective Advisors at any meeting or proceeding under this Policy and Procedures. While the Advisors may provide support and advice to the parties at any meeting and/or proceeding, they may not speak on behalf of the parties or otherwise participate in, or in any manner disrupt, such meetings and/or proceedings. Where an Advisor to any party is an attorney, the Colleges’ Title IX Coordinator and/or attorney may also attend the meeting or proceeding.

2. **Coordination with Law Enforcement**

The Title IX Coordinator will contact any law enforcement agency that is conducting its own investigation to inform that agency that the Colleges’ investigation is also in progress; to ascertain the status of the criminal investigation; and to determine the extent to which any evidence collected by law enforcement may be available to the Colleges in its investigation. At the request of law enforcement, the Title IX Coordinator may delay the Colleges’ investigation temporarily while an external law enforcement agency is gathering evidence. The Investigator will promptly resume the Colleges investigation when notified that law enforcement has completed the evidence-gathering stage of its criminal investigation.

XI. **TRAINING, EDUCATION AND PREVENTION PROGRAMS**

The Colleges provide training to students and employees to ensure they understand this Policy and the topics and issues related to maintaining an education and employment environment free from sexual misconduct.

The Colleges are committed to the prevention of Sexual Misconduct through ongoing education and awareness programs. The Colleges offer programs to promote awareness and prevention of Sexual Misconduct, including an overview of the Colleges’ Policy and Procedure, relevant definitions (including Prohibited Conduct, discussion of the impact of alcohol and illegal drug use, Affirmative Consent), and information about bystander intervention and risk reduction.

The Colleges’ Title IX Coordinator oversees the education and prevention calendar, tailoring programming to campus needs and climate. Incoming first-year students and new employees will receive primary
prevention and awareness programming. Returning students and employees will receive ongoing training on a periodic basis. All educational programs include information about resources and reporting options available for students, faculty, and staff.

XIII. ANNUAL REVIEW

The Colleges will evaluate changes in legal requirements, existing resources, the resolution of reports, including timeframes, sanctions and remedies, and other factors and update this Policy as appropriate. The Colleges will conduct a review of this Policy by August 15th each year and will communicate any changes to this Policy to the entire HWS community.
PROCEDURES FOR RESOLVING A SEXUAL MISCONDUCT COMPLAINT AGAINST A STUDENT

I. INTRODUCTION

The Colleges are committed to providing a safe and non-discriminatory environment for all members of the HWS community. The Colleges prohibit Sexual and Gender-Based Harassment, Sexual Assault, Sexual Exploitation, Intimate Partner Violence, Physical Assault, Stalking, and Retaliation ("Prohibited Conduct"). These forms of Prohibited Conduct are defined in the Colleges’ Sexual Misconduct Policy ("the Policy"). This accompanying Appendix ("the Procedures") outlines the procedures for resolving Complaints of Sexual Misconduct against a student. The Colleges use prompt and equitable procedures to assess, investigate and adjudicate reports of Prohibited Conduct and to impose sanctions as appropriate and necessary.

II. NOTICE TO THE COMPLAINANT AND RESPONDENT OF ACTION BY THE COLLEGES

The Title IX Coordinator will promptly inform the Complainant of any action(s) undertaken by the Colleges to respond to a safety or well-being concern for the Complainant or the HWS community. The Colleges will promptly inform the Complainant and Respondent of a decision to proceed with an investigation.

The parties will be notified of their right to choose and consult with an Advisor of their choice. The Advisor may be any person, including an attorney, who is not otherwise a party or witness to the reported incident(s). Each party may be accompanied by their respective Advisor at any meeting or proceeding under this Policy and Procedures. While the Advisor may provide support and advice to the party at any meeting and/or proceeding, they may not speak on behalf of the party or otherwise participate in, or in any manner disrupt, such meetings and/or proceedings. At any meeting and/or proceeding the Colleges’ Title IX Coordinator and/or attorney may also present.

III. COMPLAINT RESOLUTION PROCESS

These Procedures offer two forms of resolution of Complaints of Prohibited Conduct: (1) Informal Resolution, which includes a variety of informal options for resolving Complaints and (2) Formal Resolution, which involves an investigation and adjudicatory hearing.

A. Informal Resolution

The Complainant or Respondent may seek Informal Resolution in place of an investigation and Formal Resolution. Informal Resolution will not be used to impose disciplinary action against the Respondent. The Title IX Coordinator or designee has the discretion to determine whether the nature of the reported conduct is appropriate for Informal Resolution, to determine the type of Informal Resolution that may be appropriate in a specific case, and to refer a report for Formal Resolution at any time. In addition, Informal Resolution may not be available where the Title IX Coordinator has determined that one or more of the safety factors is present. Informal Resolution is not available in cases involving Sexual Assault.

Participation in Informal Resolution (including any specific form of Informal Resolution) is voluntary. The Colleges will not compel a Complainant or Respondent to engage in Informal Resolution,
will not compel the parties to directly confront each other, and will allow a Complainant or Respondent to withdraw from Informal Resolution at any time. The Colleges may decline the request for Informal Resolution in any particular case and may terminate an ongoing Informal Resolution process at any time. Pursuing Informal Resolution does not preclude later use of Formal Resolution if the Informal Resolution fails to achieve a resolution acceptable to the parties and the Colleges. Where the Complainant or the Respondent withdraws from Informal Resolution or Informal Resolution is otherwise terminated for any reason, any statements or disclosures made by the parties during the course of the Informal Resolution may be considered in a subsequent investigation and Formal Resolution.

Informal Resolution agreements may involve a host of interventions and remedies, such as actions designed to maximize access to educational, extracurricular, and/or HWS employment activities; increased monitoring, supervision, and/or security at locations or activities where the alleged Prohibited Conduct occurred or is likely to reoccur; targeted or broad-based educational programming or training for relevant individuals or groups; academic and/or HWS housing modifications; workplace modifications for employees; restorative remedies; and/or any other remedial or protective measures that can be tailored to the involved individuals to achieve the goals of the Policy.

Any form of Informal Resolution and any combination of interventions and remedies may be utilized. If an agreement acceptable to the Colleges, the Complainant, and the Respondent is reached through Informal Resolution, the terms of the agreement are implemented and the matter is resolved and closed. The matter may be referred for Formal Resolution if: an agreement is not reached, a Complainant requests investigation, either party withdraws their agreement to participate in Informal Resolution, or a Respondent fails to comply with the terms of the Informal Resolution.

Typically Informal Resolution will be completed within thirty (30) calendar days. The Title IX Coordinator will maintain records of all reports referred for Informal Resolution.

B. Formal Resolution

Formal Resolution is commenced when:

- A Complainant reports that a student has engaged in one or more instances of Prohibited Conduct and requests, at any time, an investigation and disciplinary action;
- The Colleges are aware of allegations of one or more instances of Prohibited Conduct;
- Informal Resolution does not resolve a reported incident of Prohibited Conduct; or
- At the conclusion of the Intake Assessment process, the Title IX Coordinator has determined, based upon a review of the totality of the circumstances and guided by a consideration of the safety factors, that investigation of the reported conduct is necessary to ensure the safety and well-being of the Complainant and/or other members of the HWS community, notwithstanding the Complainant’s request that personally-identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no disciplinary action be taken.

1. Relevance of Evidence

   a. Prior or Subsequent Conduct

   Prior or subsequent conduct of the Respondent may be considered in determining pattern, knowledge, intent, motive, or absence of mistake. For example, evidence of a pattern of Prohibited
Conduct by the Respondent, either before or after the incident in question, regardless of whether there has been a prior finding of a Policy violation, may be deemed relevant to the determination of responsibility for the Prohibited Conduct under investigation. The determination of relevance of the evidence will be based on an assessment of whether the previous or subsequent conduct was substantially similar to the conduct under investigation or indicates a pattern of similar Prohibited Conduct. The Title IX Coordinator will determine the relevance of this information and both parties will be informed if evidence of prior or subsequent conduct is deemed relevant.

b. **Prior Sexual History**

The sexual history of a Complainant or Respondent will never be used to prove character or reputation. Subject to federal and state law, evidence related to the prior sexual history of either of the parties is generally not relevant to the determination of a Policy violation and will be considered only in limited circumstances. For example, prior sexual history may be relevant to explain the presence of a physical injury or to help resolve another question raised by the report. The Title IX Coordinator will determine the relevance of this information and both parties will be informed if evidence of prior sexual history is deemed relevant.

2. **Investigation**

Whenever Formal Resolution is commenced, the Title IX Coordinator will designate one or more Investigators from the Colleges and/or an experienced external investigator to conduct a prompt, thorough, fair, and impartial investigation. All Investigators will receive annual training on issues related to Prohibited Conduct and on how to conduct an investigation that is trauma-informed, fair and impartial, provides parties with notice and a meaningful opportunity to be heard, and protects the safety of Complainants and the HWS community while promoting accountability.

a. **Notice of Investigation**

The Title IX Coordinator will notify the Complainant and the Respondent, in writing, of the commencement of an investigation. Such notice will (1) identify the Complainant and the Respondent; (2) specify the date, time (if known), location, and nature of the alleged Prohibited Conduct; (3) identify potential Policy violation(s); (4) identify the Investigator; (5) include information about the Student Bill of Rights; (6) inform the parties of the right to choose and consult with an Advisor, who can accompany the parties to any meeting or hearing under these Policy and Procedures; (7) explain the prohibition against Retaliation; (8) instruct the parties to preserve any potentially relevant evidence in any format; (9) inform the parties how to challenge participation by the Investigator on the basis of bias or a conflict of interest; and (10) provide a copy of the Policy and these Procedures.

b. **Presumption of Non-Responsibility and Participation by the Parties**

The investigation is a neutral fact-gathering process. The Respondent is presumed to be not responsible; this presumption may be overcome only where the adjudicator(s) concludes that there is sufficient evidence, by a Preponderance of the Evidence, to support a finding that the Respondent violated the Policy. Neither party is required to participate in the investigation or any form of resolution under these Procedures, and the adjudicator(s) will not draw any adverse inference from a decision by either of the parties not to participate.
c. **Timing of Investigation**

The investigation typically will be completed within thirty (30) calendar days. This period may be extended to account for a previous attempt, if any, at Informal Resolution, or for other good cause, as described in the section on Timeframe for Completion of Investigation and Adjudication; Extension for Good Cause. Any extension, other than for Informal Resolution, and the reason for the extension, will be shared with the parties in writing.

d. **Overview of Investigation**

During the investigation, the parties will have an equal opportunity to be heard, to submit information and corroborating evidence, to recommend witnesses who may have relevant information, and to submit questions that they believe should be directed by the Investigator to each other or to any witness. The Investigator will notify and seek to interview separately the Complainant, the Respondent, and third-party witnesses, and will gather other relevant and available evidence and information, including, without limitation, electronic or other records of communications between the parties or witnesses (via voice-mail, text message, email and social media sites), photographs (including those stored on computers and smartphones), and medical records (subject to the consent of the applicable party).

e. **Site Visit(s)**

The Investigator may visit relevant sites or locations and record observations through written, photographic, or other means.

f. **Expert Consultation(s)**

The Investigator may consult medical, forensic, technological or other experts when expertise on a topic is needed in order to achieve a fuller understanding of the issues under investigation.

g. **Preliminary Investigation Report; Review and Response Period**

At the conclusion of the investigation, the Investigator will prepare a Preliminary Investigation Report summarizing the information gathered and outlining the contested and uncontested information. The Preliminary Investigation Report will not include any findings or credibility assessments, which are reserved for the adjudicator, but may note observations relevant to crediblilty. The Title IX Coordinator or designee will review the Preliminary Investigation Report and has the discretion to determine the relevance of any proffered evidence and to include or exclude certain types of evidence or to defer those decisions to the adjudicator(s). The Title IX Coordinator may redact statements of personal opinion, rather than direct observations or reasonable inferences from the facts, or statements as to any party’s general reputation for any character trait. The Complainant and the Respondent will have an opportunity to review the Preliminary Investigation Report, respond to it in writing, meet with the Investigator, submit additional comments and information to the Investigator, identify any additional witnesses or evidence for the Investigator to consider, and submit any further questions that they believe should be directed by the Investigator to the other party or to any witness. The Investigator will designate a reasonable time for this review and response by the parties, not to exceed seven (7) calendar days. The parties may submit information, witness names and any evidence during the investigation or designated review and response period. In the absence of good cause, information discoverable through the exercise of due diligence that is not provided to the Investigator during the investigation or designated review and response period will
generally not be considered in the determination of responsibility for a violation of the Policy, and will not be considered by the adjudicator(s) or the Appeal Panel.

h. Final Investigation Report

Unless there are significant additional investigative steps required as identified by the Investigator, within seven (7) calendar days after receipt and consideration of any additional comments, questions and/or information submitted by the parties during the designated review and response period, the Investigator will prepare a Final Investigation Report. The Investigator will deliver the Final Investigation Report to the Title IX Coordinator. The Title IX Coordinator will notify both parties, simultaneously, that the Final Investigation Report is complete and available for review.

The Title IX Coordinator will review the Final Investigation Report to determine whether, taking all the information in the report in the light most favorable to the Complainant, an adjudicator could make a finding that a Policy violation occurred. Where the Title IX Coordinator, taking all the information in the report in the light most favorable to the Complainant, determines that an adjudicator could not make a finding that a Policy violation occurred, the Complainant and Respondent will be notified that the Complaint is closed. The Complainant or Respondent may submit to the Title IX Coordinator a written appeal explaining why they contest the Complaint closure. The Title IX Coordinator will ensure that the Complainant and Respondent have an opportunity to review and respond in writing to any such statement of appeal. The Title IX Coordinator will provide the Final Investigation Report, together with any statements by the parties, to the Appeal Panel who will issue a decision on the appeal within seven (7) calendar days. If the Title IX Coordinator determines that an adjudicator could by a preponderance of the evidence make a finding that a policy violation occurred, a charge will be drafted and the Complainant and Respondent will be informed in writing.

3. Adjudication

The Colleges have two adjudication options: (1) Administrative Conference before the Associate Dean of Students or other appropriate administrator designated by the Title IX Coordinator and (2) Hearing by a single external decision-maker or panel of external decision-maker(s). All persons serving as an adjudicator must be impartial and free from actual bias or conflict of interest. All adjudicators are trained at least annually on non-discrimination; the dynamics of sexual misconduct; the factors relevant to a determination of credibility; the appropriate trauma-informed manner in which to receive and evaluate sensitive information; the manner of deliberation; evaluation of consent and incapacitation; the application of the preponderance of the evidence standard; sanctioning; and the Colleges’ Sexual Misconduct Policy and these Procedures.

a. Administrative Conference

Either party may request an Administrative Conference or the Title IX Coordinator may determine that such a conference is appropriate. In an Administrative Conference, the Title IX

---

1 The Appeal Panel consists of the Vice President for Student Affairs or designee, the Director of Human Resources or designee, and the Provost or a faculty member designee. Appeal panel members are trained at least annually on non-discrimination; the dynamics of sexual misconduct; the factors relevant to a determination of credibility; the appropriate trauma-informed manner in which to receive and evaluate sensitive information; the manner of deliberation; evaluation of consent and incapacitation; the application of the preponderance of the evidence standard; sanctioning; and the Colleges’ Sexual Misconduct Policy and these Procedures.
Coordinator’s designee will meet with the parties to determine responsibility and sanction, if appropriate. The Final Investigative Report will serve as the primary evidence in making a determination of responsibility. An Administrative Conference is particularly appropriate when the Respondent has admitted to the Policy violation(s), or there is no discernible dispute in the relevant facts of the Final Investigative Report. The process in an Administrative Conference is likely to be less formal in nature. The Title IX Coordinator has ultimate discretion to determine whether resolution by an Administrative Conference is appropriate.

b. **Hearing by External Adjudicator(s)**

An external adjudicator is an individual or panel selected by the Title IX Coordinator or designee who is a neutral person(s) external to the Colleges trained to conduct a Hearing according to the Policy and these Procedures.

c. **Notice and Timing of Hearing**

Typically, a Hearing will be held within forty-five (45) calendar days from the date of the Notice of Investigation, subject to extension for good cause. The Title IX Coordinator will notify the parties in writing of the specific charge, the date, time, and location of the Hearing, the name(s) of the adjudicators, and how to challenge participation by any adjudicator(s) for bias or conflict of interest.

d. **Postponement of Hearing**

The Colleges may postpone the hearing at the discretion of the Title IX Coordinator. Good cause for extension may include the unavailability of the parties, the timing of semester breaks or HWS holidays, or other extenuating circumstances. Any extension, including the reason for the extension, will be shared with the parties in writing. The Complainant or the Respondent may seek to postpone the hearing. Permission to postpone a Hearing may be granted provided that the request to do so is based on a compelling emergency and communicated to the Title IX Coordinator prior to the time of the Hearing.

e. **Acceptance of Responsibility**

The Respondent may, at any time, elect to resolve the Formal Resolution process by accepting responsibility for the Prohibited Conduct, in which case the Title IX Coordinator will refer the matter for Administrative Conference.

f. **Hearing Format**

The Hearing is an opportunity for the parties to address the adjudicator in person about issues relevant to the finding of responsibility. The parties may address any information in the Final Investigation Report and the supplemental statements submitted in response to the Final Investigation Report. Each party has the opportunity to be heard, to identify witnesses for the adjudicator’s consideration, and to respond to any questions of the adjudicator. The parties may not directly question each other or any witness, although they may proffer questions for the adjudicator, who may choose, in their discretion, to pose appropriate and relevant questions to the parties and/or any witnesses. A typical hearing may include brief opening remarks by the Complainant and/or Respondent, with follow-up questions posed by the adjudicator, information presented by the parties or witnesses deemed relevant by the adjudicator, with follow-up questions of the parties or witnesses by the adjudicator, and brief concluding remarks by the Complainant and Respondent.
Appendix A to Hobart and William Smith Colleges Sexual Misconduct Policy

g. **Participation in Hearing**

Both the Complainant and the Respondent have a right to be present at the Hearing. Either party may be accompanied in the Hearing by an Advisor of their choice and must provide the name of their Advisor to the Title IX Coordinator at least three (3) days prior to the Hearing.

Either party may also request alternative methods for participating in the Hearing that do not require physical proximity to the other party, including participating through electronic means. This request should be submitted to the Title IX Coordinator at least three (3) calendar days prior to the Hearing.

If, despite being notified of the date, time, and location of the Hearing, either party is not in attendance, the Hearing may proceed and applicable sanctions may be imposed. Neither party is required to participate in the Hearing in order for the Hearing to proceed.

h. **Participation by Witnesses**

The parties may submit to the Title IX Coordinator a list of witnesses they believe have relevant information to the outcome of the hearing. The adjudicator will review the parties’ requested witnesses and consider any other witnesses. The adjudicator has discretion to determine which witnesses are relevant and may decline to hear from witnesses where they conclude that the information is not necessary for the review. Witnesses will only be permitted inside the Hearing location during their own testimony.

i. **Post-Finding Written Impact and Mitigation Statements**

Where there is a finding of responsibility on one or more of the charges, both parties may submit a written statement to the Title IX Coordinator for consideration by the adjudicator in determining an appropriate sanction. The Complainant may submit a written statement describing the impact of the Prohibited Conduct and expressing a preference about the sanction(s) to be imposed. The Respondent may submit a written statement explaining any factors that the Respondent believes should mitigate or otherwise be considered in determining the sanctions(s) imposed. The parties may submit their statements to the Title IX Coordinator prior to the Hearing but no later than 24 hours after the close of the Hearing. The Title IX Coordinator will ensure that each of the parties has an opportunity to review any statement submitted by the other party. The Title IX Coordinator will only provide such statement(s) to the adjudicator upon a finding of responsibility.

j. **Sanctions**

Where a student is found responsible for a violation of the Sexual Misconduct Policy, the adjudicator, in consultation with the Associate Dean of Students or other appropriate administrator (designated by the Title IX Coordinator prior to the Hearing) will determine the appropriate sanction(s). The Colleges may impose any of the below possible sanctions:

- Probation;
- Conduct warning;
- Suspension;
- Expulsion/permanent separation;
Appendix A to Hobart and William Smith Colleges Sexual Misconduct Policy

- Organizational sanctions including probation and rescinding recognition; and/or
- Any other educational and/or remedial measures to eliminate, prevent or address the Prohibited Conduct.

In general:

- Any student who is found responsible for Sexual Assault (involving sexual intercourse) will receive a sanction ranging from suspension to expulsion.
- Any student who is found responsible for Sexual Assault (involving sexual contact) will receive a sanction ranging from conduct warning to expulsion.
- Any student who is found responsible for any other form of Prohibited Conduct will receive a sanction ranging from conduct warning to expulsion.
- When any group (student group, student organization or team) is determined to have acted in violation of this Policy, the group will receive a sanction ranging from probation to loss of recognition or status.

The adjudicator may broaden or lessen any range of recommended sanctions based on mitigating or aggravating circumstances. A single sanction or a combination of sanctions may be issued.

In considering the appropriate sanction within the recommended outcomes, the adjudicator will consider the following factors:

- the Respondent’s prior discipline history;
- how the Colleges have sanctioned similar incidents in the past;
- the nature and violence of the conduct at issue;
- the impact of the conduct on the Complainant;
- the impact of the conduct on the HWS community;
- any written impact and mitigation statements submitted by the parties;
- whether the Respondent has accepted responsibility;
- whether the Respondent is reasonably likely to engage in the conduct in the future;
- location of incident;
- whether the conduct reflects collusion with other individuals;
- the need to deter similar conduct by others; and
- any other mitigating or aggravating circumstances.

Absent justifications, if the Respondent has engaged in the same or similar conduct in the past, the sanction will be greater than the previous sanction.

The adjudicator will also consider other remedial actions that may be taken to address any Prohibited Conduct and prevent its recurrence, including strategies to protect the Complainant and any witnesses from retaliation; counseling for the Complainant; other steps to address any impact on the
Complainant, any witnesses, and the broader student body; and any other necessary steps reasonably calculated to prevent future occurrences of Prohibited Conduct.

k. Final Outcome Letter

The adjudicator will simultaneously issue a written decision (the “Final Outcome Letter”) to both the Complainant and the Respondent, with a copy to the Title IX Coordinator, within seven (7) calendar days following the Hearing. The Final Outcome Letter will set forth the violation(s) of the Policy for which the Respondent was found responsible or not responsible, the rationale; the sanction(s) (if applicable) imposed against the Respondent; and the rationale for any sanction(s) imposed. The Final Outcome Letter may also identify protective measures implemented with respect to the Respondent or the broader HWS community. The Final Outcome Letter will not disclose any remedial measures provided to the Complainant.

4. Appeals

The Complainant and the Respondent may appeal the Final Outcome. An appeal must be filed with the Title IX Coordinator in writing within seven (7) calendar days of receiving the Final Outcome Letter.

The grounds for appeal are:

- previously unavailable relevant evidence that could significantly impact the Final Outcome;
- procedural error(s) that had a material impact on the Final Outcome; and
- the sanction is grossly disproportionate to the conduct committed.

The appeal shall consist of a plain, concise, and complete written statement outlining the grounds for the appeal. Upon receipt of an appeal, the Title IX Coordinator will notify both parties and provide them with the written statement of appeal. Each party has an opportunity to respond in writing to the appeal. Any response to the appeal must be submitted to the Title IX Coordinator within seven (7) calendar days from receipt of the appeal.

The appeal will be conducted in an impartial manner by an Appeal Panel. In any appeal, the burden of proof lies with the party requesting the appeal, as the original determination and sanction are presumed to have been decided reasonably and appropriately. The appeal is not a new review of the underlying matter. The Appeal Panel will consider an appeal only on the basis of one or more of the three grounds for appeal stated above, and will make a determination based on supporting information provided in the written request for appeal, the written response of both parties, the Final Investigative Report and the written record of the original hearing including the Final Outcome Letter. The Appeal Panel can dismiss the appeal for failing to state a grounds for appeal, affirm the original findings, or send the case back to the adjudicator for reconsideration.

Absent extenuating circumstances, the Appeal Panel will communicate the result of the appeal to the Complainant and the Respondent within ten (10) calendar days from the date of the submission of all appeal documents by both parties. Appeal decisions are final.
5. **Timeframe for Completion of Investigation and Adjudication; Extension for Good Cause.**

Typically, the period from commencement of an investigation through resolution (finding and sanction, if any) will not exceed sixty (60) calendar days. This timeframe may be extended for good cause, which may exist if additional time is necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement for temporary delay to gather evidence for a criminal investigation, to accommodate the availability of witnesses, to account for breaks or vacations in the HWS calendar, to account for complexities of a case, including the number of witnesses and volume of information provided by the parties, or for other legitimate reasons. The Title IX Coordinator will notify the parties in writing of any extension of this timeframe and the reason for such extension.

6. **Transcript Notations.**

After a finding of responsibility, the Title IX Coordinator will direct the Colleges’ Registrar to make a notation on the Respondent’s transcript stating the student was "suspended after a finding of responsibility for a code of conduct violation" or "expelled after a finding of responsibility for a code of conduct violation." Notations following an expulsion are permanent. After one year, Respondents who have been suspended may appeal to the Appeals Panel, requesting the removal of the notation. A Respondent may appeal the notation regarding suspension no more than one time per year.

IV. **WITHDRAWAL PENDING OUTCOME**

The Title IX Coordinator will direct the Colleges’ Registrar to make a notation on the academic transcript of any student who withdraws from the Colleges while under investigation for Prohibited Conduct. The transcript will indicate "withdrew with conduct charges pending" where a Respondent chooses to withdraw from the Colleges prior to the conclusion of a Formal Resolution. Students who withdraw while conduct charges are pending may not apply for readmission to the Colleges.

V. **RELEASE OF DOCUMENTS**

Under federal privacy laws, the Final Investigation Report, statements of one party that are shared with the other party in the resolution process, and any documents prepared by the Colleges, including documents by or for the adjudicators in advance of the Hearing, constitute education records which may not be disclosed outside of the proceedings, except as may be required or authorized by law. The Colleges will not, however, impose any restrictions on the parties regarding re-disclosure of the incident, their participation in proceedings, or the Final Outcome Letter.

VI. **RECORDS**

The Title IX Coordinator will retain all records relating to reports of Sexual Misconduct for no fewer than eight years.

The Office of Student Affairs maintains conduct records relating to all student disciplinary matters. Reports resolved by Informal Resolution are not kept in a student’s conduct record. Findings of no responsibility are not kept in the student’s conduct record. Affirmative findings of responsibility are part of a student’s conduct record. Such records shall be used in reviewing any further conduct or in developing sanctions and shall remain a part of a student’s conduct record. The conduct files of students who have been suspended, expelled, or have withdrawn from the Colleges with conduct charges pending
are maintained in the Office of Student Affairs for no fewer than eight years following a student’s departure from the Colleges.
NEW YORK CRIME DEFINITIONS
Required to be distributed by The Violence Against Women Act (VAWA)

The Violence Against Women Act (VAWA) and its proposed regulations require the Colleges to include certain New York State definitions in their Annual Security Report and also require that these definitions be provided in other materials disseminated by the Colleges. The definitions required to be provided are set forth below.

CONSENT: Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor’s conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor’s situation would have understood such person’s words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: (a) less than 17 years old; or (b) mentally disabled; or (c) mentally incapacitated; or (d) physically helpless; or (e) committed to the care and custody of the state department of correctional services, or a hospital, (f) committed to the care and custody of a local correctional facility, or (g) committed to the office of children and family services and is in residential care, or (h) a client or patient of a health care provider or mental health care provider, or (i) a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

CONSENT, ABBREVIATED: Clear, unambiguous, and voluntary agreement between the participating persons who are capable of consent to engage in specific sexual activity.

DATING VIOLENCE: New York State does not specifically define “dating violence.” However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime listed elsewhere in this document and is committed by a person in an “intimate relationship” with the victim. See “Family or Household Member” for definition of “intimate relationship.”

DOMESTIC VIOLENCE: An act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal
mischief, menacing, reckless endangerment, kidnapping, assault, attempted murder, criminal obstruction or breaching or blood circulation, or strangulation; and such acts have created a substantial risk of physical or emotional harm to a person or a person’s child. Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person’s child is a victim of the act.

**FAMILY OR HOUSEHOLD MEMBER:** Persons related by consanguinity or affinity; persons legally married to one another; persons formerly married to one another regardless of whether they still reside in the same household; persons who have a child in common regardless of whether such persons are married or have lived together at any time; unrelated persons who are continually or at regular intervals living in the same household or who have in the past continually or at regular intervals lived in the same household; persons who are not related by consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time. Factors that may be considered in determining whether a relationship is an “intimate relationship” include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an “intimate relationship.” Any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Intimate relationship status shall be applied to teens, lesbian/gay/bisexual/transgender, and elderly individuals, current and formerly married and/or dating heterosexual individuals who were, or are in an intimate relationship.

**PARENT:** means natural or adoptive parent or any individual lawfully charged with a minor child’s care or custody.

**SEXUAL ASSAULT:** New York State does not specifically define sexual assault. However, according to the Federal Regulations, sexual assault includes offenses that meet the definitions of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program.

**SEX OFFENSES; LACK OF CONSENT:** Whether or not specifically stated, it is an element of every offense defined in this article that the sexual act was committed without the consent of the victim.

**SEXUAL MISCONDUCT:** When a person (1) engages in sexual intercourse with another person without such person’s consent; or (2) engages in oral sexual conduct or anal sexual conduct without such person’s consent; or (3) engages in sexual conduct with an animal or a dead human body.

**RAPE IN THE THIRD DEGREE:** When a person (1) engages in sexual intercourse with another person who is incapable of consent by reason of some factor other than being less than 17 years old; (2) Being 21 years old or more, engages in sexual intercourse with another person less than 17 years old; or (3) engages in sexual intercourse with another person
without such person's consent where such lack of consent is by reason of some factor other than incapacity to consent.

RAPE IN THE SECOND DEGREE: When a person (1) being 18 years old or more, engages in sexual intercourse with another person less than 15 years old; or (2) engages in sexual intercourse with another person who is incapable of consent by reason of being mentally disabled or mentally incapacitated. It is an affirmative defense to the crime of rape in the second degree that the defendant was less than four years older than the victim at the time of the act.

RAPE IN THE FIRST DEGREE: When a person engages in sexual intercourse with another person (1) by forcible compulsion; or (2) who is incapable of consent by reason of being physically helpless; or (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.

CRIMINAL SEXUAL ACT IN THE THIRD DEGREE: When a person engages in oral or anal sexual conduct (1) with a person who is incapable of consent by reason of some factor other than being less than 17 years old; or (2) being 21 years old or more, with a person less than 17 years old; or (3) with another person without such persons consent where such lack of consent is by reason of some factor other than incapacity to consent.

CRIMINAL SEXUAL ACT IN THE SECOND DEGREE: When a person engages in oral or anal sexual conduct with another person (1) and is 18 years or more and the other person is less than 15 years old; or (2) who is incapable of consent by reason of being mentally disabled or mentally incapacitated. It is an affirmative defense that the defendant was less than four years older than the victim at the time of the act.

CRIMINAL SEXUAL ACT IN THE FIRST DEGREE: When a person engages in oral or anal sexual conduct with another person (1) by forcible compulsion; (2) who is incapable of consent by reason of being physically helpless; (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.

FORCIBLE TOUCHING: When a person intentionally, and for no legitimate purpose, forcibly touches the sexual or other intimate parts of another person for the purpose of degrading or abusing such person; or for the purpose of gratifying the actor’s sexual desire. It includes squeezing, grabbing, or pinching.

PERSISTENT SEXUAL ABUSE: When a person commits a crime of forcible touching, or second or third degree sexual abuse within the previous ten year period, has been convicted two or more times, in separate criminal transactions for which a sentence was imposed on separate occasions of one of the above mentioned crimes or any offense defined in this article, of which the commission or attempted commissions thereof is a felony.

SEXUAL ABUSE IN THE THIRD DEGREE: When a person subjects another person to sexual contact without the latter’s consent. For any prosecution under this section, it is
an affirmative defense that (1) such other person’s lack of consent was due solely to incapacity to consent by reason of being less than 17 years old; and (2) such other person was more than 14 years old and (3) the defendant was less than five years older than such other person.

**SEXUAL ABUSE IN THE SECOND DEGREE:** When a person subjects another person to sexual contact and when such other person is (1) incapable of consent by reason of some factor other than being less than 17 years old; or (2) less than 14 years old.

**SEXUAL ABUSE IN THE FIRST DEGREE:** When a person subjects another person to sexual contact (1) by forcible compulsion; or (2) when the other person is incapable of consent by reason of being physically helpless; or (3) when the other person is less than 11 years old; or (4) when the actor is 21 years old or older and the other person is less than 13 years old.

**AGGRAVATED SEXUAL ABUSE:** For the purposes of this section, conduct performed for a valid medical purpose does not violate the provisions of this section.

**AGGRAVATED SEXUAL ABUSE IN THE FOURTH DEGREE:** When a person inserts a (1) foreign object in the vagina, urethra, penis, rectum or anus of another person and the other person is incapable of consent by reason of some factor other than being less than 17 years old; or (2) finger in the vagina, urethra, penis, rectum or anus of another person causing physical injury to such person and such person is incapable of consent by reason of some factor other than being less than 17 years old.

**AGGRAVATED SEXUAL ABUSE IN THE THIRD DEGREE:** When a person inserts a foreign object in the vagina, urethra, penis, rectum or anus of another person (1)(a) by forcible compulsion; (b) when the other person is incapable of consent by reason of being physically helpless; or (c) when the other person is less than 11 years old; or (2) causing physical injury to such person and such person is incapable of consent by reason of being mentally disabled or mentally incapacitated.

**AGGRAVATED SEXUAL ABUSE IN THE SECOND DEGREE:** When a person inserts a finger in the vagina, urethra, penis, rectum or anus of another person causing physical injury to such person (1) by forcible compulsion; or (2) when the other person is incapable of consent by reason of being physically helpless; or (3) when the other person is less than 11 years old.

**AGGRAVATED SEXUAL ABUSE IN THE FIRST DEGREE:** When a person inserts a foreign object in the vagina, urethra, penis, rectum or anus of another person causing physical injury to such person (1) by forcible compulsion; or (2) when the other person is incapable of consent by reason of being physically helpless; or (3) when the other person is less than 11 years old.

**COURSE OF SEXUAL CONDUCT AGAINST A CHILD IN THE SECOND DEGREE:** When over a period of time, not less than three months, a person: (1) engages in two or more acts of sexual conduct with a child less than 11 years old; or (2) being 18 years old or more engages in two or more acts of sexual conduct with a child less than 13 years old. A person
may not be subsequently prosecuted for any other sexual offense involving the same victim unless the other charges offense occurred outside of the time period charged under this section.

**COURSE OF SEXUAL CONDUCT AGAINST A CHILD IN THE FIRST DEGREE:** When a person over a period of time, not less than three months in duration, a person: (1) engages in two or more acts of sexual conduct, or aggravated sexual contact with a child less than 11 years old; or (2) being 18 years old or more engages in two or more acts of sexual conduct which includes at least one act of sexual intercourse, oral sexual conduct, anal sexual conduct, or aggravated sexual contact with a child less than 13 years old. A person may not be subsequently prosecuted for any other sexual offense involving the same victim unless the other charges offense occurred outside of the time period charged under this section.

**FACILITATING A SEX OFFENSE WITH A CONTROLLED SUBSTANCE:** A person is guilty of facilitating a sex offense with a controlled substance when he or she: (1) knowingly and unlawfully possesses a controlled substance or any preparation, compound, mixture or substance that requires a prescription to obtain and administers such substance or preparation, compound, mixture or substance that requires a prescription to obtain to another person without such person’s consent and with intent to commit against such person conduct constituting a felony defined in this article; and (2) commits or attempts to commit such conduct constituting a felony defined in this article.

**INCEST IN THE THIRD DEGREE:** A person is guilty of incest in the third degree when he or she marries or engages in sexual intercourse, oral sexual conduct or anal sexual conduct with a person whom he or she knows to be related to him or her, whether through marriage or not, as an ancestor, descendant, brother or sister of either the whole or the half blood, uncle, aunt, nephew or niece.

**INCEST IN THE SECOND DEGREE:** A person is guilty of incest in the second degree when he or she commits the crime of rape in the second degree, or criminal sexual act in the second degree, against a person whom he or she knows to be related to him or her, whether through marriage or not, as an ancestor, descendant, brother or sister of either the whole or the half blood, uncle, aunt, nephew or niece.

**INCEST IN THE FIRST DEGREE:** A person is guilty of incest in the first degree when he or she commits the crime of rape in the first degree, or criminal sexual act in the first degree, against a person whom he or she knows to be related to him or her, whether through marriage or not, as an ancestor, descendant, brother or sister of either the whole or half blood, uncle, aunt, nephew or niece.

**STALKING IN THE FOURTH DEGREE:** When a person intentionally, and for no legitimate purpose, engages in a course of conduct directed at a specific person, and knows or reasonably should know that such conduct (1) is likely to cause reasonable fear of material harm to the physical health, safety or property of such person, a member of such person’s immediate family or a third party with whom such person is acquainted; or (2) causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person’s immediate family or a third party with whom such person is acquainted, and the
actor was previously clearly informed to cease that conduct; or (3) is likely to cause such person to reasonably fear that his or her employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person’s place of employment or business, and the actor was previously clearly informed to cease that conduct. (Effective October 21, 2014: For purposes of subdivision two (2), “following” includes the unauthorized tracking of such person’s movements or location through the use of global positions system or other device.)

**STALKING IN THE THIRD DEGREE:** When a person (1) commits the crime of stalking in the fourth degree against any person in three or more separate transactions, for which the actor has not been previously convicted; or (2) commits the crime of stalking in the fourth degree against any person, and has previously been convicted, within the preceding ten years of a specified predicate crime and the victim of such specified predicate crime is the victim, or an immediate family member of the victim, of the present offense; or (3) with an intent to harass, annoy or alarm a specific person, intentionally engages in a course of conduct directed at such person which is likely to cause such person to reasonably fear physical injury or serious physical injury, the commission of a sex offense against, or the kidnapping, unlawful imprisonment or death of such person or a member of such person’s immediate family; or (4) commits the crime or stalking in the fourth degree and has previously been convicted within the preceding ten years of stalking in the fourth degree.

**STALKING IN THE SECOND DEGREE:** When a person: (1) commits the crime of stalking in the third degree and in the course of and furtherance of the commission of such offense: (a) displays, or possesses and threatens the use of, a firearm, pistol, revolver, rifle, sword, billy, blackjack, bludgeon, plastic knuckles, metal knuckles, chuka stick, sand bag, sandclub, slingshot, “Kung Fu Star,” dagger, dangerous knife, dirk, razor, stiletto, imitation pistol, dangerous instrument, deadly instrument or deadly weapons; or (b) displays what appears to be a pistol, revolver, rifle, shotgun, machine gun or other firearm; or (2) commits the crime of stalking in the third against any person, and has previously been convicted, within the preceding five years, of a specified predicate crime, and the victim of such specified predicate crime is the victim, or an immediate family member of the victim, of the present offense; or (3) commits the crime of stalking in the fourth degree and has previously been convicted of stalking in the third degree; or (4) being 21 years of age or older, repeatedly follows a person under the age of 14 or engages in a course of conduct or repeatedly commits acts over a period of time intentionally placing or attempting to place such person who is under the age of 14 in reasonable fear of physical injury, serious physical injury or death; or (5) commits the crime of stalking in the third degree, against ten or more persons, in ten or more separate transactions, for which the actor has not been previously convicted.

**STALKING IN THE FIRST DEGREE:** When a person commits the crime of stalking in the third degree or stalking in the second degree and, in the course and furtherance thereof, he or she intentionally or recklessly causes physical injury to the victim of such crime.
Appendix C
Mandatory Child Abuse Reporting

All members of the Colleges community have a duty to immediately report suspected abuse, neglect, or sexual harassment of a minor (a person under the age of 18) when either of the following provides reasonable cause to suspect such abuse:

- information shared by the minor or any other individual; or
- personal observations or knowledge

The duty to report is triggered by reasonable suspicion or belief. There is no requirement that there be actual evidence of abuse, nor should any individual seek to investigate the matter before reporting. Any doubt as to whether or not to report should be resolved in favor of making the report to ensure that the appropriate professionals in child protective services can assess the report and evaluate the safety of the minor.

Abuse or maltreatment means that the parent or caregiver directly harms the child or acts in a way that allows the child to be physically or emotionally harmed or sexually abused. The duty to report exists regardless of whether or not the suspected perpetrator is a member of the HWS community and regardless of the specific role he/she occupies in the minor's life.

Under this policy, any HWS community member (faculty, staff, students, volunteers) suspecting abuse of a minor is required to bring all reasonable suspicions or beliefs to the immediate attention of any of the following individuals:

- Campus Safety: 315.781.3333 or 315.781.3000
- Title IX Coordinator: 315.781.3922

The individual making a report to the above administrators will include all known information regarding the suspected abuse or neglect, including name of the victim, name of the alleged perpetrator, and the date(s), location and nature of the suspected abuse. The individual receiving the report, along with the individual making a report, will make an immediate report to the New York Statewide Central Register of Child Abuse and Maltreatment (sometimes referred to as the State Central Register or SCR) at:

Child Abuse Hotline Number
1-800-342-3720

The community member who made the report and administrator who received the report will coordinate to submit a written report to Ontario County Child Protective Services, or appropriate child protective services agency, within 48 hours of the oral report. The written report form (Child Protective Services form LDSS-2221A) is available at the New York State Office of Children and Family Services website at [www.ocfs.ny.gov](http://www.ocfs.ny.gov) (click on Forms and then Child Protective Services to access LDSS-2221A). A reporting individual can also obtain the form from the Colleges’ Director of Campus Safety. The completed form must be mailed or delivered
to Ontario County Department of Social Services’ Child Protective Services unit at 3010 County Complex Drive, Canandaigua, New York 14424-1296.

The administrator who received the report will also immediately notify the President’s Chief of Staff of the report.

New York’s child abuse reporting law requires certain professionals to file a report of suspected child abuse and maltreatment. The following types of professionals who work for or with the Colleges are required to make these reports: any physician; registered physician assistant; psychologist; registered nurse; social worker; emergency medical technician; licensed mental health counselor; licensed psychoanalyst; director of a children’s overnight camp or summer day camp; mental health professional; substance abuse counselor; alcoholism counselor; and all persons credentialed by the Office of Alcoholism and Substance Abuse Services. This Policy should not be relied upon alone to determine mandatory reporting obligations. Individuals should be aware based upon their role and credentials whether mandatory reporting obligations exist. Any questions should be directed to the supervisor responsible for overseeing the functions or role giving rise to the obligation. In most cases, this will be an employee’s supervisor.
