Welcome to Hobart and William Smith Colleges, a truly unique and extraordinary student-centered environment where our students prepare to lead lives of consequence.

At Hobart and William Smith Colleges, safety is our top priority and we believe that it is a shared responsibility. Our campus safety team is committed to working collaboratively with members of the Hobart and William Smith community to provide a safe and secure living and educational environment that nurtures the academic and social growth of our students. This collaboration begins with students, faculty and staff understanding and practicing basic safety and security measures and reporting illegal activity or suspicious circumstances immediately to the Office of Campus Safety.

Our annual security report, which is made available to all students, faculty and staff, is an excellent source of information about our safety and security services, prevention program and other resources we offer to the campus community. We encourage you to read this information and become an active partner in contributing to the safety and security of our campus.

Please stop by our office, located in the facilities building in Medbery parking lot, or contact me directly at (315) 781-3000 or at corbett@hws.edu if you have any questions about campus safety services or have any safety and security concerns.

Martin Corbett
Associate Vice President of Campus Safety

About the Office of Campus Safety

About Hobart and William Smith Colleges
Located on 320 acres in the heart of New York State's Finger Lakes region, Hobart and William Smith are independent liberal arts colleges distinctive for providing highly individualized educations. Guided by an interdisciplinary curriculum grounded in exploration and rigor, the Colleges prepare students to think critically. In partnership with the Geneva and global communities and through robust programs in career development, study-abroad, service, leadership and athletics, the Colleges foster an environment that values global citizenship, teamwork, ethics, inclusive excellence and cultural competence.

Campus Safety Authority and Working Relationships
Campus Safety officers are proprietary security officers of the Colleges and receive their authority to maintain public order on the campus through the New York State Education Law. As such, Campus Safety officers do not have police or arrest authority, but do maintain a close working relationship with area law enforcement agencies, including the Geneva Police Department, Ontario County Sheriff’s Office, Seneca County Sheriff’s Office and the New York State Police.

All required criminal incidents and motor vehicle accidents are reported to the Geneva Police Department for investigative and arrest purposes. In addition, Hobart and William Smith Colleges have a memorandum of understanding with the Geneva Police Department
providing for the investigation of reports of missing students or any violent felony offenses committed on campus, and as defined in subdivision one of section 70.02 of the New York State Penal Law.

While assisting and working cooperatively with area law enforcement agencies during the investigation of campus incidents, the Office of Campus Safety coordinates all on-campus requests for services for law enforcement agencies, fire services, emergency medical services and other emergency response agencies.

In addition to investigating violations of criminal law, Campus Safety is empowered to enforce Hobart and William Smith Colleges' institutional rules and regulations as defined in the HWS Handbook of Community Standards and to investigate and report on any alleged community standards violations. The Office of Campus Safety performs these duties on-campus and at all non-campus locations owned or controlled by the Colleges.

Campus Safety complies with the registration and training requirements of the New York State Security Guard Act for all campus safety officers.

**Reporting Crimes and Other Emergencies**

Hobart and William Smith community members are strongly encouraged to promptly and accurately report all crimes and safety related incidents to the Office of Campus Safety. Campus safety dispatchers are available 24 hours a day to answer your calls and will direct campus safety officers and other appropriate emergency responders to your location. The campus safety emergency line can be reached from off campus telephones or cellular telephones at (315) 781-3333 or by dialing 3333 from any on campus telephone. When calling, please state the nature of the emergency and provide any requested information to the campus safety dispatcher.

Crimes should be reported to the Office of Campus Safety for the continued safety of all community members, for inclusion in the annual security report and daily crime log, and to evaluate the need to issue a “timely warning” notice to the campus community.

All members of the Hobart and William Smith community have the right to report crimes directly to local law enforcement and members of the Office of Campus Safety will assist with this process when the victim or witness of a crime elects to, or is unable physically and/or mentally, to make such a report. Reports to the Geneva Police Department can be made by dialing 911. Crimes can also be reported directly to the Ontario County Sheriff’s Office by dialing 911.

**Reporting to Other Campus Security Authorities:**

In addition to the Office of Campus Safety, crimes can be reported to:
- Any professional staff member of the Office of Student Engagement (315-781-3880);
- Human Resources Office (315-781-3312);
- Any members of the Office of Title IX Programs and Compliance (315-781-3922).

Other resources available to assist students with questions or concerns on campus include:
- Any academic Dean with the Hobart (315-781-3300) or William Smith (315-781-3477) dean's offices.

**Blue Light Emergency Phones**

In addition, 33 blue light and emergency telephones are strategically placed throughout the campus along commonly used walking routes of travel or at the entrances to most residence halls. These emergency phones dial the Campus Safety emergency line directly and detail the caller's exact location to the Campus Safety dispatcher. Members of the campus community are encouraged to use the blue light telephones to request assistance or report suspicious conditions.

**Voluntary, Confidential Reporting**

If you would like to report a crime, but do not want to pursue action within the Colleges or criminal justice systems, we ask that you consider filing a voluntary, confidential report. Depending on the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. However, the Office of Campus Safety cannot guarantee confidentiality in all cases. The purpose of a confidential report is to comply with your wish to keep your personal identifying information confidential, while taking steps to ensure your safety and the safety of others. Confidential reports allow the Colleges to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security Report. In limited circumstances, the Office of Campus Safety may not be able to assure confidentiality and will inform you in those cases.

Anyone may call the Office of Campus Safety at 315-781-3000, or in an emergency, 315-781-3333 to report a crime or concerning information. Callers may remain anonymous.

**Pastoral and Professional Counselors**

Confidential crime reports, which allow a person to maintain their confidentiality, may be made to any counselor or psychologist in the Counseling Center or to the Colleges' Chaplain.
Hobart and William Smith Colleges encourages professional psychologists assigned to the Colleges' Counseling Center, as well as the Colleges' Chaplain, to regularly provide those they counsel, and who are victims or witnesses of crime on campus, written notice of their rights and options through the "Know Your Options: Sexual Misconduct Guide to Resources, Responsibilities and Rights" pamphlet, which outlines both confidential and non-confidential crime reporting options. For more information about these options, please visit https://www2.hws.edu/title-ix/

In addition, professional psychologists and the Chaplain regularly provide those they counsel, and who are victims or witnesses of crime on campus, information about reporting a crime anonymously to the Office of Campus Safety. This anonymous reporting option allows those crimes to be included in the daily crime log, the Colleges' annual security report and to be provided to the Department of Education for statistical reporting purposes without disclosing any personally identifying information.

The Counseling Center is located at 91 St. Clair St. To contact the Counseling Center or to make an appointment call 315-781-3388. The Counseling Center also has walk-in hours from 9 a.m. to noon and from 1:30 p.m. to 4 p.m. Monday through Friday.

The Chaplain's Office is located at the St. John's Chapel on South Main St. Chaplain Nita Byrd, the Colleges' Chaplain and Dean for Spiritual Engagement, is available Monday through Friday 8:30 a.m. to 5 p.m. and may be reached at, 315-781-3670 or at byrd@hws.edu.

Protecting Personal Identifying Information
In crime reports that are made available to the public by the Colleges, including the Clery Act statistics that are included in the Annual Security and Fire Safety Report and the Daily Crime Log, the Colleges will not disclose personally identifying information about the victim involved in the crimes reflected in the statistics.

Disclosure of Disciplinary Results
The Colleges will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Timely Warnings
The purpose of a timely warning is to notify the campus community of a criminal incident that represents a serious or continuing threat to members of the campus community, so they may protect themselves and aid in the prevention of similar crimes.

Timely warnings will be issued when a crime is reported to any campus security authority or the local police, and the following criteria are met; 1) a crime defined under the Clery Act is committed; 2) the crime is committed on the Colleges' Clery Act geography (property owned or controlled by the Colleges); and 3) the crime represents a serious or continuing threat to the campus community.

Additionally, the Colleges may issue “Safety Announcements" when a crime occurs off campus and not in the Colleges' Clery Act geography, or for crimes not defined under the Clery Act such as a pattern of crimes against persons or property. The decision to issue a “Safety Announcement" will be decided on a case by case basis.

Timely warnings will not be issued for crimes reported to a professional counselor assigned to the Colleges' Counseling Center or the Colleges' Chaplain.

The Associate Vice President of Campus Safety in conjunction with the Vice President for Campus Life will make the determination to issue a timely warning and will consult with other Colleges' officials when appropriate. However, in the absence of the Associate Vice President of Campus Safety and/or the Vice President of Campus Life, the Associate Director of Campus Safety Administration and/or the Associate Dean of Students will act as their respective designees to make a determination to issue a timely warning.

Once a determination to issue a timely warning has been made, pertinent information about the incident will be provided to the Vice President of Marketing and Communications or the Associate Vice President of Communications. The Vice President or Associate will
then prepare the timely warning ensuring that the warning
withholds as confidential the names and other identifying
information of the victim(s). The timely warning will then
be reviewed by the Associate Vice President of Campus
Safety or designee and the Vice President for Campus Life
or designee for accuracy and completeness.

The Vice President for Marketing and Communications or
the Associate Vice President of Communications will, in
a timely manner, disseminate the timely warning to the
entire campus community through the Hobart and William
Smith email system. Any other means of communicating
with the campus community as necessary and
appropriate, such as flyers posted in campus buildings,
etc. will be delivered and posted by members of the Office
of Campus Safety.

Monitoring and Recording of Non-Campus
Criminal Activity
Hobart and William Smith Colleges do not have any
officially recognized student organizations that have non-
campus locations or non-campus residential facilities.
Hobart and William Smith Colleges’ Office of Campus
Safety does not provide campus safety services to non-
campus locations not owned or controlled by the
Colleges. Criminal activity at non-campus locations are monitored by local, county, state and federal law
enforcement agencies. These agencies provide Hobart and
William Smith Colleges with information of non-campus
criminal activity involving students. The Handbook of
Community Standards is applicable to all students while
at non-campus locations and the Colleges may enforce its
policies through judicial sanctions.

Campus Security and Access
Most academic, recreational and administrative buildings are generally accessible to members of the campus
community, guests, and visitors during normal business
hours, excluding holidays. Certain facilities may also be
open after normal business hours and during weekends.
The public is welcome to attend cultural and recreational
events held on campus or to use certain facilities. Access
is limited to the facilities in which events are held, or
buildings generally open to the public, such as the
College Store. Solicitation in any building is prohibited
without the express consent of the Office of Campus Life or a President’s senior staff member. This includes
small residential houses located on streets next to the
campus. Report any solicitation violations to the Office
of Campus Safety. Academic, recreational facilities and
administrative buildings are locked and secured after
their normal hours by Campus Safety officers. Access to
these buildings outside of normal hours is by persons
who are issued keys and others with proper permission.
Permission for admittance must be sent in writing to
Campus Safety who controls the access to buildings after
normal operating hours.

Residence Halls
The exterior doors of all residential housing are locked
24 hours a day except during special events; in some
residence halls, public spaces also occupy residential
buildings and access to the residence is locked via
elevator and stairwell. Campus Safety checks doors
frequently to make sure they are secure. Students who
live in a residence are issued a key or HWS OneCard that
permits access to that building. At times, students may
have access to another residence hall to access amenities
such as a kitchen or laundry facilities. Courtesy phones
are located at the entrance to many residence halls so
visitors may call their host for admittance. In the event a
student loses their key or OneCard, it should immediately
be reported to Residential Education, or after business
hours to the Office of Campus Safety. Campus Safety has
the ability to deactivate lost or stolen one-cards and issue
temporary cards after hours. For interior doors, locks will
be changed and the students issued new keys to prevent
any unauthorized access.

Security Considerations in the Maintenance of
Facilities
Campus lighting is another important part of the Hobart
and William Smith commitment to safety and security.
Lighting problems or inefficiencies are immediately
reported to Buildings and Grounds for repair. A
comprehensive survey of lighting is conducted annually by members of Campus Safety and Buildings
and Grounds evaluating parking lots, walkways and
building exteriors. Members of the student body, faculty
and staff are encouraged to make suggestions for
improvement. Landscaping on campus is maintained
by trimming shrubbery and trees to enhance the safety
through visibility of walkways, roadways, parking lots
and building exteriors. All members of the campus
community are encouraged to report all door hardware
problems to the Buildings and Grounds or Campus Safety
departments for repair. The maintenance of facilities
also encompasses broken windows for which access
may be gained along with life safety equipment such
as fire detection and suppression systems. The Office of
Campus Safety is available 24 hours a day to respond and
evaluate any facility condition which is reported as
unsafe. The Office of Campus Safety works closely with
the Buildings and Grounds Department to resolve any
condition deemed unsafe.

Crime Prevention
The Office of Campus Safety takes a proactive approach
to preventing crimes and providing crime prevention
services. A primary goal of crime prevention programming
is to eliminate or minimize the opportunity for criminal
activities whenever possible by seeking community
involvement and diligence. Following the institutional
mission to educate, crime prevention programming
courages students, faculty and staff to be proactive and

-8-
aware of their own safety and the safety of others within the campus community. Crime prevention and the safety of others is a responsibility shared by all members of the Hobart and William Smith Colleges' community.

**Safety Services**

**Safe Ride Program**
The safe ride program provides transportation for students who may feel unsafe or uncomfortable walking after dark. Students are advised to call the Office of Campus Safety from a safe location and wait there until picked up by a uniformed Campus Safety Officer. Campus Safety does not normally provide this service during the hours that the campus shuttle is operating unless there are extenuating circumstances. Campus Safety considers this to be an important service and will respond to all requests as quickly as possible while also meeting our responsibility to respond to emergency calls as a priority.

**Medical Transports and Escorts**
Students who require special needs assistance to move about campus due to a medical condition may receive a medical transport and escort by a member of the Office of Campus Safety.

**Campus Shuttle Service**
The shuttle operates a fixed route with fixed stops, including Wegmans and downtown Geneva throughout the academic year. Campus Safety organizes the operation of two shuttles, one of which is handicap accessible. The shuttles are owned by Finger Lakes Limousine Service and operate from 7 p.m. daily until 1 a.m. Sunday through Thursday, 2 a.m. on Friday and 3 a.m. on Saturday.

**Blue Light Emergency Phones**
The Colleges have a series of outdoor emergency telephones that are marked by blue lights. The blue light phones are located throughout the campus along commonly used routes. Pushing the button on an emergency phone connects you to the Campus Safety Dispatcher. Campus Safety immediately dispatches a uniformed officer to any blue light phone based on a visual readout of the phone that was activated. Additional emergency telephones are located at the entrance of many residence halls.

**Campus Safety publishes Paths of Light**
The Paths of Light brochure provides a map of safe routes of travel along with the location of the blue light emergency phones. The brochure is available at the Office of Campus Safety or as a link from the Campus Safety web page. Blue light phones are checked daily for proper operation by Campus Safety officers. Any damage or malfunction is reported to the HWS Information Technology Department for prompt repair or replacement.

**Security of Buildings**
The Office of Campus Safety patrols campus on a continuous basis, 24 hours a day, seven days a week, 365 days a year. The officers ensure buildings are locked and unlocked according to predetermined times. Residential living quarters are secured 24 hours a day and are checked several times daily by officers. In addition, through the OneCard system, Campus Safety monitors the status of residence hall and house doors equipped with OneCard readers or alarms. When a residence hall or house door is propped in the open position, an alarm sounds through the OneCard system monitor alerting the Campus Safety Dispatcher. A Campus Safety Officer is then dispatched to the location to investigate and secure the door.

**Prevention Programs**

**First-Year Student Orientation**
This presentation is provided annually to all incoming first-year and transfer students by Campus Safety personnel. Techniques to provide a safe and secure residence hall by students in conjunction with the Office of Campus Safety are discussed. Students are also made aware of safety and security programs that prevent crime such as blue light phones and their operation; safe rides and what to do when you feel unsafe; and the reporting of criminal activity or suspicious activity to the Office of Campus Safety. Students are also trained about the potential of a serious emergency on campus and what they can expect from a Timely Warning or Emergency Notification. Emergency planning and preparedness are discussed, students are introduced to the run-hide-fight best practice active shooter response, learn what it means to lock-down, shelter-in-place and evacuate and are instructed on where to locate the Colleges' emergency actions plans (EAP's) on the Colleges' website.

**CA Training**
This training is provided annually to student Community Assistants (CA's) by the Office of Campus Safety. The CA's are trained by Campus Safety personnel on how to protect themselves when handling an incident and procedures for notifying the Office of Campus Safety. This training educates CA's about how to handle incidents that they can manage, as well as explain what is expected of CA's during incidents being handled by Campus Safety. Among the topics discussed are incident management in conjunction with Campus Safety for several types of crimes, and crime prevention techniques to protect the resident students within their residence halls. All CA's participate in the Colleges' Campus Security Authority (CSA) training program.
Returning Student Sunday Night Floor Meeting Programs
The “Sunday Night Floor Meeting Programs” are provided annually to all returning students by the Office of Campus Safety. This training discusses the techniques to provide and maintain a safe and secure residence hall by students in collaboration with the Office of Campus Safety. Personal safety tips and self-awareness techniques are provided in conjunction with Campus Safety programs of safe rides, shuttle service and blue light phones. The run-hide-fight best practice active shooter response is reviewed, fire safety and community standards as they relate to drug and alcohol possession and use are also discussed during this training.

Campus Safety Awareness Program
The Campus Safety Awareness Program is an interactive safety session presented to students through CA floor meetings and other venues. The program provides information about personal safety, safeguarding personal property, protecting community property, fire safety, bias incident reporting and response as well as how and who to report suspicious conditions and criminal activity.

Students in Distress Training
This training program is presented by the Counseling Center provides faculty, staff and student leaders with skills to respond effectively to students in distress and to make appropriate referrals. It is provided three times for students and twice for faculty and staff each semester. Through frank dialogue, this training prepares members of the campus community for the challenging and anxiety-provoking situations of encountering students in crisis. Warning signs and threats of suicide are discussed to properly involve those who are best able to respond and provide immediate help to the student in distress.

Social Host Training
This crime prevention training is provided to students semi-annually by the Ontario County Sheriff’s Office, the Office of Campus Safety and the Office of Student Activities collaboratively. This crime prevention training reviews NY State laws regarding alcohol and drugs. The Hobart and William Smith Colleges Handbook on Community Standards is reviewed and topics of discussion focus on the prohibition against serving alcohol to underage students, possession and use of a fake identification, dram shop liabilities and possible consequences for violations.

Behind Closed Doors
This crime prevention training is provided annually to student CA’s collaboratively by Residential Education. This training is designed to prepare student CA’s to respond to a variety of policy violations they may encounter. Behind Closed Doors allows CA’s to role-play the handling of various situations and involves potential outcomes that depend on each encounter.

CA’s are trained to properly involve other departments to successfully resolve the potential encounters and policy violations.

In addition, Campus Safety personnel are available through the Community Resource Officer Program to provide safety and crime prevention programming on request to student groups, faculty, staff and visitors by calling the Office of Campus Safety at (315) 781-3000.

HWS Aware “Preparing our Community to Respond to Emergencies on Campus”
The HWS Aware program focuses on building awareness among the campus community about how to be prepared for and respond to natural and human-made emergencies that may occur on campus. A review of the different types of emergencies that could occur on campus, where to find information about emergency action plans (EAPs), emergency notification methods and what to do if a lockdown, shelter-in-place or evacuate command is given are presented. In addition, the run-hide-fight best practice active shooter response is reviewed. The HWS Aware program is provided to students, faculty and staff and also by appointment for requesting campus departments or groups.

The Colleges also comply with all federal and state civil rights laws banning discrimination in private institutions of higher education. The protections of this policy apply without regard to race, color, sex, pregnancy, religion, creed, national origin, familial status, disability, age, marital status, sexual orientation, gender identity, gender expression, veteran status, military status, predisposing genetic characteristics, domestic violence victim status, criminal conviction or any other protected category under applicable local, state, or federal law.

The Colleges require all community members to conduct themselves in a manner that does not infringe upon the rights of others. The Colleges will not tolerate Prohibited Conduct. The Colleges expect all members of our community to foster a safe, welcoming, and respectful environment on campus. The Colleges strongly encourage community members to take reasonable and prudent actions to prevent or stop an act of Prohibited Conduct to which an individual is a bystander.

Scope of Policy
This Policy applies to all of the Colleges' community members, including students; faculty; staff; and third parties, such as alumni, volunteers, independent contractors, visitors, and any individuals regularly or temporarily employed, studying, living, visiting, conducting business, or having any official capacity at the Colleges ("Third Parties"). This Policy applies to acts of Prohibited Conduct committed by or against students, faculty, staff, or Third Parties. Alleged misconduct subject to this Policy ("Prohibited Conduct") includes both Title IX Prohibited Conduct (which is defined by law) and Community Standards Prohibited Conduct (which includes allegations that do not meet the definitions under Title IX, but nonetheless violate the Colleges' community standards, as defined in this Policy). Subject to the definitions of Title IX Prohibited Conduct (which have a limited scope of application), the Colleges will respond to Prohibited Conduct when the conduct:

- occurs on the Colleges' campus or other property owned or controlled by the Colleges;
- occurs in the context of the Colleges' employment or education program or activity, including the Colleges-sponsored global education, athletic activities, or internship programs;
- occurs off-campus or outside of the Colleges' program or activity, but has continuing adverse effects on or activity, but has continuing adverse effects on or creates a hostile environment for the Colleges' community members while on the Colleges’ campus or other property owned or controlled by the Colleges or in an employment or education program or activity of the Colleges; or
- otherwise has a reasonable connection to the Colleges.

Alleged incidents of Prohibited Conduct occurring on or after the effective date of this policy (August 14, 2020), will follow the protocols and procedures outlined in this Policy. This Policy is not retroactive and alleged incidents of Prohibited Conduct occurring prior to the effective date, even if reported after the date of this Policy, will follow Policies and Protocols effective at the time of the specific incident(s).

Title IX and the Title IX Coordinator
Title IX is a federal civil rights law that prohibits colleges and universities that receive Federal financial assistance from discriminating on the basis of sex in education programs and activities. Sexual harassment, which includes acts of Sexual Assault, is a form of sex discrimination prohibited by Title IX. Title IX provides:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. §1681, et seq.

Sexual harassment and Discrimination based on sexual orientation and/or gender identity is also prohibited under Title VII of the Civil Rights Act of 1964, the New York State Human Rights Law, and other applicable statutes.

The Colleges have designated a Title IX Coordinator to oversee compliance with Title IX. The Title IX Coordinator ensures training and education of the Colleges' community members, oversees all reports of Prohibited Conduct and coordinates the Colleges' response and/or resolution to all reports. The Title IX Coordinator is a neutral party and is available to meet with any community member as needed to discuss available resources, options and supports.

Any inquiries or concerns about the Colleges' application of Title IX may be addressed to the Title IX Coordinator. The Title IX Coordinator is available in person or by phone or email during regular business hours:

Prohibited Conduct
This Policy prohibits specifically defined forms of behavior, generally referred to as "Title IX Prohibited Conduct" and/or "Community Standards Prohibited Conduct". These two categories of Prohibited Conduct are detailed below with specific classifications. Title IX Prohibited Conduct and/or Community Standards Prohibited Conduct is determined inclusive of the sex, gender, sexual orientation and/or gender identity/expression of involved parties.

This section also includes definitions and a discussion of key terms, including Affirmative Consent and Incapacitation. Hobart and William Smith Colleges strictly prohibit the crimes of dating violence, domestic violence, sexual assault and stalking. Below the Colleges' set forth the definitions of those crimes as defined in the applicable federal regulations, state law and the Colleges' policy.

Title IX Prohibited Conduct
A potential violation of Title IX Prohibited Conduct must meet the following criteria:

- The conduct is alleged to have occurred in the United States;
- The conduct is alleged to have occurred in the Colleges' education program or activity, which is
defined as locations, events or circumstances over which the Colleges exercise substantial control over both the Respondent and the context in which the misconduct occurred, or any building owned or controlled by

- a student organization officially recognized by the Colleges;

If the above criteria are met, the below represent specific covered sexual harassment violations:

1. **Title IX Sexual Harassment** - conduct on the basis of sex that involves an employee of the Colleges conditioning the provision of an aid, benefit, or service of the Colleges on an individual's participation in unwelcome sexual conduct; or an individual engaging in unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the Colleges' education program or activity.

2. **Title IX Sexual Assault** - may include any of the following Prohibited Conduct:
   - Penetration, no matter how slight, of the vagina or anus with any body part of object, or oral penetration by a sex organ of another person, without the consent of the alleged victim;
   - The touching of the private body parts of another person for the purpose of sexual gratification without the consent of the alleged victim;
   - Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law;
   - Non-forcible sexual intercourse with a person who is under the statutory age of consent.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

3. **Title IX Dating Violence** - Violence, including sexual or physical abuse or the threat of such abuse, committed by a person (a) who is or has been in a social relationship of a romantic or intimate nature with the alleged victim; and (b) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship, (ii) the type of relationship, (iii) the frequency of interaction between the persons involved in the relationship.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

4. **Title IX Stalking** - Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others, or suffer substantial emotional distress. For purposes of this definition,
   - (a) course of conduct means two or more acts, including, but not limited to, acts in which the alleged stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property;
   - (b) reasonable person means a reasonable person under similar circumstances and with similar identities to the victim; and
   - (c) substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Community Standards Prohibited Conduct**

Conduct that does not meet one or more of the definitions of Title IX Prohibited Conduct, may still be Prohibited Conduct if it falls within the scope of this Policy and meets one of the following definitions:

1) **Non-Title IX Sexual Harassment** – Sexual Harassment is any unwelcome sexual advance, request for sexual favors, or other unwelcome conduct of a sexual nature whether verbal, non-verbal, graphic, physical or other, when conditions (1) and/or (2), below, are present:
   - (i) submission to or rejection of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment, academic standing or participation in any program and/or activity of the
Colleges or used as the basis for decisions affecting the individual (quid pro quo harassment); 

(ii) such conduct creates a hostile environment. 

A hostile environment exists when the conduct is sufficiently severe, pervasive or persistent that it unreasonably interferes with, limits, or deprives an individual from participating in or benefiting from the Colleges’ education or employment programs and/or activities. The conduct must be deemed severe, pervasive or persistent under both a subjective and objective standard.

**a. Hostile Environment** - the determination of whether an environment is “hostile” must be based on the totality of known circumstances, including:

- the frequency, nature and severity of the conduct;
- whether the conduct was physically threatening;
- the effect of the conduct on the Complainant’s mental and/or emotional state;
- whether the conduct was directed at more than one person;
- whether the conduct arose in the context of other discriminatory conduct;
- whether the speech or conduct unreasonably interfered with the Complainant’s educational or work opportunities or performance (including study abroad), Colleges controlled living environment, work opportunities, or performance.

A hostile environment can be created by persistent or pervasive conduct or, if sufficiently severe, by a single incident. The more severe the conduct, the less need there is to show a repetitive series of incidents to create a hostile environment, particularly if the harassment is physical. In considering whether a policy violation has occurred, the Colleges will evaluate any issues relating to academic freedom and freedom of speech.

**2) Gender-based harassment** – Gender-Based Harassment is any act of aggression, intimidation, or hostility, whether verbal, non-verbal, graphic, physical, or otherwise, even if the act does not involve conduct of a sexual nature, when the acts are based on the sex, gender, sexual orientation, gender identity or gender expression and conditions (1) and/or (2), below, are present:

(i) submission to or rejection of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment, academic standing or participation in any program and/or activity of the Colleges or used as the basis for decisions affecting the individual (quid pro quo harassment);

(ii) such conduct creates a hostile environment.

A hostile environment exists when the conduct is sufficiently severe, pervasive or persistent that it unreasonably interferes with, limits, or deprives an individual from participating in or benefiting from the Colleges’ education or employment programs and/or activities. The conduct must be deemed severe, pervasive or persistent under both a subjective and objective standard.

**3) Non-Title IX Sexual Assault** - Sexual Assault is having or attempting to have sexual intercourse or sexual contact with another individual without Affirmative Consent.

**Sexual intercourse** is any vaginal or anal penetration, however slight, with any object or by a penis, tongue, finger or other body part performed by an individual upon another individual. Sexual intercourse also includes any contact, however slight, between the mouth of one individual and the genitalia of another individual.

**Sexual contact** is any intentional sexual touching, however slight, of the breasts, buttocks, groin, or genitals, whether clothed or unclothed, with any object or body part performed by an individual upon another individual. Sexual contact includes making an individual touch another individual with or on the breasts, buttocks, groin or genitals.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**4) Sexual Exploitation** - Sexual Exploitation is purposely, knowingly, or attempting to:

(i) Observe or allowing third parties to observe an individual's genitalia, groin, breasts or buttocks or private sexual activity without the knowledge and consent of the participants, including through a hidden location or through electronic means in a place where there is a reasonable expectation of privacy;

(ii) Record or photograph an individual's genitalia, groin, breasts or buttocks or private sexual activity without consent;

(iii) Disseminate recordings or photographs of an individual's genitalia, groin, breasts or buttocks or private sexual activity without consent;

(iv) Expose genitals or inducing another to expose their own genitals without Affirmative Consent;

(v) Expose another individual to a sexually transmitted infection(s) without the other's knowledge;

(vi) Cause incapacitation of another individual through alcohol, drugs, or any other means, for the purpose of compromising that individual's ability to consent to sexual activity; or

(vii) Assist or otherwise facilitate any act of Community Standards Prohibited Conduct.

**5) Non-Title IX Intimate Partner Violence** - Intimate Partner Violence includes both dating violence and domestic violence and includes any act of violence or
threatened act of violence against a person who is, or has been involved in, a relationship of a sexual, dating, domestic, or other intimate nature with the Respondent. Intimate Partner Violence can encompass a broad range of behavior and may include Sexual or Gender-Based Harassment, Sexual Assault, Sexual Exploitation, Physical Assault, Stalking, and Retaliation.

The Colleges will evaluate the existence of the relationship based upon the Complainant’s statement and take into consideration the length of the relationship, the type of relationship, and the frequency of interaction between the individuals involved in the relationship.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

6) Physical Assault - Physical Assault is threatening or causing physical harm or engaging in other conduct that threatens or endangers the health or safety of any person. The Colleges may address Physical Assault under this Policy when it occurs in the context of other forms of Community Standards Prohibited Conduct, such as Sexual Assault, Intimate Partner Violence or is based upon the sex, gender, sexual orientation and/or gender identity or expression of the Complainant.

7) Non-Title IX Stalking - Stalking occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear for the person's safety or safety of others or to suffer substantial emotional distress.

- **Course of conduct** means two or more acts, including but not limited to, acts in which an individual directly, indirectly or through third parties, by any action, method, device or means follows, monitors, observes, surveils, threatens or communicates to or about another individual, or interferes with another individual's property.

- **Substantial emotional distress** means significant mental suffering or anguish.

- **Reasonable person** means a reasonable person under similar circumstances to the victim.

Stalking includes cyber-stalking, a particular form of stalking in which an individual uses electronic media such as the internet, social networks, blogs, cell phones, texts or other similar devices or forms of contact.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

8) Retaliation - Retaliation is any adverse action taken against an individual because they were involved in the reporting, investigation or resolution of a report of Prohibited Conduct. Retaliation includes threats, intimidation, harassment, coercion, violence or any other conduct that would discourage a reasonable person from engaging in activity protected under this Policy. Activity protected under this Policy may include an individual’s right to make a report and/or file a complaint that Prohibited Conduct has taken place, an individual’s ability to participate in the complaint resolution process, and/or if an individual’s good faith effort to intervene as a bystander. The prohibition against retaliation applies to any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, any witness, or any other individuals who participate (or refuse to participate) in any manner in an investigation, proceeding, or hearing.

Retaliation may occur even where there is a finding of “not responsible” under this Policy. Good faith actions lawfully pursued in response to a report of Prohibited Conduct are not Retaliation. Retaliation should be promptly reported to the Title IX Coordinator and will be investigated and resolved under this Policy and Procedures.

9) Discrimination – Discrimination under this Policy is defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of sex, gender identity or expression, or sexual orientation.

10) Right to Proceed on Conduct Prohibited by Separate Policy - the Colleges reserve the right to adjudicate other Community Standards as defined by policies outside of the scope of the Title IX and Sexual Misconduct Policy in instances when the conduct is associated with an alleged issue of Prohibited Conduct.

**New York State Definitions**

**Sexual Assault**
New York State does not specifically define sexual assault. However, according to the Federal Regulations, sexual assault includes offenses that meet the definitions of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program.

**Domestic Violence**
An act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted murder, criminal obstruction or breaching or blood circulation, or
strangulation; and such acts have created a substantial risk of physical or emotional harm to a person or a person's child. Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person's child is a victim of the act.

**FAMILY OR HOUSEHOLD MEMBER:** Persons related by consanguinity or affinity; persons legally married to one another; persons formerly married to one another regardless of whether they still reside in the same household; persons who have a child in common regardless of whether such persons are married or have lived together at any time; unrelated persons who are continually or at regular intervals living in the same household or who have in the past continually or at regular intervals lived in the same household; persons who are not related by consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time.

Factors that may be considered in determining whether a relationship is an "intimate relationship" include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an "intimate relationship." Any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Intimate relationship status shall be applied to teens, lesbian/gay/bisexual/transgender, and elderly individuals, current and formerly married and/ or dating heterosexual individuals who were, or are in an intimate relationship.

**PARENT:** means natural or adoptive parent or any individual lawfully charged with a minor child's care or custody.

**Dating Violence**
New York State does not specifically define "dating violence." However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime listed elsewhere in this document and is committed by a person in an "intimate relationship" with the victim. See "Family or Household Member" for definition of "intimate relationship."

**Stalking**

**STALKING IN THE FOURTH DEGREE:** When a person intentionally, and for no legitimate purpose, engages in a course of conduct directed at a specific person, and knows or reasonably should know that such conduct is likely to cause reasonable fear of material harm to the physical health, safety or property of such person, a member of such person's immediate family or a third party with whom such person is acquainted; or (2) causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person's immediate family or a third party with whom such person is acquainted, and the actor was previously clearly informed to cease that conduct; or (3) is likely to cause such person to reasonably fear that his or her employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person's place of employment or business, and the actor was previously clearly informed to cease that conduct. (Effective October 21, 2014: For purposes of subdivision two (2), "following" includes the unauthorized tracking of such person's movements or location through the use of global positions system or other device.)

**STALKING IN THE THIRD DEGREE:** When a person (1) commits the crime of stalking in the fourth degree against any person in three or more separate transactions, for which the actor has not been previously convicted; or (2) commits the crime of stalking in the fourth degree against any person, and has previously been convicted, within the preceding ten years of a specified predicate crime and the victim of such specified predicate crime is the victim, or an immediate family member of the victim, of the present offense; or (3) with an intent to harass, annoy or alarm a specific person, intentionally engages in a course of conduct directed at such person which is likely to cause such person to reasonably fear physical injury or serious physical injury, the commission of a sex offense against, or the kidnapping, unlawful imprisonment or death of such person or a member of such person's immediate family; or (4) commits the crime of stalking in the fourth degree and has previously been convicted within the preceding ten years of stalking in the fourth degree.

**STALKING IN THE SECOND DEGREE:** When a person: (1) commits the crime of stalking in the third degree and in the course of and furtherance of the commission of such offense: (a) displays, or possesses and threatens the use of, a firearm, pistol, revolver, rifle, sword, billy, blackjack, bludgeon, plastic knuckles, metal knuckles, chuka stick, sand bag, sandclub, slingshot, slungshot, shirken, "Kung Fu Star," dagger, dangerous knife, dirk, razor, stiletto, imitation pistol, dangerous instrument, deadly instrument or deadly weapons; or (b) displays what appears to be a pistol, revolver, rifle, shotgun, machine gun or other firearm; or (2) commits the crime of stalking in the third against any person, and has previously been convicted, within the preceding five years, of a specified predicate crime, and the victim of such specified predicate crime is
Incapacitation is a state where an individual cannot make an informed and rational decision to engage in sexual activity. An individual is incapacitated if the individual lacks conscious knowledge of the nature of the act or is physically helpless, asleep, unconscious, or otherwise unaware that sexual activity is occurring. An individual may be incapacitated as a result of the consumption of alcohol or other drugs or due to a temporary or permanent physical or mental health condition.

1) Evaluating Affirmative Consent

(i) Affirmative Consent and Incapacitation – In evaluating Affirmative Consent in cases of alleged incapacitation, the Colleges ask two questions: (1) Did the person initiating sexual activity know that the other party was incapacitated? And if not, (2) should a sober, reasonable person in the same situation have known that the other party was incapacitated? If the Complainant was incapacitated and the answer to either of these questions is “yes,” Affirmative Consent was absent. Consent is required to be obtained regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.

An individual who is under the influence of alcohol and/or other drugs may be incapacitated, and therefore unable to consent. Consumption of alcohol or other drugs alone is insufficient to establish incapacitation. Incapacitation is a state beyond drunkenness or intoxication. The impact of alcohol and drugs varies from person to person, and evaluating incapacitation requires an assessment of how the consumption of alcohol and/or other drugs impacts an individual's:

- decision-making ability;
- awareness of consequences;
- ability to make informed judgments; and
- capacity to appreciate the nature and the quality of the act.

Common and obvious warning signs can show that a person may be incapacitated or approaching incapacitation. Although every individual may manifest signs of incapacitation differently, signs may include slurred or incomprehensible speech, unsteady gait, combativeness, emotional volatility, vomiting, or incontinence. A person who is incapacitated may not be able to understand some or all of the following questions: “Where are you?” “How did you get here?” “What is happening?” “Who are you with?”

In general, sexual contact while under the influence of alcohol or other drugs poses a risk to all parties. Alcohol and drugs impair a person’s decision-making capacity, ability to communicate clearly, awareness of the consequences, and ability to make informed judgments. Individuals engaging in sexual activity should continually evaluate Consent throughout the encounter. An individual who does not initially appear to be

The victim, or an immediate family member of the victim, of the present offense; or (3) commits the crime of stalking in the fourth degree and has previously been convicted of stalking in the third degree; or (4) being 21 years of age or older, repeatedly follows a person under the age of 14 or engages in a course of conduct or repeatedly commits acts over a period of time intentionally placing or attempting to place such person who is under the age of 14 in reasonable fear of physical injury, serious physical injury or death; or (5) commits the crime of stalking in the third degree, against ten or more persons, in ten or more separate transactions, for which the actor has not been previously convicted.

STALKING IN THE FIRST DEGREE: When a person commits the crime of stalking in the third degree or stalking in the second degree and, in the course and furtherance thereof, he or she intentionally or recklessly causes physical injury to the victim of such crime.

Key Terms & Definitions

Affirmative Consent

Consent under this Policy requires Affirmative Consent (Consent). Affirmative Consent is a knowing, voluntary and mutual decision among participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, gender, sexual orientation, gender identity, or gender expression.

Affirmative Consent cannot be obtained through force, including physical force, threats, intimidation, or coercion which would compel a reasonable person to engage in unwanted sexual activity against their will. This may include pressure that would compel a reasonable individual to initiate or continue sexual activity against that individual's will. When a person makes clear a decision not to participate in a particular form of Sexual Contact or Sexual Intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion existed sufficient to take away the Complainant's free will, the Colleges will consider, among other things: (i) the nature of the pressure; (ii) the frequency of the application of the pressure, (iii) the intensity of the pressure, (iv) the degree of isolation of the person being pressured, and (v) the duration of the pressure.

Affirmative Consent cannot be obtained by taking advantage of the incapacitation of another individual where the person initiating sexual activity knew or reasonably should have known that the other was incapacitated.
incapacitated may become incapacitated as the effects of alcohol or other drugs increase. If there is any doubt as to the level or extent of the other individual's intoxication or impairment, the prudent course of action is to forgo or cease any sexual contact or activity. Being impaired by alcohol or other drugs is not a defense to a violation of this Policy.

2) Guidance on Affirmative Consent
A person who wants to engage in a specific sexual activity is responsible for obtaining Affirmative Consent for that activity. Silence and/or passivity do not constitute Consent. Lack of resistance does not constitute Consent. Consent is active, not passive. The Colleges offer the following guidance on Affirmative Consent:

- All parties must demonstrate a clear and mutual understanding of the nature and scope of the act to which they are consenting and a willingness to do the same thing, at the same time, in the same way.
- Consent may be withdrawn by any party at any time. An individual who seeks to withdraw Affirmative Consent must communicate, through clear words or actions, a decision to cease the sexual activity. Once consent is withdrawn, the sexual activity must cease immediately and all parties must obtain mutually expressed or clearly stated consent before continuing further sexual activity.
- Consent to one form of sexual activity does not, by itself, constitute Consent to another form of sexual activity. Consent to sexual activity on one occasion does not constitute consent to sexual activity on other occasions. Consent to sexual activity with one person does not constitute consent to sexual activity with any other person. Each participant in a sexual encounter must consent to each form of sexual activity with each participant.
- Each party must consent to each instance of sexual contact each time. Prior consensual sexual activity does not, by itself, constitute consent to future sexual activity. In cases of prior relationships between the parties, the manner and nature of prior communications between the parties and the context of the relationship may have a bearing on the presence of Affirmative Consent.
- In New York, an individual less than 17 years old is incapable of giving consent.
- Relying solely on non-verbal communication before or during sexual activity can lead to misunderstanding and may result in a violation of this Policy. Participants are encouraged to talk with one another before engaging in sexual activity. If confusion or ambiguity arises during sexual activity, participants are encouraged to stop and clarify a mutual willingness to continue that activity.

Educational Program or Activity
For the purposes of this policy, the Colleges’ “education program or activity” includes:

(i) Locations, events, or circumstances over which the Colleges exercise substantial control over both the Respondent and the context in which the Title IX Prohibited Conduct occurs.
(ii) These obligations extend to incidents of Title IX Prohibited Conduct that occur off campus if any of three conditions are met:
   a. The off-campus incident occurs as part of the Colleges' operations;
   b. The Colleges exercise substantial control over the Respondent and the context of alleged Title IX Prohibited Conduct that occurred off-campus; or
   c. The incident of Title IX Prohibited Conduct occurs at an off-campus building owned or controlled by a student organization officially recognized by the Colleges.

Formal Complaint
A document submitted by a Complainant and bearing the Complainant's physical or digital signature, or otherwise indicating that the Complainant is the one filing the Formal Complaint, requesting that the Colleges investigate the allegations of Prohibited Conduct. The Title IX Coordinator also may sign a Formal Complaint, as discussed in Appendix A, section III, but does not become the Complainant by doing so. In order to file a Formal Complaint a Complainant must be participating in or attempting to participate in the Colleges' education program or activity at the time a Formal Complaint is filed.

Complainant
For the purposes of this Policy, Complainant means any individual who has reported being or is alleged to be the victim of Prohibited Conduct.

Respondent
For the purposes of this Policy, Respondent means any individual or group/organization who has been reported to be the perpetrator of conduct that could constitute covered violations as defined under this Policy. Groups and/or organizations may only be charged with forms of Community Standards Prohibited Conduct.

Amnesty, Obligation to Provide Truthful Information and Group Infractions

Amnesty
The health and safety of every student is of utmost importance. The Colleges recognize that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that Prohibited Conduct occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct or the conduct of others. The Colleges strongly encourage students to immediately report Prohibited Conduct to the Colleges or law enforcement. A bystander acting in good faith or a Complainant acting in good
faith that discloses any incident of Prohibited Conduct to the Colleges or law enforcement will not be subject to disciplinary action under the Colleges' Community Standards for violations of alcohol and/or drug use policies based on ingestion occurring at or near the time of the reported Prohibited Conduct.

Other individuals present will also not be subject to disciplinary action under the Colleges' Community Standards for violations of alcohol and/or drug use policies based on ingestion occurring at or near the time of the reported Prohibited Conduct.

Obligation to Provide Trueful Information
All community members of the Colleges are expected to cooperate fully and provide truthful information in any report or proceeding under this Policy. Providing false or misleading information in bad faith, such as with a view to personal gain or intentional harm to another in connection with an incident of Prohibited Conduct, is prohibited and subject to disciplinary sanctions under the Colleges' Community Standards and disciplinary action under the appropriate employee disciplinary policy. Even if a report is later not substantiated, that does not necessarily mean that the information was provided in bad faith.

Group Infractions
When members of a student group, organization, team, or individuals act collusively in violation of the Community Standards Prohibited Conduct, they may be charged as a group and/or as individuals, and a hearing may proceed against the group as joint respondents or against one or more involved individuals, or both, as appropriate, given available information and the circumstances.

Privacy, Confidentiality and Employee Reporting Responsibilities
The Colleges are committed to protecting the privacy of all individuals involved in the resolution of a report of Prohibited Conduct. Throughout the reporting, investigation and resolution of a complaint, including the implementation of supportive measures, the Colleges will make reasonable efforts to protect the privacy interests of all involved individuals in accordance with federal and state law while also conducting a thorough review and response to eliminate, prevent, and address Prohibited Conduct.

Employees of the Colleges are designated as either an Actual Knowledge Employee or a Confidential Employee. Actual Knowledge Employees have reporting obligations under this Policy, but will, to the fullest extent possible, maintain the privacy of an individual's information. Confidential Employees do not have a reporting obligation under Title IX and will keep information confidential (except as required or permitted to by law). In understanding the difference between speaking to an Actual Knowledge Employee or Confidential Employee, it may be helpful to understand the difference between privacy and confidentiality, as they each have distinct meanings under this Policy.

Privacy
Privacy means that information related to a report of Prohibited Conduct will only be shared with a limited circle of employees of the Colleges who “need to know” in order to assist in the active review, investigation and resolution of the complaint and implementation of remedial and protective measures.

Confidentiality
Certain campus and community professionals, including mental health providers, ordained clergy, rape crisis counselors, and health care providers, are legally required to keep information shared by an individual confidential and cannot reveal information to a third party. On campus, Confidential Employees are generally prohibited from sharing information unless there is written consent, imminent threat of harm to self or others, or reasonable suspicion of abuse of a minor (someone under the age of 18).

Confidential Employees
A Confidential Employee is a licensed medical, clinical or mental health professional, or ordained clergy or staff member in the offices of a licensed medical, clinical or mental health professional, or ordained clergy. A Confidential Employee will not make a report to the Colleges unless there is written consent to do so from the patient/client, there is the risk of imminent threat of harm to self or others, or there is reasonable suspicion of abuse of a minor (someone under the age of 18). The Colleges’ Confidential Employees are:

- All employees in the Counseling Center
- All employees in the Office for Spiritual Engagement;
- All employees in Hubbs Health Center; and
- Any other professional with a legally recognized privilege.

Consistent with the Clery Act, any data collected from Confidential Employees about the disclosures of Prohibited Conduct will be done in an aggregate manner and in a way that does not reveal personally identifying information of the parties to include in annual crime statistics, address any systemic concerns, and inform training and education programs.

Actual Knowledge Employees
An Actual Knowledge Employee is an employee who upon receipt of allegations of sexual harassment is required to make an immediate report to the Title IX Coordinator or Deputy Title IX Coordinator. This report must include the Actual Knowledge Employee’s name and contact information, and all known details about
to protect the community. They may be required to take action further if the Colleges learn information at a public event or forum at which individuals disclose experiences of sexual violence or other forms of violence are not considered notice to the school for the purpose of triggering an individual investigation unless initiated by the Complainant. The information provided to a non-confidential resource will maintain privacy to the greatest extent possible. The Colleges recognize that employees have the ability to institute corrective measures related to an incident of alleged Prohibited Conduct. Actual Knowledge Employees differ from Confidential Employees and all other employees of the Colleges due to their knowledge of information at a public event or forum at which individuals disclose experiences of sexual violence or other forms of violence are not considered notice to the school for the purpose of triggering an individual investigation unless initiated by the Complainant. The Colleges will offer reasonable and appropriate measures to Complainants and Respondents and facilitate the continued access to the Colleges' education or employment programs and activities.

**Public Awareness Events**

No employees are required to report information shared during public awareness events. Public awareness events including public events or forums at which individuals disclose experiences of sexual violence or other forms of sexual assault are not considered notice to the school for the purpose of triggering an individual investigation unless initiated by the Complainant. The Colleges may use any information provided at such events to review policy, inform ongoing education and prevention efforts, and assess climate to learn more about the prevalence of Prohibited Conduct at the Colleges. Further, if the Colleges learn information at a public awareness event that raises safety concerns for the broader community, they may be required to take action to protect the community.

**Clery Act Reporting**

Under the Clery Act, the Colleges are required to issue timely warnings to the Colleges' community where certain reported crimes (including some forms of Prohibited Conduct) pose a serious or continuing threat to the Colleges’ community. The Clery Act also requires the Colleges to maintain, make available to the public, and provide to the United States Department of Education statistics about certain reported crimes in a daily crime log and annual security report. Timely warnings and the Colleges' crime statistics do not include personally identifying information of Complainants.

**Campus and Community Resources**

The Colleges offer a wide range of resources to provide support and guidance from initial contact through report, investigation and resolution of Prohibited Conduct. The Colleges will offer reasonable and appropriate measures to Complainants and Respondents and facilitate the continued access to the Colleges' education or employment programs and activities.

**Emergency Resources**

Confidential Medical Assistance: An individual who experiences Sexual Assault, Intimate Partner Violence, or any other form of violence is strongly encouraged to seek immediate medical attention at F.F. Thompson Hospital:

**F.F. Thompson Hospital**

350 Parrish Street
Canandaigua, N.Y. 14424
(585) 396-6000

F.F. Thompson Hospital is the closest hospital in the Geneva area where an individual can receive a forensic sexual assault examination by a Sexual Assault Nurse Examiner (also known as “SANE Nurse”). SANE Nurses can assess injuries related to physical trauma; evaluate for sexually-transmitted infections and possible pregnancy; provide medical care (including medications to prevent infections and pregnancy); and can, generally within the first 96 hours after a sexual assault, administer a “forensic exam." During the forensic exam, the SANE Nurse documents and collects evidence of sexual contact and/ or physical trauma (including injuries to the body and genitals), trace evidence, biological fluids, and identifiable DNA. When there is reason to believe that an assault may have been facilitated by the use of drugs or alcohol, the forensic exam may also include the collection of urine and blood samples for toxicology testing. Individuals are not required to report an incident to law enforcement or the Colleges in order to receive medical attention or a forensic exam. Individuals may have a support person of their choosing present throughout the forensic exam. In addition, advocates from Safe Harbors of the Finger Lakes, a local rape crisis center, are available to accompany and offer support to persons seeking a forensic exam.
Transportation to F.F. Thompson can be arranged by contacting Campus Safety. It is not necessary to give your name or make a report in order to obtain transportation assistance.

Individuals are encouraged to seek follow-up care to address any ongoing medical concerns, including those related to sexually-transmitted infections and pregnancy, regardless of whether a forensic exam is obtained after a sexual assault. Follow-up care is available at F.F. Thompson Hospital, Hubbs Health Center, Geneva General Hospital or through any appropriate health care provider outside of the Colleges.

Supportive Measures
Supportive measures mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a formal complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the Colleges' education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the Colleges' educational environment, or to deter sexual harassment. The Title IX Coordinator can provide a wide range of supportive measures including, but not limited to, counseling, academic modifications and support, campus escort services, no-contact orders, housing modifications, work schedule modifications, and increased security and monitoring of certain areas of the campus. Supportive measures are available regardless of whether a Complainant pursues criminal or disciplinary action through the Colleges.

The Title IX Coordinator also will promptly inform the Complainant and/or Respondent of any action(s) that will directly impact the Complainant and/or Respondent. A Complainant or Respondent shall be afforded a prompt review, reasonable under the circumstances, of the need for, and terms of, any supportive measure that directly affects them, and may do so by contacting the Title IX Coordinator. The Title IX Coordinator on their own or at the request of either party retains the discretion to impose and/or modify any supportive measures based on all available information. Supportive measures will remain in effect, unless new circumstances arise which warrant reconsideration of the supportive measures.

The availability of supportive measures will be determined by the specific circumstances of each case. Each party shall have the right to submit evidence regarding the propriety of supportive measures. The Title IX Coordinator will consider a number of factors in determining which measures to take, including the needs and requests of the individuals seeking supportive measures; the severity or pervasiveness of the reported Prohibited Conduct; any continuing effects on the Complainant and/or Respondent; whether the Complainant and the Respondent share the same residence hall, dining hall, academic course(s), job location; and whether other judicial measures have been taken to protect the Complainant (e.g., Protective Orders).

In some cases, students may choose to seek a leave of absence or a reduced course load; these actions may, in turn, impact matters such as a student's immigration, visa and/or financial aid status. In such cases, the Title IX Coordinator assists the student in coordination with the Director of International Student Affairs, the Hobart or William Smith Deans or other appropriate resources.

The Title IX Coordinator will ensure individuals receive written notification of all their rights and options, regardless of whether the individual chooses to file a Formal Complaint under this Policy or make a report to law enforcement.
Reporting Options
There are multiple channels for reporting Prohibited Conduct. Individuals may report Prohibited Conduct to law enforcement, to the Colleges, to both or to neither. These reporting options are not exclusive. Complainants may simultaneously pursue criminal and disciplinary action through the Colleges. The Colleges will support Complainants in understanding and assessing their reporting options.

Preservation of Evidence
The Colleges recognize that making the decision to report Prohibited Conduct often takes time. Nevertheless, pending the decision to report, individuals are strongly encouraged to take immediate steps to preserve all evidence that might support a future report of Prohibited Conduct, an Order of Protection, or an investigation by law enforcement, by the Colleges, or both. Such evidence may include:

- A forensic sexual assault examination conducted by a SANE nurse (as soon as possible to ensure preservation of evidence);
- Photographs of injuries, property damage, or the location of the incident;
- Any clothing, sheets or other materials (items containing bodily fluids should be stored in cardboard boxes or paper bags, not plastic bags);
- Electronic exchanges (e.g., text messages, emails, and Facebook, Instagram, Snapchat or other social media posts, to the extent that they can be captured or preserved);
- Photographs (including photographs stored on smartphones and other devices); and
- Voice-mail messages and other physical, documentary and/or electronic data that might be helpful or relevant in an investigation.

Evidence may be lost by the changing of clothes, bathing, brushing teeth, eating and drinking. If possible avoid these actions prior to the forensic sexual assault examination. Electronic and photographic evidence may be lost through the upgrade or replacement of equipment (including smartphones), software and/or accounts or due to the passage of time.

Reporting to Law Enforcement
Individuals have the right to notify law enforcement or decline to notify law enforcement. Individuals may contact law enforcement directly (resources above). In keeping with its commitment to taking all appropriate steps to eliminate, prevent, and remedy all Prohibited Conduct, the Colleges encourage Complainants to report Prohibited Conduct immediately to local law enforcement. Individuals may seek assistance in notifying law enforcement from the Title IX Coordinator or Campus Safety. The Title IX Coordinator can assist in setting up an initial meeting with law enforcement and can accompany individuals to that meeting. In instances that involve an immediate threat to health or safety, the Colleges may independently notify law enforcement.

Reporting to the Colleges
The Colleges encourage individuals who have experienced, have knowledge of, or have witnessed Prohibited Conduct to make a report to the Colleges. The Colleges will seek to honor the Complainant's request(s) for anonymity, that an investigation not be pursued and/or that no disciplinary action be taken if it is possible to do so while also protecting the safety and well-being of the Complainant and the Colleges' community See below D.

Making a Report to the Colleges does not require participation in any subsequent proceedings by the Colleges, nor is a Formal Complaint required in order for an individual to receive supportive measures.

Although there is no time limit for reporting Prohibited Conduct to the Colleges, the Colleges' ability to respond may diminish over time, as evidence may erode, memories may fade, and Respondents may no longer be affiliated with the Colleges. If the Respondent is no longer a member of the Colleges' community, the Colleges will not take disciplinary action, but will provide appropriate supportive measures, assist the Complainant in identifying external reporting options, and take other reasonable steps to respond under Title IX.

Individuals are encouraged to make a direct report of Prohibited Conduct by contacting the Title IX Coordinator:

Anonymous Reporting
Any individual may make an anonymous report concerning an act of Prohibited Conduct, including through the Colleges' online Sexual Misconduct Online Reporting Form. Any individual may report with or without disclosing a name, identifying involved persons, or requesting any action. Anonymous reports will go to the Title IX Coordinator and Campus Safety for review and appropriate response and action. The Title IX Coordinator is available to answer questions about reporting and procedural options at any time. Individuals who would like to make an anonymous report are encouraged to call the Title IX Coordinator to discuss options and may do so without identifying themselves or reporting any details about an incident, such as dates, times, locations, names
of involved individuals and the nature of the incident. Depending on the information provided, the Colleges' ability to take action in response to an anonymous report may be limited.

**Colleges' Initial Response to all Reports of Prohibited Conduct**

**Receiving a Report**

Upon receipt of a report of Prohibited Conduct, the Title IX Coordinator or their designee will promptly contact the Complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator will make an initial assessment of the reported information and respond to any immediate safety or well-being concerns raised by the report. In this intake assessment, the Title IX Coordinator will conduct a preliminary assessment and:

- Inform the Complainant of the right to seek medical treatment, and explain the importance of obtaining and preserving forensic and other evidence;
- Inform the Complainant of the right to contact law enforcement, decline to contact law enforcement, and/or seek a protective order;
- Inform the Complainant about campus and community resources, including no-contact orders;
- Inform the Complainant of the right to file a Formal Complaint and the right to seek Informal Resolution after filing a Formal Complaint; ascertain the Complainant’s expressed preference for manner of resolution (Informal Resolution, Formal Resolution, or neither); and discuss with the Complainant any concerns or barriers to participating in any investigation and resolution by the Colleges;
- Explain the Colleges’ prohibition against Retaliation and that the Colleges will take prompt action in response to any act of Retaliation;
- Assess the nature and circumstances of the report, including whether it provides the names and/or any other information that personally identifies the Complainant, the Respondent, any witness, and/or any other third party with knowledge of the reported incident;
- Ascertain the ages of the Complainant and the Respondent, if known, and, if either of the parties is a minor (under 18), as required by law, contact the appropriate child protective service agency;
- Coordinate with appropriate officials of the Colleges to determine whether the report triggers any Clery Act reporting requirements, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations; and
- Ensure that the Complainant receives a written explanation of all available resources and options and is offered the opportunity to meet to discuss those resources and options.

- Assess, based on the totality of the known circumstances, any threat to the safety or well-being of the Complainant or the Colleges’ community. This determination will be guided by the following safety factors:
  - Whether the Respondent has prior history, is the subject of prior reports and/or complaints related to any form of Prohibited Conduct, or has any history of violent behavior;
  - Whether the Respondent has a history of failing to comply with any no-contact orders issued by the Colleges, other supportive measures by the Colleges, and/or any judicial protective order;
  - Whether the report is an escalation in Prohibited Conduct by the Respondent;
  - Whether the Respondent has threatened to commit violence or any form of Prohibited Conduct;
  - Whether the Prohibited Conduct involved multiple Respondents;
  - Whether the Prohibited Conduct involved physical violence or use of a weapon;
  - Whether the report or other available information reveals a pattern of Prohibited Conduct;
  - Whether the Prohibited Conduct was facilitated through the use of drugs or intoxicants;
  - Whether the Prohibited Conduct occurred while the Complainant was unconscious, physically helpless or unaware that the Prohibited Conduct was occurring;
  - Whether the Complainant is (or was at the time of the Prohibited Conduct) a minor (under 18); and/or
  - Whether any other aggravating circumstances or signs of predatory behavior are present.

Where the Complainant requests that personally-identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no further action be taken, the Title IX Coordinator will seek to honor the preferences of the Complainant wherever possible taking into consideration the safety factors listed above and its legal obligations. The Title IX Coordinator will determine whether the Title IX Coordinator will sign a Formal Complaint even if the Complainant declines to do so. In such a case, neither the Title IX Coordinator, nor the Colleges will become the Complainant or the party to the disciplinary matter. Where the Title IX Coordinator has determined that the Colleges must proceed with a Formal Complaint despite a Complainant’s request to the contrary, the Title IX Coordinator will make reasonable efforts to protect the privacy of the Complainant. However, the Colleges’ investigation will involve speaking with the Respondent and others who may have relevant
information, in which case the Complainant’s identity may have to be disclosed. In such cases, the Title IX Coordinator will notify the Complainant that the Colleges intend to proceed with a Formal Complaint, but that the Complainant is not required to participate in the investigation or in any other actions undertaken by the Colleges.

In all cases, the initial report, Intake Assessment, and the determinations of the Title IX Coordinator will be documented and retained by the Colleges in accordance with applicable law.

Emergency Removal
The Colleges retain the authority to remove a Respondent from the College’s program or activity on an emergency basis. If at any point following the receipt of a report of Prohibited Conduct, the Colleges determine that the Respondent poses an immediate threat to the physical health or safety of the Complainant or any other person(s), including the Respondent, the Colleges may temporarily remove the Respondent from any or all of its programs or activities. The imposition of an Emergency Removal does not suggest a finding of responsibility for any Prohibited Conduct.

Before imposing an Emergency Removal, the Vice President of Campus Life will undertake an individualized safety and risk analysis concerning the Respondent at the request of the Title IX Coordinator. An Emergency Removal will be imposed only if the Vice President of Campus Life concludes that the threat to physical health or safety arises from the allegations of Prohibited Conduct and warrants the removal.

An Emergency Removal may involve the denial of access to some or all of the Colleges’ campus facilities, academic program, or other programs or activities. While the Colleges may provide alternative academic or employment opportunities during an Emergency Removal, it is not required to do so. Non-punitive actions taken as Supportive Measures (e.g., changes in housing) do not constitute Emergency Removals.

The Title IX Coordinator will notify the Respondent of the terms imposed in connection with an Emergency Removal. The Respondent has the opportunity to challenge the Emergency Removal upon receipt of that notice. In order to challenge the Emergency Removal, the Respondent shall submit a written statement via email to the Title IX Coordinator, within three (3) calendar days from the date of the notice of Emergency Removal, explaining why Emergency Removal is not appropriate. The Title IX Coordinator will designate an individual to review the challenge to the Emergency Removal, who may seek additional information from the Respondent or any other involved party to reach their decision. The Emergency Removal will remain in place while the review of the challenge is pending. A decision will be issued as soon as possible under the circumstances. The decision is final and not subject to further appeal.

Separate from the Emergency Removal process, the Title IX Coordinator may request that the Vice President of Human Resources place an employee-Respondent on an administrative leave, with or without pay.

Withdrawal pending outcome/Withholding diploma If a student Respondent voluntarily withdraws and/or the Colleges withdraw the Respondent during the pendency of an investigation of Prohibited Conduct, any Formal Resolution process will cease and the Respondent will not be permitted to re-enroll at the Colleges. The Title IX Coordinator will direct the Colleges’ Registrar to make a notation on the academic transcript of any student who withdraws from the Colleges while under investigation for Prohibited Conduct. The transcript will indicate “withdrawn with conduct charges pending” where a Respondent chooses to withdraw from the Colleges prior to the conclusion of a Formal Resolution.

The Colleges may withhold a student’s degree and/or diploma and/or deny a student participation in commencement or related activities, if the student is the subject of a pending report, complaint, investigation, or adjudication under this Policy and Procedures. If a Respondent graduates and is found to be responsible under this Policy after the date of graduation, the Colleges may revoke the Respondent’s degree and/or diploma. The Respondent will be required to return the diploma to the Colleges.

If a non-student employee Respondent voluntarily terminates their employment with the Colleges during the pendency of an investigation of Prohibited Conduct, any Formal Resolution process will cease and the non-student employee Respondent will be ineligible for future employment by the Colleges.

Considerations and Rights Associated with Reports of Prohibited Conduct
Advisors
Each party has the right to choose and consult with an Advisor of their choice. The Advisor may be any person, including an attorney. The parties may be accompanied by their respective Advisors at any meeting or proceeding under this Policy and Procedures. While the Advisors may provide support and advice to the parties at any meeting and/or proceeding, they may not (except when conducting cross-examination as explained below) speak on behalf of the parties or otherwise participate in, or in any manner disrupt, such meetings and/or proceedings. The Title IX Coordinator will have the authority to remove
from any meeting, process, or hearing an Advisor who does not comply with the expectations of this Policy.

In the event that an investigation proceeds with a hearing and a party does not have an Advisor present at the live hearing, the Colleges must provide an Advisor, without fee or charge to that party, who may be, but is not required to be, an attorney solely to conduct cross-examination on behalf of that party. At the hearing, the Adjudicator must permit each party’s Advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party’s Advisor of choice and never by a party personally. Advisors provided by the Colleges will be adults with an understanding of the purpose of cross-examination, but will not be attorneys or have training commensurate to attorneys with respect to conducting cross-examination.

Coordination with Law Enforcement
The Title IX Coordinator will contact any law enforcement agency that is conducting its own investigation to inform that agency that the Colleges’ investigation is also in progress; to ascertain the status of the criminal investigation; and to determine the extent to which any evidence collected by law enforcement may be available to the Colleges in its investigation. At the request of law enforcement, the Title IX Coordinator may delay the Colleges’ investigation temporarily, not to exceed ten (10) calendar days unless law enforcement specifically requests and justifies a longer delay. The Investigator will promptly resume the Colleges investigation when notified that law enforcement has completed the evidence-gathering stage of its criminal investigation and/or that the Colleges may proceed.

Training, Education, and Prevention Programs
The Colleges provide training to students and employees to ensure they understand this Policy, rights and responsibilities, and the topics and issues related to maintaining an education and employment environment free from Prohibited Conduct.

The Colleges seek to prevent Prohibited Conduct through ongoing education, awareness programs, and training. Training topics include but are not limited to: the prohibition of Prohibited Conduct including all relevant definitions, resources available to impacted parties, the role of the Title IX Coordinator, the importance of bystander intervention, risk assessment and reduction strategies, awareness of violence and its long-term impacts, and sanctions for individuals who violate the Colleges’ Policy as well as any training requirements as outlined by relevant state and federal law.

The Colleges’ Title IX Coordinator oversees the education and prevention initiatives calendar, tailoring programming to campus needs and climate. Incoming first-year students, transfer students and new employees will receive primary prevention and awareness programming. Returning students and employees will receive ongoing training on a periodic basis. All educational programs include information about resources and reporting options available for students, faculty, and staff.

Training for Title IX Staff, Investigators, Adjudicators, and other Facilitators
Any materials used to train Title IX Coordinators, Investigators, Adjudicators, and any person who facilitates an informal Resolution process, will not rely on sex stereotypes and will promote impartial investigations and adjudications of Formal Complaints of Prohibited Conduct. All staff in the Office of Title IX Programs and Compliance, Investigators, Adjudicators, and any person who facilitates an informal resolution process will receive training on: the definition of sexual harassment and Prohibited Conduct; the scope of the Colleges’ education program or activity; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes (as applicable); and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. Investigators will receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Adjudicators will also receive training on any technology used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior are not relevant.

All Investigators will receive annual training on issues related to Prohibited Conduct and on how to conduct an investigation that is trauma-informed as to all parties, fair and impartial, provides parties with notice and a meaningful opportunity to be heard, and protects the safety of Complainants and members of the Colleges’ community while promoting accountability.

Adjudicators are also trained at least annually on non-discrimination; the dynamics of sexual misconduct; the factors relevant to a determination of credibility; the appropriate trauma-informed manner in which to receive and evaluate sensitive information from all parties; the manner of deliberation; evaluation of consent and incapacitation; the presumption of non-responsibility and the application of the preponderance of the evidence standard; sanctioning; and the Colleges’ Title IX and Sexual Misconduct Policy and these Procedures.

Annual Review
The Colleges will evaluate changes in legal requirements, existing resources, the resolution of reports, including timeframes, sanctions and remedies, and other factors and update this Policy as appropriate. The Colleges will communicate any substantial changes to this Policy to the HWS community.

Procedures For Resolving A Formal Complaint Of Prohibited Conduct Complaint Resolution Process
Following an intake assessment and receipt of a Formal Complaint, the Title IX Coordinator will initiate the complaint resolution process. These Procedures offer two forms of resolution of Complaints of Prohibited Conduct: (1) Informal Resolution, which includes a variety of informal options for resolving Formal Complaints and (2) Formal Resolution, which involves a formal investigation and adjudicatory hearing. The institution may consolidate complaints alleging Prohibited Conduct against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Prohibited Conduct arise out of the same facts or circumstances.

Where the Respondent is a student:
For instances of Title IX Prohibited Conduct and/or Community Standards Prohibited Conduct, the Colleges will resolve Formal Complaints by the procedures outlined in the Procedures for Resolving a Formal Complaint of Prohibited Conduct, set out in Appendix A to this Policy.

Where the Respondent is a faculty member:
For instances of Title IX Prohibited Conduct by a Faculty member, the Colleges will resolve Formal Complaints by following the established procedures and protocols of this Policy, including an investigation, adjudication, a hearing with cross examination, and an appeal process. For instances of Community Standards Prohibited Conduct by a Faculty member, the Colleges may resolve formal complaints by appointing an Investigator to investigate the matter, who will make credibility determinations, observations of demeanor, and recommended findings. The Provost will either accept or reject the recommended finding of the Investigator and determine sanction. The Vice President of Human Resources may also consult with the Respondent’s supervisor for resolution, including the imposition of any sanction(s). If the staff member does not accept the Vice President of Human Resources’ decision, they may seek resolution under the Employee Conduct and Progressive Discipline policy outlined in the Employee Handbook. A Complainant may appeal the determination of the Provost by following the appeal procedures from section III, Formal Resolution, part B, Adjudication, number 8, Appeals.

Where the Respondent is a third party:
The Title IX Coordinator will determine the appropriate manner of resolution to ensure a prompt and equitable process and provide for the safety and well-being of the Complainant and the broader campus community. When a report involves students or employees from the Colleges and another institution, the institutions may work collaboratively to address Prohibited Conduct provided that such collaboration complies with the Family Educational Rights and Privacy Act codified at 20 U.S.C 123g; 34 C.F.R Part 99 and other applicable federal and state laws.

Notice of Allegations/Formal Complaint
The Title IX Coordinator will simultaneously notify the Complainant and the Respondent, in writing via the Colleges’ email accounts or by other reasonable means, after the receipt of a Formal Complaint. Such notice will (1) identify the Complainant and the Respondent; (2) specify the date, time (if known), location, and nature of the alleged Prohibited Conduct and include the written complaint; (3) identify potential Policy violation(s) and the essential facts underlying the potential violation(s); (4) identify the type of resolution (informal or formal); (5) include information about the Student Bill of Rights; (6) inform the parties of the right to choose and consult with an Advisor, who can accompany the parties to any meeting or hearing under this Policy and Procedures; (7) explain the prohibition against Retaliation; (8) instruct the parties to preserve any potentially relevant evidence in any format; (9) include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process; (10) identify how the parties can inspect and review evidence obtained as
part of the investigation (for Formal Resolution only) that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which HWS does not intend to rely in reaching a determination regarding responsibility, and evidence that both tends to prove or disprove the allegations, whether obtained from a party or other source; and (II) provide a copy of the Policy and these Procedures via a hyperlink. Either party may submit a written electronic appeal to the Title IX Coordinator within three calendar days regarding the Prohibited Conduct Policy violations chosen in the Notice of Allegations. The Title IX Coordinator will have sole discretion to determine the type of policy violation.

Typically, a no-contact order (NCO) will be issued by the Title IX Coordinator to both parties with the Notice of Allegations. A NCO is a directive that involves parties to not have contact in any way, including in person, via email, telephone, text messaging, social media, or any other method of electronic or direct communication. The orders will be mutual to both parties, unless designated by the Title IX Coordinator as a one-way order, which would be issued based on a fact specific inquiry, such as to enforce an order of protection issued by a court. The order also includes third parties acting on either the Complainant or Respondent’s behalf. The Colleges may issue a NCO order when it is deemed necessary to provide any or all individuals an opportunity to participate fully in the life of the Colleges, and may also be issued as supportive measures. Modifications to a NCO may be requested to the Title IX Coordinator. Failure to meet a NCO directive, may result in disciplinary action. Students may appeal a NCO, including the ability to submit evidence for a modification of the NCO, through appropriate procedures in the Handbook of Community Standards. Employees may appeal a NCO through the Title IX Coordinator.

**Dismissal of Formal Complaint**

The Title IX Coordinator will dismiss a Formal Complaint for the purposes of any form of Title IX Prohibited Conduct if any of the following circumstances are met:

- Even if proved, the misconduct alleged in the Formal Complaint would not constitute Title IX Sexual Harassment as defined in Section IV, Part A;
- The misconduct alleged in the Formal Complaint did not occur in the Colleges’ education program or activity; or
- The misconduct alleged in the Formal Complaint is not alleged to have occurred in the United States.

Dismissal of Title IX Prohibited Conduct for the foregoing reasons does not preclude the Colleges from proceeding with charges of other forms of misconduct, including Community Standards Prohibited Conduct.

Further, if any of the above circumstances are met, the Title IX Coordinator may still dismiss the Formal Complaint for purposes of any form of Title IX Prohibited Conduct and/or Community Standards Prohibited Conduct, in the Title IX Coordinator’s sole discretion:

- A Complainant notifies the Title IX Coordinator in writing that they would like to withdraw the Formal Complaint or any allegations raised in the Formal Complaint;
- The Respondent is no longer enrolled or employed by the Colleges; or
- If specific circumstances prevent the Colleges from gathering sufficient evidence to reach a determination regarding the Formal Complaint or allegations within the Formal Complaint.

If a Formal Complaint is dismissed, the involved parties will receive simultaneous written electronic notice of the dismissal, including the reason for the dismissal. Any party may appeal the decision by submitting a request for appeal to the Title IX Coordinator by email within seven (7) calendar days of the date of the notice from the Title IX Coordinator. The appeal will be determined using the procedures set forth in this Policy.

**Informal Resolution**

Informal Resolution presents the opportunity for the Complainant and Respondent to resolve allegations of Prohibited Conduct without an investigation or hearing. Participation in Informal Resolution in lieu of the Formal Resolution Process is purely voluntary. As to Title IX Prohibited Conduct, Informal Resolution is available only when a Formal Complaint has been filed and the parties agree to its use in writing. For cases involving Community Standards Prohibited Conduct, the Title IX Coordinator may use any form of Informal Resolution and need not strictly follow the procedures set out in this section. Informal Resolution may be used only with the approval of the Title IX Coordinator, who may deem its use inappropriate based on the specific allegations involved or other factors. Informal resolution is not available to resolve a student-Complainant’s allegation that an employee has engaged in Title IX Prohibited Conduct. Prior to initiating Informal Resolution, the Title IX Coordinator will provide the Parties with written notice disclosing the allegations, the requirements of the process, the right to withdraw from Informal Resolution to pursue Formal Resolution, and any consequences of participation (e.g., as it relates to any subsequent Formal Resolution if Informal Resolution is not achieved).

Informal Resolution can be commenced at any point prior to the conclusion of a Hearing under the Formal Resolution Processes. It may be conducted by an Informal Resolution Facilitator appointed by the Title IX Coordinator. The Complaint, Respondent, Title IX Coordinator, or Facilitator may terminate Informal Resolution at any time prior to its completion. If Informal Resolution is terminated, the Formal Resolution Process will promptly commence or resume, as appropriate.
Informal Resolution may take many forms as agreed to between the Complainant, Respondent and Title IX Coordinator, including, but not limited to:

- Mediation: Mediation may involve the Complainant and Respondent being in the same or different rooms, but they will never be required to be in the same room. Mediation typically does not require an admission of responsibility for the Prohibited Conduct by the Respondent.
- Restorative Justice: Restorative Justice may involve the Complainant and Respondent being in the same or different rooms, but they will never be required to be in the same room. Restorative Justice typically requires an admission of responsibility for the Prohibited Conduct, or certain allegations, by the Respondent.
- Educational Programming/Training: Targeted or broad-based educational programming or training for relevant individuals or groups may be provided by the Title IX Coordinator, or the facilitator of their choice based upon an agreement of the involved parties.

Where the Complainant or the Respondent withdraws from Informal Resolution or Informal Resolution is otherwise terminated for any reason, any statements or disclosures made by the parties during the course of the Informal Resolution will not be considered in a subsequent investigation and Formal Resolution. Any facilitator chosen by the Title IX Coordinator to oversee Informal Resolution may not serve as a witness in the event the Formal Resolution process commences.

The outcome of the Informal Resolution will be documented in an agreement or other form that is signed by both the Complainant and the Respondent. Informal Resolution will not be used to impose disciplinary action against the Respondent and will not be reported to third parties; however, it may be taken into consideration in the event of future findings of responsibility for Prohibited Conduct or other violations of the Colleges' policies.

The Informal Resolution process typically should be completed within thirty (30) calendar days of the parties documenting their agreement to participate. That period may be extended at the discretion of the Title IX Coordinator. The Title IX Coordinator will maintain records of all reports referred for Informal Resolution.

Formal Resolution

Formal Resolution is commenced upon receipt of a Formal Complaint, when the Complainant elects this option, or the Colleges determine that Formal Resolution is appropriate for resolution of the Formal Complaint, or the Informal Resolution process is halted or fails to resolve the Formal Complaint.

Investigation

Whenever Formal Resolution is commenced, the Title IX Coordinator will designate one or more Investigators from the Colleges and/or an experienced external investigator to conduct an investigation. The Title IX Coordinator will simultaneously notify the Complainant and the Respondent, in writing via HWS email accounts or by other reasonable means, of the commencement of an investigation, and how to challenge participation by the Investigator(s) for bias or conflict of interest – which the Title IX Coordinator will resolve in their sole discretion. The investigation is a neutral fact-gathering process. The Respondent is presumed to be not responsible; this presumption may be overcome only where the Adjudicator concludes that there is sufficient evidence, by a preponderance of the evidence, to support a finding that the Respondent violated the Policy. Neither party is required to participate in the investigation or any form of resolution under these Procedures.

Timing of Investigation

The Colleges will seek to complete the investigation within sixty (60) calendar days from the date a Formal Complaint is filed. This period is not guaranteed or achievable in all cases and may be for good cause, as described in the section on Timeframe for Completion of Investigation Extension for Good Cause. Any extension, and the reason for the extension, will be shared with the parties in writing.

Overview of Investigation

During the investigation, the parties will have an equal opportunity to be heard, to review the relevant information considered by the Investigator including the evidence upon which the Colleges does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation, to submit information and corroborating evidence, to recommend witnesses who may have relevant information, and to submit questions that they believe should be directed by the Investigator to each other or to any witness. The Investigator will notify and seek to interview separately the Complainant, the Respondent, and third-party witnesses, and will gather other relevant and available evidence and information, including, without limitation, electronic or other records of communications between the parties or witnesses (via voice-mail, text message, email and social media sites), photographs (including those stored on computers and smartphones), and medical records (subject to the consent of the applicable party). Parties will be provided sufficient time to prepare to participate in any meetings with the Investigator and provided the date, time, location, and participants.
Typically, the Investigator will prepare a written narrative of interviews with various involved parties (interview summary). The interview summary will be shared with the respective interviewee to review accuracy prior to being included in the record of the investigation. Finalized interview summaries and all other relevant evidence will be shared electronically with the Complainant, Respondent, and their Advisors prior to inclusion in the Preliminary Investigative Report (PIR).

The Investigator may not access, consider, disclose or otherwise use records that are made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional in connection with the provision of treatment to the Complainant or Respondent, unless the Investigator obtains the Complainant’s or Respondent’s, as appropriate, voluntary, written consent to do so.

(i) Relevance of Evidence - Prior Sexual History
The sexual history of a Complainant or Respondent will never be used to prove character or reputation. Subject to federal and state law, evidence related to the prior sexual history of either of the parties is generally not relevant to the determination of a Policy violation and will be considered only in limited circumstances. For example, prior sexual history may be relevant to explain the presence of a physical injury or to help resolve another question raised by the report and prior sexual interactions between the Complainant and Respondent may be relevant to understand the nature of the conduct at issue. The Colleges will determine the relevance of this information and both parties will be informed if evidence of prior sexual history is deemed relevant.

Site Visit(s) and Expert Consultation(s)
The Investigator may visit relevant sites or locations and record observations through written, photographic, or other means.

The Investigator may consult medical, forensic, technological or other experts when expertise on a topic is needed in order to achieve a fuller understanding of the issues under investigation.

Preliminary Investigation Report: Review and Response Period
Prior to the conclusion of the investigation, the Investigator will prepare a Preliminary Investigation Report (PIR) summarizing the information gathered and outlining the contested and uncontested information. The PIR will not include any findings or credibility assessments, which are reserved for the adjudicator, but may note observations relevant to credibility. The Complainant and the Respondent, in consultation with their Advisors if they so choose, will have an opportunity to review the PIR, respond to it in writing, meet with the Investigator if needed, submit additional comments and information to the Investigator, identify any additional witnesses or evidence for the Investigator to consider, and submit any further questions that they believe should be directed by the Investigator to the other party or to any witness. As part of the review of the PIR, the Title IX Coordinator will make available to all Parties any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Colleges does not intend to rely in reaching a determination regarding responsibility; and inculpatory or exculpatory evidence whether obtained from a Party or other source, so that each Party can meaningfully respond to the evidence prior to conclusion of the investigation. The Title IX Coordinator will designate ten (10) calendar days for the review and response by the parties after the submission of the PIR. The Investigator will consider any written response by the parties prior to the completion of the investigative report. The parties may submit information, witness names and any evidence during the investigation or designated review and response period. In the absence of good cause, information discoverable through the exercise of due diligence that is not provided to the Investigator during the investigation or designated review and response period will generally not be considered in the determination of responsibility for a violation of the Policy, and will not be considered by the Adjudicator or the Appeal Panel.

Final Investigation Report
Unless there are significant additional investigative steps required as identified by the Investigator, after receipt and consideration of any additional comments, questions and/or information submitted by the parties during the designated review and response period, the Investigator will prepare a Final Investigation Report (FIR). The Investigator will deliver the FIR to the Title IX Coordinator. The Title IX Coordinator will notify both parties, simultaneously, that the FIR is complete and available for electronic review. The Title IX Coordinator will then create and electronically send to the Complainant, Respondent, and their Advisors a Notice of Adjudication letter.

Adjudication
Subject to Appendix A, section I. Complaint Resolution Process above (describing procedures for faculty and staff), the Colleges hold a live hearing by a single decision-maker or panel of decision-maker(s), known as the Adjudicator(s).

Notice and Timing of Hearing
Within ten (10) calendar days prior to the date of the hearing, the Title IX Coordinator will notify the parties in writing of the specific charge, the date, time, and location of the hearing, the name of the Adjudicator, and how to challenge participation by the Adjudicator for bias or conflict of interest – which the Title IX Coordinator will resolve in their sole discretion. The Colleges may, at
the discretion of the Title IX Coordinator, postpone the hearing or determine that multiple hearing sessions are necessary for a continuance. Good cause for extension may include the unavailability of the parties, the timing of semester breaks or holidays designated by the Colleges, or other extenuating circumstances requiring more time. Any extension, including the reason for the extension, will be shared with the parties in writing. The Complainant or the Respondent may seek to postpone the hearing. Permission to postpone a hearing may be granted provided that the request to do so is based on a compelling need and communicated to the Title IX Coordinator prior to the time of the hearing.

**Hearing Format**
The hearing may be conducted with all parties physically present in the same geographic location, or, at the Colleges’ discretion, any or all parties, witnesses, and other participants may appear at the hearing virtually through remote video conferencing. Remote video conferencing will enable participants to simultaneously see and hear each other. The Colleges may delay or adjourn a hearing based on technological errors not within a party’s control. The Colleges will make all evidence subject to the parties’ inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination. Each party has the opportunity to be heard, to identify witnesses for the Adjudicator’s consideration, and to respond to any questions of the Adjudicator. While the parties may not directly question each other or any witness, their Advisors may cross examine witnesses as described below. A typical hearing may include brief opening remarks by the Complainant and/or Respondent, with follow-up questions posed by the Adjudicator, information presented by the parties or witnesses deemed relevant by the Adjudicator, with follow-up questions of the parties or witnesses by the Adjudicator and the parties’ Advisors for cross-examination, and brief concluding remarks by the Complainant and Respondent.

All hearing proceedings will be, at a minimum, audio-recorded and made available for parties’ review upon completion of the hearing.

**i) Expectations of Decorum**
The following Expectations of Decorum are to be observed in the hearing, during cross-examination, and as applicable to any meetings associated with resolution of a Formal Complaint; and applied equally to all parties and Advisors. The Title IX Coordinator will have the authority to remove from the meeting, process, or hearing an involved party and/or Advisors who do not comply with the Expectations of Decorum.
- Questions must be conveyed in a neutral tone.
- Parties and Advisors will refer to other parties, witnesses, Advisors, and institutional staff using the name and gender used by the person and shall not intentionally mis-name or mis-gender that person in communication or questioning.
- No party may act abusively or disrespectfully during the hearing toward any other party or to witnesses, Advisors, or Adjudicators.
- While an Advisor may be an attorney, no duty of zealous advocacy should be inferred or enforced within this forum.
- The Advisor may not yell, badger, or physically “lean in” to a party or witness’s personal space. Advisors may not approach the other party or witnesses without obtaining permission from the Adjudicator.
- The Advisor may not use profanity or make irrelevant ad hominem attacks upon a party or witness. Questions are meant to be interrogative statements used to test knowledge or understand a fact; they may not include accusations within the text of the question.
- The Advisor may not ask repetitive questions. This includes questions that have already been asked by the Adjudicator, the Advisor in cross-examination, or the party or Advisor in direct testimony. When the Adjudicator determines a question has been “asked and answered” or is otherwise not relevant, the Advisor must move on.
- Parties and Advisors may take no action at the hearing that a reasonable person in the shoes of the affected party would see as intended to intimidate that person (whether party, witness, or official) into not participating in the process or meaningfully modifying their participation in the process.

**Cross Examination**
Each party's Advisor will conduct live cross-examination of the other party or parties and witnesses. During this live-cross examination the Advisor will ask the other party or parties and witnesses relevant questions and follow-up questions, including those challenging credibility directly, orally, and in real time.

a) **Determining Relevance of Questions**
Before a Complainant, Respondent, or witness answers a cross-examination or other question, the Adjudicator must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant unless (1) such questions and evidence about the Complainant’s prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or (2) if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior.
with respect to the Respondent and are offered to prove consent.

Other forms of evidence and information that are not considered relevant include: information protected by a legally recognized privilege and any party’s medical, psychological, and similar records unless the party has given voluntary, written consent. Cross-examination questions that are duplicative of those already asked, including by the Adjudicator may be deemed irrelevant if they have been asked and answered.

**Participation in Hearing**
Both the Complainant and the Respondent have a right to be present at the hearing. Either party may be accompanied in the hearing by an Advisor of their choice and must provide the name of their Advisor to the Title IX Coordinator at least three (3) days prior to the hearing. When a party does not have an Advisor of choice at the hearing, the Colleges must provide an Advisor solely to conduct cross examination – see section VII, part D.1 of this Policy regarding Advisors.

If, despite being notified of the date, time, and location of the hearing, either party is not in attendance, the hearing may proceed the Adjudicator may reach a determination in the parties’ absence, including through any evidence gathered that does not constitute a “statement” by that party. Neither party is required to participate in the hearing in order for the hearing to proceed. The Colleges will not threaten, coerce, intimidate, or discriminate against the party in any attempt to secure the party’s participation.

**Responding to Questions**
- If a party or witness is present at the live hearing, but disagrees with a relevance determination, they may have the choice of either (1) abiding by the Adjudicator’s determination and answering or (2) refusing to answer the question.
- If a witness or party refuses to submit themselves to cross-examination questioning by a party’s Advisor, the Adjudicator may not rely on the statement(s) of that party or witness in reaching a determination regarding responsibility. In this instance, the Adjudicator may rely on non-statement evidence.
- If a party or witness refuses to submit themselves to questioning by the Adjudicator, the Adjudicator may not draw any inference about the determination of responsibility based solely on the refusal by the party or witness but can still rely on statement evidence.

(i) Participation by Witnesses
The parties may submit to the Title IX Coordinator a list of witnesses they believe have relevant information to the outcome of the hearing. The Adjudicator will review the parties’ requested witnesses and consider any other witnesses. The Adjudicator has discretion to determine which witnesses are relevant and may decline to hear from witnesses where they conclude that the information is not necessary for the review. Witnesses will only be permitted inside the hearing location during their own testimony.

Witnesses cannot be compelled to participate in the live hearing, and have the right not to participate in the hearing free from retaliation. If a witness does not submit to cross-examination, the Adjudicator cannot rely on any statements made by that witness in reaching a determination regarding responsibility, including any statement relayed by the absent witness to a witness or party who testifies at the live hearing. Witnesses are subject to the Expectations of Decorum.

**Decision and Deliberation by Adjudicator**
The Adjudicator will simultaneously issue a written decision (the “Final Outcome Letter”) to both the Complainant and the Respondent, via the Title IX Coordinator, within seven calendar days following the hearing. The Final Outcome Decision Letter will include:
- A description of the allegations that lead to the hearing, as potentially constituting Prohibited Conduct.
- A description of the procedural steps taken from the receipt of the Formal Complaint through the determination.
- A statement of factual findings supporting the determination.
- A statement of the conclusions regarding the application of this Policy to the facts.
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility.
- An explanation of the disciplinary sanctions imposed on the Respondent, if any.
- A statement of whether remedies designed to restore or preserve equal access to the Colleges’ education program or activity will be provided to the Complainant. Specific remedies will be identified in the Hearing Outcome Decision Letter only to the extent those remedies directly affect the Respondent. The Title IX Coordinator is responsible for implementing such remedies.
- The procedures and permissible bases for the Complainant and Respondent to appeal. The Adjudicator may consult with the Title IX Coordinator or their designee for questions regarding policy, procedures, and/or prohibited conduct.
Disciplinary Sanctions for Students
Where a student is found responsible for a violation of this Policy, the Title IX Coordinator will designate an appropriate administrator from the Colleges to provide a record of disciplinary history to the Adjudicator. The Adjudicator will then determine the appropriate sanction(s). Sanctions imposed by the Colleges include, but are not limited to:

- Probation;
- Conduct warning;
- Suspension;
- Expulsion/permanent separation;
- Organizational sanctions including probation and rescinding recognition; and/or
- Any other educational and/or remedial measures to eliminate, prevent or address the Prohibited Conduct.

In general:
- Any student who is found responsible for Sexual Assault (involving sexual intercourse) will receive a sanction ranging from suspension to expulsion.
- Any student who is found responsible for Sexual Assault (involving sexual contact) will receive a sanction ranging from conduct warning to expulsion.
- Any student who is found responsible for any other form of Prohibited Conduct will receive a sanction ranging from conduct warning to expulsion.

When any group (student group, student organization or team) is determined to have acted in violation of this Policy, the group will receive
- a sanction ranging from probation to loss of recognition or status.

The Adjudicator may broaden or lessen any range of recommended sanctions based on mitigating or aggravating circumstances. A single sanction or a combination of sanctions may be issued.

In considering the appropriate sanction within the

recommended outcomes, the Adjudicator will consider the following factors:

- the Respondent’s prior discipline history;
- how the Colleges have sanctioned similar incidents in the past;
- the nature and violence of the conduct at issue;
- the impact of the conduct on the Complainant;
- the impact of the conduct on the HWS community;
- any written impact and mitigation statements submitted by the parties;
- whether the Respondent has accepted responsibility;
- whether the Respondent is reasonably likely to engage in the conduct in the future;
- location of incident;
- whether the conduct reflects collusion with other individuals;
- the need to deter similar conduct by others; and
- any other mitigating or aggravating circumstances. Absent justifications, if the Respondent has engaged in the same or similar conduct in the past, the sanction will be greater than the previous sanction.

The Adjudicator will also consider other remedial actions that may be taken to address any Prohibited Conduct and prevent its recurrence, including strategies to protect the Complainant and any witnesses from retaliation; counseling for the Complainant; other steps to address any impact on the Complainant, any witnesses, and the broader student body; and any other necessary steps reasonably calculated to prevent future occurrences of Prohibited Conduct.

Disciplinary Sanctions for Non-Student Employees
Sanctions may vary depending on the totality of the circumstances and potentially range from a written warning to the termination of the Respondent’s employment. Any procedures relating to termination of a tenured faculty member will be subject to review under the relevant provisions of the Faculty Bylaws and Procedures.

Appeals
The Complainant and the Respondent may appeal the Dismissal of Complaint and/or the Final Outcome. An appeal must be submitted electronically to the Title IX Coordinator in writing within seven (7) calendar days of receiving the Final Outcome Letter. The grounds for appeal are:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- The Title IX Coordinator, investigator(s), or Adjudicator had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected
The appeal shall consist of a plain, concise, and complete written statement outlining the grounds for the appeal and should not exceed 10 pages single spaced, including any attachments. Appeals that do not meet these standards may be returned to the party for correction. Upon receipt of an appeal, the Title IX Coordinator will notify both parties and provide them with the written statement of appeal. Each party has an opportunity to respond in writing to the appeal. Any response to the appeal must be submitted to the Title IX Coordinator within three (3) calendar days from receipt of the appeal.

The appeal will be conducted in an impartial manner by an Appeal Panel, consisting of the Vice President for Campus Life (or their designee), the Provost (or their designee) and the Vice President of Human Resources (or their designee). The Title IX Coordinator will inform the parties regarding the composition of the Panel at the outset of the appeal and provide information on how to challenge the composition of the Panel for bias or conflict of interest. In any appeal, the burden of proof lies with the party requesting the appeal, as the original determination and sanction are presumed to have been decided reasonably and appropriately. The Appeal Panel will consider an appeal only on the basis of one or more of the four (4) grounds for appeal stated above, and will make a determination based on supporting information provided in the written request for appeal, the written response of both parties, the Final Investigative Report and the written record of the original hearing including the Final Outcome Letter. The Appeal Panel may decide to:

- dismiss the appeal for failing to state a ground(s) for appeal;
- send the case back to the original Adjudicator for reconsideration of previously unavailable relevant evidence;
- In the event of a finding of bias, designate a new Investigator and/or Adjudicator, not previously involved in the matter, to oversee a new investigation and/or hearing of the claim;
- make a final determination either upholding or altering the sanction decision of the Adjudicator, which may include but is not limited to:
  - Adding or removing one or more sanctions;
  - Increasing or decreasing the duration of one or more sanctions;
  - Alteration of deadlines related to sanction completion.

The submission of an appeal stays any sanctions for the pendency of an appeal. Generally, the Appeal Panel will communicate the result of the appeal to the Complainant and the Respondent within ten (10) calendar days from the date of the submission of all appeal documents by both parties. Appeal decisions are final, and after any appeal is resolved, the decision is not subject to further review.

**Timeframe for Completion of Investigation and Adjudication; Extension for Good Cause**

The Colleges’ goal is that the period from commencement of an investigation through resolution (finding and sanction, if any) will not exceed ninety (90) calendar days. This timeframe is not guaranteed or achievable in every case and may be extended for good cause, which may exist if additional time is necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement for temporary delay to gather evidence for a criminal investigation, to accommodate the availability of witnesses, to account for breaks or vacations in the Colleges’ calendar, to account for complexities of a case, including the number of witnesses and volume of information provided by the parties, or for other legitimate reasons. The Title IX Coordinator will notify the parties in writing of any extension of this timeframe and the reason for such extension.

**Transcript Notations**

After a finding of responsibility at the close of the claim, the Title IX Coordinator will direct the Colleges’ Registrar to make a notation on the Respondent’s transcript stating the student was “suspended after a finding of responsibility for a code of conduct violation” or “expelled after a finding of responsibility for a code of conduct violation.” Notations following an expulsion are permanent. One year after the conclusion of the suspension, Respondents who have been suspended may appeal to the Appeals Panel, requesting the removal of the notation. A Respondent may appeal the notation regarding suspension no more than one time per year.

**Release of Documents**

As to matters involving students, under federal privacy laws, the Final Investigation Report, statements of one party that are shared with the other party in the resolution process, and any documents prepared by the Colleges, including documents by or for the adjudicators in advance of the Hearing, constitute education records which may not be disclosed outside of the proceedings, except as may be required or authorized by law.

Complainants and Respondents are free to discuss their own experiences; however, the investigative reports and evidence obtained during any investigation, and any information used during a hearing, are confidential and may not be shared by parties or their advisors, unless specifically permitted by law. Access to materials will be provided only by a secure method and parties and advisors are not permitted to make copies of any documents shared or make use of the documents outside of the Title IX and Sexual Misconduct Policy process.
Records
The Title IX Coordinator will maintain for a period of at least seven (7) years records of Prohibited Conduct, including any determination regarding responsibility and any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the Colleges' education programs or activities; any appeal and the result therefrom; any Informal Resolution; and all materials used to train Title IX Coordinators, Investigators, decision-makers, and any person who facilitates an informal resolution process. Additionally, the Colleges will create, and maintain for a period of seven (7) years, records of any actions, including supportive measures, taken in response to a report or Formal Complaint of Prohibited Conduct. The Colleges will document the basis for their conclusion, that their response was not deliberately indifferent, and document that they have taken measures designed to restore or preserve equal access to the Colleges' education programs or activities. If the Colleges do not provide a Complainant with supportive measures, then such documentation will include the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Education and Prevention Programs
The Colleges engage in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

Sex Offender Registration Information
In the State of New York, individuals convicted of certain sex offenses must be registered in the sex offender registry maintained by the New York State Division of Criminal Justice Services.

Information about sexual offenders registered in New York State is available from several sources.

1. New York State Division of Criminal Justice Services online at https://www.criminaljustice.ny.gov/nsor/
2. The Ontario County Sherriff’s Office online “offender search” at https://www.sheriffalerts.com/cap_main.php?office=54544
3. The United States Department of Justice National Sex Offender Public Website https://www.nsopw.gov/?As pxAutoDetectCookieSupport=1
4. A fee-based inquiry system can be reached at https://login.publicdata.com

Weapons on Campus
Firearms and dangerous weapons of any type are not permitted on campus. The Colleges include BB guns, air guns, knives, blank guns, etc. in the category of dangerous weapons.

Weapons that are confiscated will not be returned. They will be destroyed or turned over to the local police for further legal action. Possession of weapons violates the New York State penal laws pertaining to public and private educational institutions. Campus Safety will confiscate weapons when they are discovered and exercise broad discretionary judgment as to what might constitute a dangerous weapon. Students found in possession of a firearm or dangerous weapon will be referred for campus disciplinary action and or a referral to local law enforcement for criminal sanctions.

Missing Student Policy and Procedure
If anyone has reason to believe that a student who resides in an on-campus housing facility is missing, he or she should immediately notify the Office of Campus Safety at (315) 781-3333. The Office of Campus Safety will respond and conduct a preliminary investigation in order to verify the report. Upon verification of the report, the Office of Campus Safety will immediately notify the Geneva Police Department (GPD).

In addition to registering a general emergency contact, all students may identify one or more individuals as confidential missing person contacts to be contacted only by authorized officials of the Colleges within 24 hours of the determination that a student is missing. Authorized officials of the Colleges may disclose the confidential missing person contact information only to law enforcement officials and only for the purpose of furthering the missing person investigation.

If a missing student is under the age of 18 and is not emancipated, Hobart and William Smith Colleges will notify the student’s custodial parent or guardian within 24 hours of the determination that the student is missing.

To identify a confidential contact(s), students may do so through the Hobart and William Smith Colleges PeopleSoft Portal. The confidential contact should be someone who will be likely to know your location and who you wish to be contacted if you are missing.

Alcohol and Other Drug Policies
Students and employees of Hobart and William Smith Colleges are subject to federal law, New York State law, local statutes and ordinances, and the Colleges’ alcohol and drug policy. Students and employees who violate federal, state or local laws or policies of the Colleges will be subject to criminal and/or institutional disciplinary action, up to and including permanent separation and/or termination of employment. Ignorance of the law and the Colleges’ policy is not an excuse for any violations.

As an institution dedicated to higher learning, service, and preparing students to live lives of consequence, HWS condemns the unlawful possession, use/abuse, or distribution of alcohol and other drugs. Because abuse of alcohol and other drugs is detrimental to the physical and psychological well-being of students, the Colleges seek to educate students about the dangers of drug and alcohol abuse and the importance of healthy and responsible choices. Repeated involvement with, or excessive use of, alcohol and/or other drugs will be viewed as a health concern as well as a disciplinary matter. The Colleges may mandate treatment for abuse of alcohol and other drugs, including, but not limited to, medical leaves of absences, suspensions, or permanent separation. Any sanction may be imposed for any violation. The Campus Safety and Residential Education staffs will report student violations of the Policy on Alcohol and Drugs to members of the Office of Campus Life. As the use of alcohol on campus is permitted only by those who are of 21 years of age or older, the responsibility for complying with all policies and procedures applying to the possession, use, sale, purchase, and service of alcohol lies solely with each individual community member.

Hobart and William Smith Colleges Alcohol Policy
1) Overview
The Colleges encourage responsible choices among members of the Colleges’ community, with the intention to encourage and support good judgment in the legal use of alcohol for those who choose to use it. The Colleges understand that alcohol abuse cannot be ended simply through strict rules and enforcement. We must establish reasonable policies, create programs that educate all members of the Colleges’ community of the effects
of alcohol use and abuse, and provide help for those who need it for themselves or others. We believe that environments that value moderation and responsible choice establish habits of respect for self and others in the use of alcohol and other substances that will likely carry forward throughout students’ lives. It is toward this end that the following policies and guidelines have been established. The Office of Campus Safety will enforce all federal, state and local laws governing alcohol as well as all Hobart and William Smith community standards policies governing alcohol.

2) Summary of New York State Laws Governing Alcohol
Under New York State law it is illegal:
• For a person under the age of 21 to consume alcohol or to possess alcohol with the intent to consume it.
• To sell, deliver, or give away alcoholic beverages to any person actually or apparently under the age of 21.
• To sell, deliver, or give away any alcoholic beverage to any intoxicated person or any person under the influence of alcohol.
• To sell, deliver, or give away any alcoholic beverage to any habitual drunkard known to be such to the person authorized to dispense any alcoholic beverage.
• To sell alcohol, including charging admission at the door of an event where alcohol is distributed free of charge, without and Alcoholic Beverage Control license.
• For any person under the age of 21 to present or offer identification of age which is false, fraudulent, or not his or her own, for the purpose of purchasing alcohol or attempting to purchase alcoholic beverages. It is also illegal for another person to misrepresent the age of someone under 21 for the purpose of helping the person under 21 obtain alcohol.
• To operate a motor vehicle with the blood alcohol content between .05 and .07 percent. This is known as “Driving While Ability Impaired,” or DWAI. “Driving While Intoxicated” (DWI) is defined by a blood alcohol content of .08 percent or greater, and is also illegal.
• For any person under the age of 21 who operates a motor vehicle while having a blood alcohol content of .02 percent or greater (a very low threshold).

3. Local Ordinances:
City of Geneva Ordinance §§ 69–4, 69–7. Under this ordinance it is illegal for a person to drink or otherwise consume liquor, wine, beer, or other alcoholic beverages nor have in her or his possession or carry or transport any open bottle or open container containing liquor, wine, beer, or other alcoholic beverages when such person is in or upon any public sidewalk, street, highway, parking lot, bathing beach, public park, or such public place.

City of Geneva Ordinance §§ 69–6, 69–7. Under this ordinance, it is illegal for any person under 21 years of age to possess any alcoholic beverage in a public place as defined by § 240.00 of the Penal Law of the State of New York, and any alcoholic beverage found to be in the possession of a person under 21 years of age in such public place shall be confiscated. A violation of this provision shall be punishable by a fine not exceeding $250 or by imprisonment not exceeding 15 days, or by both said fine and imprisonment.

City of Geneva Ordinances §§ 236–13, 236–14, 236–15. This ordinance prohibits any responsible person from sponsoring, conducting, hosting, inviting or permitting a “nuisance party.” A “nuisance party” includes, but is not limited to, any social gathering held within the City of Geneva that results in unlawful possession of an open container; the unlawful sale, furnishing, dispensing or consumption of an alcoholic beverage; the sale or furnishing of an alcoholic beverage to an under age person; possession or consumption of an alcoholic beverage by an underage person; or unlawful possession, sale or use of a controlled substance. A violation of this provision shall be punishable by a fine not exceeding $500, or imprisonment for 15 days, or both with a civil penalty to be recovered by the City of Geneva in a civil action or proceeding to recover cost of law enforcement, fire or other emergency response to a loud or unruly gathering.

4) Civil Liabilities:
Dram Shop Liability. Any person who is injured by an intoxicated person has a legal right of action against anyone who has unlawfully sold alcohol to the intoxicated person or unlawfully assisted the intoxicated person in obtaining liquor. In any such legal action, the injured person has a right to recover both actual and punitive damages. Social Host Liability. Any person who furnishes alcoholic beverages to an individual under the age of 21 is at risk of civil liability if the intoxication of the person under the age of 21 results in injury or damages to a third party.

Hobart and William Smith Colleges Other Drugs Policy

Overview, Summary of Federal and NYS State Laws & College Policy

As an institution of higher education, Hobart and William Smith Colleges have a responsibility to promote an environment that is incompatible with the use of illegal drugs and the abuse of other drugs/substances not medically prescribed and supervised.

Existing federal and state laws prohibit the possession, use, manufacture, and distribution of controlled substances. Degree and penalties vary depending upon the type of substance, amount of substance, prior record of individual and age of individual. For more information, please visit the Federal Trafficking Penalties table at https://www.davidsondavie.edu/wp-content/uploads/2019/06/Federal_Trafficking_Penalties-0619.pdf drug-information. Penalties for violating state laws can include substantial fines and imprisonment ranging from a few months to life. Violation of federal laws can also result in substantial fines and imprisonment as well as forfeiture of property and denial of federal benefits, including financial aid.

The Colleges prohibit illegal possession or transfer of any controlled substance so defined in the statutes of New York State. The outcome from selling, making or distributing drugs and from socially disruptive behavior resulting from use of illegal drugs will be prompt and decisive Colleges' action. In addition, the Colleges prohibit the possession and/or use of drug-related paraphernalia. The Colleges are an educational institution. They do not apply sanctions of the law, but they do not ignore the law nor stand between the student and the law.

Among the relevant laws are the following:

- Unlawful possession of any controlled substance is a crime.
- Giving another person an illegal drug or prescription controlled substance is the same as selling it.
- The sale (or giving) of any controlled substance is a felony. This statute also includes legally possessed prescription drugs that are controlled substances.
- Possession of marijuana is against the law; the charges and sanctions vary according to the amount possessed.
- The sale of marijuana is a more serious crime than simple possession.
- Possession of gelatin caps, glassine envelopes, other packaging materials, or scales under circumstances evincing intent to use is a crime.

Hobart and William Smith Colleges take this position because use of these drugs can: (1) Create personal hazards and costs whether legal, academic, medical, or otherwise for users and others; (2) Affect negatively the well-being, intellectual, social, emotional, and spiritual/ethical growth and development of members of the community; (3) Cause situations in the setting of a residential college in which individual actions affect all members.

The Colleges prohibit and will hold students accountable for the following behaviors:

- a) Possession of use of marijuana.
- b) Use or possession of illegal drugs other than marijuana.
- c) Possession of marijuana paraphernalia and/or other drug paraphernalia.
- d) Illegal use of prescription medications, including without limitation the use of another's prescribed medications or illegal misuse of personally prescribed or over-the-counter medications.
- e) Distributing illegal drugs to include the sharing of illegal drugs (including, but not limited to, marijuana) or other controlled substances (including legal, prescription drugs), or the possession of items typically perceived by a reasonable person to be utilized for distribution.
- f) Selling illegal drugs (including, but not limited to, marijuana) or other controlled substances (legal prescription drugs).

Education and Counseling Programs for Alcohol and Other Drugs:

The Colleges provide educational programs and counseling services to address the issues of alcohol and other drug use. The Colleges' goals are to increase awareness, and to assist those in need of help, as in those potential instances of addiction, chemical dependency, and other negative consequences resulting from use or abuse of alcohol and other drugs.

Educational outreach is offered throughout the school year by the Alcohol and Drug Abuse and Prevention Team (ADAPT), Residential Education, The Counseling Center, and various offices and organizations including athletics, Student Activities, and Greek organization houses. Courses in a variety of disciplines (e.g., biology, chemistry, philosophy) also provide academic discussion of alcohol or other drug use.

Emergency Response and Evacuation Policies and Procedures
Emergency Notification Process
Hobart and William Smith Colleges utilize the Everbridge Mass Notification system to notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty or staff occurring on the campus.

If the Office of Campus Safety confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the HWS community, the Office of Campus Safety will activate the emergency notification system to provide immediate notification of the threat to the HWS community, or to the appropriate segment of the community if the threat is limited to a specific location. The Office of Campus Safety will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification, unless issuing the notification will, in the judgment of first responders (including but not limited to HWS Office of Campus Safety, Geneva Police Department, Geneva Fire Department or Ontario County Sheriff’s Office), compromise the efforts to assist a victim or contain, respond to or mitigate the emergency. During an emergency situation situational update messages will be sent via the Everbridge system, as well as through the Colleges’ Twitter account.

The Everbridge Mass Notification system will deliver emergency alerts to the campus community via text message, mobile telephone, office phone and/or email and Alertus desk-top. In addition, the Alertus external siren/speaker system will alert members of the campus community and deliver the emergency alert through the external speakers. External speaker arrays are located on the Bristol Field House, Bristol Gym, Lansing Science Building and the Elliott Arts Studio. Once an emergency notification message is received the recipient will need to acknowledge receipt of the message.

Everbridge Mass Notification emergency alerts are communicated to key members of the City of Geneva Police Department for their information and for distribution to the larger Geneva community as needed. In addition, emergency notifications delivered through the Alertus external siren/speaker system can be heard by those residents who reside adjacent to the Colleges’ main campus. Emergency notification information may be posted when appropriate by the Colleges’ Office of
Students receive information about evacuation, lock-down procedures and shelter-in-place procedures during first year Orientation and returning students at all residence hall floor meetings. Residential Education staff members and Community Assistants (CA's) are also trained in these procedures and are a continuing resource for students living in their residence halls and houses. In addition, Residential Education staff and CA's participate in evacuation drills and other emergency response tests.

Evacuate:
Evacuate means to exit a building using the nearest available exit, reporting to the buildings pre-determined meeting area and following further instructions from colleges officials or campus safety.

Emergencies such as an indoor hazardous material spill or release, fire, natural gas leak, or bomb threat will trigger an evacuate command.

Shelter-in-Place:
Sheltering in place means to remain indoors or to seek immediate shelter indoors and remain there during an emergency. Sheltering in place includes closing exterior doors and windows, drawing shades, turning off HVAC systems and possibly moving to a more protected interior area of a building depending on the nature of the emergency, and then remaining there until the “all clear” confirmation has been given.

Emergencies such a hazardous material release or a severe weather occurrence will trigger a shelter-in place command.

Lockdown:
A "lockdown" is a temporary sheltering technique utilized to limit human exposure to an apparent life-threatening, hostile or hazardous situation or threat. When a lockdown is declared by the Colleges’ officials or Campus Safety, occupants of any building within the impacted area are to remain in their respective spaces locking or, if unable to lock, barricading doors, closing and locking windows, drawing shades, covering classroom or office door windows, silencing cell phones, remaining quiet, and not allowing entry or exit to a secured area until the “all clear” confirmation has been given.

Emergencies such as an armed intruder on campus or an active shooter on campus (an individual actively engaged in killing or attempting to kill people with a firearm in a confined populated area) will trigger a lockdown command.

Evacuation drills are also used to test the response of HWS personnel responsible for responding to emergency situations on campus. Office of Campus Safety personnel are trained in the Incident Command System (ICS) as the preferred means to respond to emergency situations occurring on campus. The ICS allows Office of Campus Safety personnel to coordinate with other HWS departments and local public safety agencies to respond to and recover from an emergency situation.
The Office of Campus Safety conducts tests of its emergency response plans and capabilities at least annually. Tests may include table-top exercises, functional exercises, full scale exercises or a combination of exercises. These tests allow the Office of Campus Safety to evaluate its response capabilities, the ability to interface cooperatively with other HWS departments and other public safety agencies and improve plans and response procedures. The Office of Campus Safety will document all drills and tests and record the description of the drill/test, the date, the time and whether the test was announced or unannounced. In addition, after action reviews are conducted for all emergency management exercises.

Publicly available information regarding the Colleges emergency response procedures is available on the campus safety emergency planning and preparedness webpage at http://www.hws.edu/studentlife/planning. The emergency planning and preparedness webpage is populated with emergency action plans (EAPs). Each EAP provides guidance to the campus community about how to respond during specific emergencies.

**Hate Crimes and Bias Related Incidents**
Hobart and William Smith Colleges strive to foster a safe and healthy learning environment that embodies diversity, inclusion and respect for individuals and the exercise of free speech. The Colleges promote civility and do not tolerate acts of hate, bias or intolerance.

The Federal Government and numerous states including New York State, have hate crime statutes. A hate crime is a criminal offense committed against a person or property which is motivated in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, ethnicity, national origin, sexual orientation or disability.

The Colleges report hate crimes perpetrated against individuals or groups when the motivating reason, in whole or part, can be attributed to bias. In addition to murder, manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and arson, the Colleges also reports hate crimes attributed to larceny, simple assault, criminal mischief and intimidation.

**Applicable laws and ordinances**
It is beyond the scope of this document to list all the federal and state laws that relate to hate crimes. More specific information about the New York State Hate Crimes Act of 2000 can be found at this link http://public.leginfo.state.ny.us/lawssrch.cgi?NVLWO:. Information about federal laws can be found at the U. S. Department of Justice site at https://www.ncjrs.gov/spotlight/hate_crimes/summary.html. Under certain circumstances the penalty imposed may be more severe for a hate crime felony or misdemeanor then for the same crime that is not a hate crime.

**Penalties**
Violators will be subject to appropriate disciplinary action including possible suspension or termination of employment for faculty and staff, ejection from campus for visitors and suspension or separation from the Colleges for students. Violators will also be subject to such penalties as may be imposed in accordance with federal and state law.

**Reporting and Procedures for Dealing with Bias Related Crimes and Incidents**
All members of the Colleges’ community are encouraged to report hate crimes and bias related incidents. In addition to reporting directly to the Office of Campus Safety, hate crimes and bias incidents may be reported anonymously on the bias incident reporting form located on the Colleges’ website at https://cm.maxient.com/reportingform.php?HWSColleges&layout_id=2. In addition, members of the campus community are encouraged to report hate crimes directly to the Geneva Police Department. A bias indicator is an objective fact, circumstance, or pattern standing alone or in conjunction with other facts or circumstances that suggests that the offender’s actions were motivated, in whole or in part, by bias. The following are some of the factors that may indicate bias motivation.

1. Racial, ethnic, gender, and cultural differences exist between the perpetrator and victim.
2. Comments, written statements, and gestures were made.
3. Drawings, markings, symbols, and graffiti were left.
4. Organized hate groups or their members were involved.
5. The victim previously had received bias motivated harassing mail or phone calls.
6. The victim's or witness's perception of the incident is that it was motivated by bias.
7. The location of the incident indicates bias motivation.

A bias-related incident (not a hate crime) committed by a staff member will be referred to Human Resources for disciplinary action. Faculty members will be referred to the Provost. Students will be referred to the appropriate dean. If the offender is a visitor he will be asked to leave the campus immediately. The visitor will be arrested if he or she refuses to comply and the visitor may be banned from future presence on the campus.

**Support Services**
The Colleges have a staff of NYS licensed psychologists. Victims of a hate crime or biased-related incident will be advised of the availability of counseling services. Campus Safety will contact a counselor at the request of the
victim. If the victim chooses not to seek the services of a counselor immediately, they will be advised of the phone number, office location and availability of counseling services.

The Colleges do not publish the name of crime victims, persons accused of committing crimes, nor house identifiable information regarding victims or accused in the Daily Crime Log or online.

The Annual Security Report
In accordance with the federal Student Right-to-Know Act, Hobart and William Smith annually provides statistics for crimes reported to the office of campus safety, local law enforcement agencies and individuals on campus identified as campus security authorities. Written requests for crime statistical information are made on an annual basis to the appropriate local law enforcement agencies as well as all campus security authorities.

All gathered statistical information is compiled and reported to the Colleges’ community via the annual security report which is prepared by the Office of Campus Safety and posted on the Colleges’ website on or before October 1 each year. A notice of the availability of the annual security report is emailed annually to every student and employee and a direct link to the report is included in the email. Printed copies of the annual security report are available by request from the Office of Campus Safety by calling (315) 781–3656. The U.S. Department of Education requires that colleges and universities submit their crime statistics to a website so that the information is available to all who are interested and have internet access. The address for the Department of Education crime statistics web site is: https://ope.ed.gov/campussafety/#/

The Colleges do not publish the name of crime victims nor house identifiable information regarding victims in the Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request through the Office of the Registrar, (315) 781–3651.

The annual security report includes criminal incidents for the past three years and covers eleven crime statistical categories listed by location, three Violence Against Women Act statistical categories, as well as arrests or referrals to the Colleges conduct office for liquor law violations, drug abuse violations and weapons law violations.

Fire Safety
HEA Title IV, Part G, Section 485 (i)
This provision was signed into law on August 14, 2008 by President George W. Bush. The law requires any institution maintaining on-campus student housing to issue an annual fire safety report. The report must include statistics regarding the number/causes of fires, number of fire injuries and deaths, and value of property damage. It also must include information on each on-campus student housing fire safety system, the number of regular mandatory fire drills, fire safety policies and education programs, and plans for any needed fire safety improvements. The statistics also must be submitted to the Secretary of Education.

Campus Safety maintains a log that records all fires in on-campus student housing facilities.

On Campus Student Housing Fire Safety Systems
On-campus student housing has a number of fire safety systems installed. Student residences are protected by a Simplex fire detection system which consists of a series of smoke and heat sensors, fire alarm activation pull stations, as well as horn and strobe alarms that are hard-wired to a central monitoring station that is staffed 24 hours per day, 7 days a week, 365 days a year.

A horn base is installed in every sleeping room to insure that all residents are able to hear the alarm. The system is tested once a year in accordance with NFPA and NYS Fire Code requirements by a certified alarm system specialist. Residence halls have an automatic fire sprinkler system installed aside from the exceptions noted in the table 1.1. All on-campus student residences have five-pound dry chemical ABC- type extinguishers located at various places in the buildings. External fire escapes are available in multi- story building where required by code.

Floor plans marked with the primary and secondary egress routes are mounted at various locations throughout the buildings. The evacuation signage also includes the safe meeting area so that members of Campus Safety and Residential Education can take a census and provide additional instructions for occupants who have been evacuated from the building. Per NYS Fire Code, all buildings with gas appliances are equipped with carbon dioxide detectors. (See Table 1.1 on the following pages)

Emergency Evacuation/Fire Drills
Campus Safety will conduct mandatory fire drills in all on-campus student residences during the academic year in accordance with the Fire Code of New York State ($405). Fire drills will also be conducted during the summer at the time a building is occupied for a camp or event as required by the NYS Department of Health. Drills are intended to familiarize all occupants with the drill and evacuation procedures. Responsibility for the planning and conduct of drills will be assigned to the Campus Safety supervisor of the shift that the drill is conducted on. Drills will be conducted unannounced at varied times and under different conditions that might be encountered in a real fire. A record of each drill will be kept that includes the following information:
• Identity of the person conducting the drill.
• Date and time of the drill.
• Notification method used.
• Staff participants.
• Number of occupants evacuated.
• Special conditions encountered or simulated.
• Weather conditions.
• Time required to accomplish complete evacuation.
• If a fire escape was utilized during the evacuation.

Fire drills in residence halls are scheduled periodically, in accordance with National Fire Protection Association and local fire-safety codes. Fire drills are intended to make sure occupants are aware of exit locations (KNOW TWO WAYS TO GET OUT) and that emergency-response personnel know their respective and mutual responsibilities.

Students should take fire alarms seriously, evacuate when they sound, and follow the directions of the person in charge. It also is important to become familiar with the location of exits. In case of an emergency evacuation, the best advice is stay calm. Safe escape may depend on thinking clearly and remembering what has been practiced. Residence staff will check residence rooms during fire alarms. "Students who fail to exit a building when the fire alarm sounds will be fined $50" (Handbook of Community Standards pg. 79).

Procedures for Students and Employees to Follow in Case of a Fire
• Remain calm.
• If your door is cool to the touch: Open door slowly.
• If there is smoke or heat, crawl on your hands and knees.
• Evacuate the building via designated emergency egress routes, remember two ways out; use a fire escape if needed. Do not use elevators!
• Activate a nearby fire alarm pull station if one is accessible – ON YOUR WAY OUT.
• Immediately report the fire to Campus Safety – ext. 3333 from an on-campus phone, or call (315) 781-3333 from a cell or off-campus phone.
• Proceed to the EMERGENCY MEETING PLACE to await further instructions.
• If you are caught in a fire:
• Do not open a door that feels hot.
• Close doors behind you as you exit.
• Crawl if you are in a smoke-filled hallway (STAY LOW AND GO).
• Remember two ways out!
• Stay alert and report anyone who might still be in the building.
• If you are unable to leave your room – seal the bottom of your door with a wet towel, sheet or article of clothing.
• Hang a towel or sheet from your window and announce your location.
• STOP, DROP AND ROLL if your clothing catches fire.
• Do not exit windows above the ground floor unless there is a fire escape present.

** REPORT ANY FIRE OCCURRENCE TO CAMPUS SAFETY (NO MATTER HOW SLIGHT).**

**Policies Regarding Fire Safety Education & Training Programs**

**Smoking Policy** *(Handbook of Community Standards pg. 65.)* Smoking is prohibited in all college owned or operated buildings, intercollegiate events (both indoor and outdoor), and, based on New York State’s Clean Indoor Air Act, in all indoor spaces, where no person shall smoke or carry a lighted cigar, cigarette (including electronic cigarettes and smoking devices), pipe, or any other form of smoking object. Students smoking indoors which results in a full fire alarm will be charged an automatic $500 fine.

New York State Public Health Law (Subdivision 13 of section 1399-o)
Smoking shall not be permitted and no person shall smoke in the following indoor areas:
13. All public and private colleges, universities and other educational and vocational institutions.

**Fire Safety** *(Handbook of Community Standards pg. 78-80).*
Fire safety is a concern in which a student’s actions or inactions can have great impact on other students and the Geneva community. Students who violate fire-safety code and cause the institution to be fined shall be assessed the amount of the fine and other sanctions.

Each year members of the local fire department respond to many false alarms and in doing so put themselves and the community at risk. False alarms risk making everyone — especially students — complacent and less sensitive to the next fire call, which could be for a major life-threatening fire.

A computer-based central fire-alarm monitoring system, located in the Office of Campus Safety, is designed to provide warning of fire danger in campus buildings. Any alarm signal enables campus safety officers to enter that room. Localized alarms sound in all buildings. Response to alarms is by both Campus Safety officers and the Geneva Fire Department.

The following items are strictly prohibited to secure the Colleges’ property and the community's safety. Any illegal appliance that comes to the attention of a Colleges official will be confiscated and the student will be referred to the appropriate hearing body or Vice President for Campus Life or designee.

These items are prohibited (this list is a reference and not exhaustive):
- Candles/open flame devices (a charge of $50 will be assessed for each candle found) *Handbook of Community Standards pg. 79.*
- Incense
- Tapestries or other wall coverings, including flags
- Halogen or torchier lamps
- Extension cords (only power strips with surge protectors are allowed)
- Holiday lights
- Toaster ovens/hot plates/hot water pots/Foreman grills
- Coffee pots (units with an auto shut-off feature and Keurig-style coffee makers are allowed)
- Microwave ovens (except for Colleges-approved micro-fridges)
- Large refrigerators (above 3-cubic-feet)
- Fireworks/pyrotechnics
- Building lofts and other wood structures

To minimize the risk of fire, the following fire safety rules have been adopted. Violation of the rules will lead to disciplinary action. Questions regarding prohibited items should be directed to the Office of Residential Education or the Office of Campus Safety.

**Open flames and burning**
The use of open-flame devices or other burning materials, such as candles and incense, and the melting of wax to fabricate candles, is prohibited. Such materials will be confiscated. Students found responsible for setting fires may expect to be separated permanently from the Colleges. A charge of $50 will be assessed for each candle found.

**Fire extinguishers and other fire-safety devices**
Fire extinguishers should be utilized only for their intended purpose and should not be removed from their assigned location. An extinguisher should be used only after the alarm has been pulled and the fire department has been notified. Then, those who are capable may attempt to control a small fire.

Unwarranted use of a fire extinguisher or any other tampering with fire alarms or devices is considered a serious offense that could lead to suspension from the Colleges. A minimum charge of $250 will be assessed to any student or floor residents who discharge, damage, or tamper with any fire-safety equipment other than to control a fire. *(Handbook of Community Standards pg. 79)*
Fire doors
Fire and smoke doors must be kept closed at all times. They are there to save lives and minimize damage to buildings and personal property.

Exit paths
Furniture is not to block exit paths.

Cooking and kitchens
Use of all cooking appliances in student rooms is strictly prohibited. Toaster ovens, microwave ovens, George Forman- type grills, hot plates, large refrigerators, burners, etc. are prohibited in rooms. A small kitchen area is provided in most residence halls.

Electrical usage
Caution should be exercised in the use of electrical appliances and power strips to prevent overloading of electrical circuits. Aerials for radios and other items of this nature are not permitted outside of rooms or on the building. Electrical wires leading from residence rooms to receptacles outside the rooms are prohibited.

Fireworks
All forms of pyrotechnics (firecrackers, cherry bombs, etc.) are prohibited by New York State law. A student found in possession of fireworks will be subject to severe disciplinary action, and the use of fireworks will be regarded as starting a fire.

Lofts and other structures
Building lofts and wood structures are prohibited. Shelves and other room structures may not be attached to room furnishings, walls, ceilings, or floors.

Lighting and fire safety policy
Lamps of all kinds can be fire hazards. Research strongly suggests that a lamp’s design and the way that it is used—even more than its light source—determine its safety.

Through the residence education program, the Colleges will monitor the lighting arrangements in students’ rooms and require that students observe the following rules in using lamps in their residences:
1) The use of halogen lamps, particularly halogen floor or torchier lamps, is prohibited because their bulbs reach high temperatures quickly causing the shades to melt, and their small bases with long segmented poles are often unsteady, increasing their potential for tipping over.
2) Never touch a light bulb with bare fingers. Many retain heat long after being switched off. Skin oils can cause hot spots that may cause bulbs to fail or burst. Compact Fluorescent Lights (CFLs) are strongly suggested to be used for lighting as they are cool to the touch and save energy.
3) Floor lamps should be placed on a level surface away from walls, furniture, or contact with combustible materials. It is important not to leave bulbs bare—they must have a covering to avoid fires. Lamps should not be placed on beds or in lofts where the lamp or a frayed cord could ignite the bedding.
4) Clothing or other combustible materials should never be hung on or from any light source.
5) Draperies may be allowed with the Director of Residential Education’s permission. Tapestries are not allowed.
6) Interior decorative lights are not allowed.
7) Lamps with defective switches, frayed cords, unsteady bases, or broken poles should be discarded or immediately removed from service until properly repaired.
8) The use of multiple extension cords, “octopus plugs” or strip plugs is prohibited, as they overload circuits in the room. Placement of cords under carpeting or in locations where they will be walked on and damaged is also forbidden.
9) Turn off all lights when leaving a room for any extended period of time.
10) Consider alternatives to additional lighting; when placing furniture in the room, take advantage of existing lighting when locating study/reading areas.
11) In addition to one scheduled safety check per semester, resident advisers (RAs) are also encouraged to make periodic unscheduled room visits. Resident advisers are not trained as lighting and safety experts; however, when unsafe lighting arrangements are observed, RAs will note them as violations cited for correction.

Extension Cords
The use of multiple extension cords, “octopus plugs” or strip plugs is prohibited, as they overload circuits in the room. Placement of cords under carpeting or in locations where they will be walked on is also forbidden.

Motorcycles and motorbikes
Motorcycles and motorbikes are not permitted in the residence halls.

Space heaters/air conditioners
Due to fire safety concerns and possible overloading of electrical circuits, space heaters and air conditioners are not permitted, unless approved by the assistant director of housing operations for residential education under the advisement of the Office of Disability Services.

For more information about fire safety, contact Campus Safety, ext. 3000, or consult Living Safely, published annually by the Office of Campus Safety. Fire safety education programs and fire safety training programs associated with on-campus student housing facilities
- Hobart and William Smith Colleges provides Residential Education Staff and Community Assistants (CAs) fire safety training involving the NYSOFPC Fire Marshal, Geneva Fire Department and Campus Safety.
- The Office of Residential Education provides fire
safety training to its RAs via an online fire training program.
- Trained CA's conduct fire safety discussions with residents during their fall semester floor meetings and
- Campus Safety Officers, during Orientation, conduct fire safety talks to all students.

Plans for future Improvement in Fire Safety
Hobart and William Smith Colleges works closely with the New York State Office of Fire Prevention and Control and the Geneva Fire Department to address and correct any deficiencies in an ongoing effort to mitigate fire safety issues. HWS strives to continually improve our current fire safety program.
