Whether you have a new prescription or need to transfer an existing prescription, it's easy to get started with OptumRx.

Here is how:

By online registration:

Visit **optumrx.com**, register and follow the simple step-by-step instructions. You can manage your medication online, including filling new prescriptions and transferring other prescriptions to home delivery. You can also set up text message reminders to help manage your medication schedule. Be sure to have your health plan ID card and medication bottles on hand.

By phone:

Just call the member phone number on the back of your plan ID card to talk with a customer service representative right now. It's helpful to have your plan ID card and medication bottle available. The representative can also contact your doctor directly if you need a new prescription.

By mail:

Ask your doctor for a new prescription for up to a three-month supply, plus refills for up to one year. Then go to **optumrx.com** and download the new prescription order form. Mail it to the address provided on the bottom of the form.

By fax / ePrescribe:

Ask your doctor to call **1-800-791-7658** for instructions on how to fax your prescription directly to OptumRx. Or your doctor can send an electronic prescription to OptumRx.

Once OptumRx receives your complete order for a new prescription, your medication should arrive within 10 business days. Completed refill orders should arrive in about seven business days.

Need your medication right away? Ask your doctor for a one-month supply that can be immediately filled at a participating retail pharmacy.

We look forward to serving you.
