**Biology BA**  
disciplinary, 12 courses

At least 6 courses must be unique to any major. All courses for the major must be completed with a grade of C- or better. Includes 9 Biology courses, 7 of which must be taken at HWS, and at least 5 of which must have a laboratory. Of the 6 Biology electives, a minimum of 3 courses must be completed in each of the two categories (A or B; see the course catalog for listings). BIOL 496 may substitute for BIOL 460 with the adviser's permission. Credit/no credit courses cannot be counted toward the major.

Three 200-level electives. These courses should be completed by the end of the junior year:

| □              | □                  | □                  | BIOL 2__ |                              | A  B         |
| □              | □                  | □                  | BIOL 2__ |                              | A  B         |
| □              | □                  | □                  | BIOL 2__ |                              | A  B         |

Three 300-level electives:

| □              | □                  | □                  | BIOL 3__ |                              | A  B         |
| □              | □                  | □                  | BIOL 3__ |                              | A  B         |
| □              | □                  | □                  | BIOL 3__ |                              | A  B         |

Supporting science courses:

| □              | □                  | □                  | CHEM 110 |                              |              |
| □              | □                  | □                  | CHEM 240 |                              |              |
| □              | □                  | □                  | MATH 130 |                              |              |

---

**Comments:**

---

**Major Certification**

We agree that the successful completion of the program of courses indicated above will constitute an acceptable major.  
(Compliance with uniqueness rules and other requirements will be confirmed by the Registrar.)
